Report of the BOARD OF SELECTMEN

Calendar year 2019 was a busy one for the Board of Selectmen and the Town. In May, John Waterman was elected to a three-year term as Selectman after filling the one-year vacancy resulting from a resignation. Three other significant personnel changes were the hiring of Katherine Mulligan as the new Treasurer/Collector, David Willett as the new Department of Public Works Director and Jay McGrail as the new Town Administrator. All are proving to be great additions and are already actively contributing to the improvement of Town administration.

Significant events of the year include:

NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM (NPDES) PERMIT

January started off badly when the bids to perform the work on the Waste Water Treatment Plant (WWTP) were opened and were significantly more than had been appropriated at Town Meeting. This forced us to go back to Town Meeting in May for additional funding, which was approved. The work was rebid, with changes recommended by the new DPW Director, and when the bids were opened, we were able to award the construction contract late in the year. Work is anticipated to start in January 2020.

Concurrently we were able to negotiate conditions suitable to MassDEP so that they issued the needed Administrative Consent Order (ACO) required to finalize the work required by the construction contractor.

We exerted a substantial amount of time and effort and encouraged Marion residents to write letters to Governor Baker to obtain state funding for this project. Despite this effort, we received no money this year. With the help of Representative Straus, we are told we are in the queue for some state funding in FY 2021.

The regionalization concept of connecting to the Wareham Waste Treatment plant continues but has been slowed by the proposed discharge line along the rail bed in Wareham being denied forcing an engineering study of another option. At the same time a different proposed connection point for the Marion connection is waiting the completion of Marion's Comprehensive Wastewater Management Plan (CWMP) that was contracted for this year.

CARVER MARION WAREHAM REGIONAL REFUSE DISPOSAL DISTRICT (CMWRRDD)

The CMWRRDD Executive Director has spent most of this year gathering data on who uses the facilities, when they are used, and the resulting tonnage of refuse and recyclables that we process. He has been instrumental in investigating potential options to continue operations beyond December 31, 2020 and what they would cost.

Marion voted at May Town Meeting to take the initial step for withdrawing from the CMWRRDD. Marion received two benefits from being part of CMW. CMW had a contract with Covanta/SEMMASS to dispose of the trash for the three member communities for free through 2020 and CMW operated the Benson Brook transfer station. Once CMW announced its intention to close Benson Brook during 2020 coupled with the fact the contract for free trash disposal with Covanta expired the end of 2020, there was no benefit to Marion remaining part of CMW.

Carver also signaled intentions to withdraw from CMWRRDD. After many studies of different operational configurations of the two transfer stations, the CMWRRDD Board voted to cease operations on December 31, 2020. The CMWRRDD Board will continue to operate as a skeleton in-order to address continuing legal and financial commitments. This gives the three member towns 2020 to determine how they will operate starting January 1, 2021.

TRASH DISPOSAL AND OUTSOURCING TRASH COLLECTION

How we collect our trash and where we dispose of it our two independent decisions. We successfully negotiated a five-year contract with Covanta to dispose of Marion's trash starting January 1, 2020 at what we consider a very attractive rate of \$77 per ton with increases capped at 2.5% per annum. Supporting this position was the decision to outsource our trash pickup. Because of concerns regarding the unreliability of our aging collection trucks and with the help of two community volunteers, we spent over 6 months evaluating whether we should buy a new high-tech trash truck and have the Town employees continue to manage trash collection or outsource trash collection.

We researched what other towns were doing and found that Marion was one of only three towns in southeastern Massachusetts still performing its own trash collection. Other towns we contacted had very good experiences with outsourcing. We also learned that the new high-tech trucks were very expensive to buy, required special training to operate and service, and were expensive to maintain because the lift arms had to be replaced every two years. We concluded outsourcing was the way to go and issued an RFP to which three bidders responded. After substantial due diligence, we opted to sign a five-year contract with Waste Management, the low bidder.

TOWN HOUSE

Our application for Community Preservation Act funding to support preservation of the exterior of the Town House was successful. Subsequently a request for proposals was issued and proposals were received. After evaluation a winner was chosen and a contract awarded to install a new roof, reconstruct the existing windows, and repair/replace the existing fascia board and trim on the oldest section of the building. While we want to retain a reserve for any unexpected costs that arise during preservation, the bid came in enough under our estimate that we hope to have money left over to replace the clapboard siding. Work is expected to begin in calendar year 2020.

ATLANTIS DRIVE FACILITY

The building is providing Marion space for the Harbormaster to store boats and aids to navigation, and space for the Facilities Manager's shop. Additionally, some space is rented and some office space is donated for local organizations that Marion is involved with, but the significant space is not used or useful for the Town. We expect to face expensive maintenance requirements in the next five years. After discussion we decided to obtain a professional appraisal of the building's value. That appraisal has been received and we plan on issuing a request for proposals to buy the building in early 2020. If a bid is acceptable, we hope to receive Town meeting approval to use the proceeds from the sale as a down payment to finance a new prefab DPW building in the area behind the Wastewater Treatment Plant. The current DPW buildings are old and woefully inadequate. More importantly, there is no space to wash down and store trucks and equipment inside, which substantially shortens their life, particularly due to the salt on our roads.

TOWN RECORDS MANAGEMENT

For the last few years we have been removing Town records from the Town House and storing them in a room at Sippican School that provides better safety. In this process it has become clear that there has been no logical organization of the records nor is there an inventory. Digitization has also been investigated but because of the disorganization and lack of inventory, we must first organize and inventory the records. At that point we can then determine what records need to be kept, what records are no longer required by the state, and an initial inventory developed. We issued a request for proposal to accomplish this task, and have awarded a contract. The effort is planned to start in April 2020.

COMPLETE STREETS

In 2018 Marion successfully applied to the new State Complete Streets program. This allowed us to apply for a planning grant, which we received. The Planning Board's Transportation and Circulation Task Force (TCTF) worked with a contractor to develop a list of 21 potential road/sidewalk/bicycle improvements in Town. That list was submitted to the State and accepted, opening the door for an application for production grant. That application has been submitted, waiting for response.

Separately the TCTF had previously applied to the Southeast Regional Planning and & Economic Development District (SRPEDD) for help studying Route 6 for changes/improvements as identified in the new Master Plan. The study expanded beyond Marion to include all of Route 6 from Fairhaven, through Mattapoisett and Marion, and into Wareham. SRPEDD has held workshops to gather each town's suggestions, used that information to do some modeling, and has presented some potential changes at additional workshops. After seeking input from citizens in the four communities at those workshops, SRPEDD will finalize their report in March.

MUNICIPAL VULNERABILITY PREPAREDNESS (MVP)

This is another new State program that Marion is participating in. We applied for an MVP planning grant and received one. We contracted with an engineering firm to do a detailed study of Marion's eight wastewater pumping stations. That report has been received and confirms that the Creek Road pump station is the most dangerous and vulnerable. We are now able to apply for a construction grant to design the renovation/replacement of the Creek Road pump station.

STORMWATER MANAGEMENT

In July 2019 the Environmental Protection Agency's new MS-4 stormwater management requirements were effective. This requires Marion to identify and test all of town's stormwater discharges to the waters of the U.S. We have successfully responded to the first phase of the requirements, identifying the outlets and developing written procedures. The Buzzards Bay Natural Estuary Program has been very helpful. In 2020 the hard part starts, completing all of the dry weather and wet weather testing of the numerous outlets.

CAPPED LANDFILL SOLAR ARRAY

The Energy Management Committee identified an opportunity to participate in the Cape and Vineyard Electric Cooperative (CVEC) solar project. The CVEC issued a request for proposal for solar array construction as part of a multi-town project. Several successful bids resulted, CVEC issued an award to DSD, Inc., and we currently are in contract negotiations. The project's success will hinge on the contractor's successful interconnection with Eversource. We hope, if the contract is executed, that construction will begin in a year.

PAVEMENT MANAGEMENT

Marion's prior five-year pavement management plan expired in 2017. The Selectmen recognized we needed a new five-year pavement plan to prioritize road repairs and maintenance in our community. We contracted with an engineering company to evaluate the roads in Marion and report on their condition based on State evaluation criteria. The next step will be to develop a rolling five-year plan for road maintenance using the information in this report.

COMMUNITY COMPACT

Marion's participation in the State Community Compact program provided us the funding to have a professional study completed that developed job descriptions for town employees and established a salary and wage classification table. The study involved all the current employees to ensure accuracy. The new Town Administrator has been able to implement these two efforts so that there are clear job descriptions, which rate jobs and linking those ratings to a salary grid.

COMMUNICATIONS

The Selectmen are committed to improving communications with employees, residents, and boards/committees. These efforts have included establishing an official Town of Marion Facebook page, issuing blast emails to keep everyone aware of coming events, continued quarterly BOS and Department Head meetings, Town Meeting pre-meetings to familiarize the residents with upcoming Articles, and special meetings to brief residents on specific subjects such as infrastructure issues and trash outsourcing. The Selectmen are taking a more active role in board/committee membership by interviewing the candidates and sharing our concerns while understanding each person's potential contribution.

BUDGETING

Understanding and controlling financial commitments is a high priority. Particular attention has been given to the School budget development process, both Sippican and ORR. Expressing our concern and working with them to develop a budget that does not exceed a 2.5% increase has been fruitful as we expect that they will meet this challenge. Supporting this is an ongoing effort to develop a new District Agreement.

CONCLUSION

The Selectmen thank the employees, elected officials, and appointed volunteers for their hard work making Marion a wonderful place to live. We intend to continue working with Marion's residents addressing the challenging issues the Town faces so that we can continue to be proud of living here.

Randy L. Parker, Chairman
John P. Waterman, Vice-Chairman
Norman A. Hills, Clerk

Report of the TOWN ADMINISTRATOR

To the residents of the Town of Marion:

I am pleased and honored to submit my first Annual Report as Marion's Town Administrator.

My first day was May 13, 2019, which also happened to be the date of the Annual Town Meeting. At that time there were several projects, some pending and some underway, that are now complete or nearing completion.

A few of the major projects I've participated in include the outsourcing of trash and recycling collection, development and implementation of a consistent, comprehensive personnel policy and employee handbook, negotiation of a plan and contract for solid waste management, and addressing the issues regarding the Carver Marion Wareham Regional Refuse District.

Several other projects are underway and are at different stages of the procurement process. The projects include improvements to the wastewater treatment plant and lagoon system, a pavement management plan, a 20 year comprehensive wastewater management plan, exterior improvements to the Town House, a feasibility study for a maritime center, records management, installation of a water main on Mill Street, installation of an HVAC system and epoxy flooring at the Spring Street Fire Station, and roof repairs at Fire Station 2.

In a plan to improve the use of the space at the Town House, a cleanout and reorganization of offices was implemented. This project is a work in progress and I hope it will make your visit to the Town House efficient and pleasant.

I've established a good working relationship with the Town's employees and volunteers through monthly meetings with department heads, everyday interactions with staff, and attendance at Board meetings. I'd like to take this opportunity to thank the staff and committee members for their assistance during these past months. The dedication of the Town's employees and volunteers and the level of civic participation is notable.

Separately, I thank the selectmen for their support and guidance and also for this chance to serve your community.

Because good communication is critical, I've made it a priority to return calls and email messages, initiated a Town of Marion Facebook page, and announce meetings and events through the Town website. Should you have a concern or an issue to discuss, please call my office or contact me by email and I'll make every effort to meet with you to resolve the matter.

Respectfully submitted,

James P. McGrail, Town Administrator

Report of the BOARD OF ASSESSORS

To the Honorable Board of Selectmen:

As mandated by State Law, the major responsibilities of the Board in Fiscal Year 2019 were to manage the valuation and assessment of all real and personal property for *ad valorem* tax purposes, to set the tax rate, act upon applications for abatements, place value on new construction, and commit motor vehicle and boat excise taxes.

A single tax rate for all classes of property was set at \$11.03 per \$1,000 of valuation.

The following information is a recapitulation of the Town's assessment and tax levies for Fiscal Year 2019:

<i><u>Class of Property</u></i>	<i><u>Valuation by Class</u></i>	<i><u>Percent of Total Levy</u></i>	<i><u>Tax Levy by Class</u></i>
Residential	\$1,601,173,370	92.74	\$17,660,942.27
Commercial	74,543,830	4.32	822,218.44
Industrial	16,782,700	.97	185,113.18
Personal	<u>34,025,854</u>	<u>1.97</u>	<u>375,305.17</u>
Totals	\$1,726,525,754	100.00	\$19,043,579.06

The following is the tax rate summary for Fiscal Year 2019:

Funds from estimated receipts and other fund sources	10,988,671.00
Funds to be raised by tax levy	<u>19,043,579.06</u>
Total Amount to be raised	\$30,032,250.06

Property exempt from taxation had a total value of \$187,957,900. The tax value of new construction was \$172,518. The Board committed \$898,118.09 in Motor Vehicle Excise Taxes. Excise Taxes on Boats habitually moored in Marion were \$82,021.00. The commitment for the Community Preservation Fund was \$313,214.47

A summary of abatements and statutory exemptions that were granted for Fiscal Year 2019 are:

Abatements	\$47,967.03
Senior Work-Off Program	10,486.12
Statutory Exemptions	<u>58,693.66</u>
Total	<u>\$117,146.81</u>

The Board thanks Linda Dessert, M.A.A., Associate Assessor and Cynthia M. Visotski, our Administrative Assistant, for their dedication, work ethic and knowledge of State Assessing Laws and of the responsibilities required of the Board. We are especially grateful for the respect and courtesy they extend to all of the Marion residents and real estate professionals that call or visit our office.

The Board meets regularly on Wednesdays from 3:00 P.M. to 4:30 P.M. and at other times by appointment. We encourage voters to meet with members of the Board at anytime to express their value-related concerns. If you cannot meet with us, please visit us online at marionma.gov under Town Departments.

In 2019, we updated our online property value database including the online mapping application hosted by MapGeo. MapGeo provides access to digital geographic and property data and works closely with MassGIS to make sure our property records conform to MassGIS standards. Using MapGeo, Town employees as well as taxpayers can easily search for properties by owner's name or address, view property record cards, overlay a MassGIS aerial photo onto a property and/or overlay a FEMA Map onto a property. Neighborhood and Water Factor Maps were also updated and added to the Assessors' web page for viewing. Abatement Applications, Assessors' Maps and additional helpful information are also available on the Assessors' web page located on the Town's website at marionma.gov under Town Departments.

On December 20, 2019, Ray Pickles a valued former Board of Assessors' Member passed away after a long illness. Mr. Pickles was elected to the Board of Assessors' in 2006 and remained on the Board until 2018.

Respectfully Submitted,
MARION BOARD OF ASSESSORS

Patricia A. DeCosta, M.A.A. Chairman
George T.J. Walker
Catherine A. Gibbs

THE MARION PLANNING BOARD 2019 ANNUAL REPORT

To the Honorable Select-Board:

The Marion Planning Board works toward sound municipal management, sustainable land use, protection of natural resources, efficient and affordable transportation, a diverse housing stock, public safety, economic development, clean energy, a healthy community, an informed public, and equity and opportunity among people of all backgrounds

This year Marion's Planning Board continues to make effective and judicious decisions for the orderly growth and development of the community, and we are pleased to submit the following report of our work for the year ending December 31, 2019.

The Planning Board performed site plan reviews and permitting activity across commercial, institutional and residential sectors over the past year. New development and reuse of existing buildings took place on commercial and institutional properties.

The Planning Board conducted pre-submission conferences, definitive site plan reviews, and site plan review hearings for: Wells Gas station development, Sherman Way, Mary Celeste, Kate's Simple Eats and more.

The Planning Board reviewed several Approval Not Required plans for lot line changes, land swaps between adjacent parcels, or the creation of new lots. The Planning Board reviewed and approved proposed subdivisions, proposed zoning changes and made recommendations to the Zoning Board of Appeals.

Part-time Town Planner Gil Hilario was hired full time. Mr. Hilario is implementing Master Plan Goals that include Complete Streets Policy planning as part of the Traffic and Circulation Task Force, open space planning with the Stewards of Community Open Space. Mr. Hilario is working with the Bylaw Codification subcommittee. Also, he has initiated a few projects for the town with grant funding. Mr. Hilario received grants to complete a vulnerability study of the Town's pumping stations, energy savings projects at town-owned buildings, and a Prioritization Plan for the Complete Streets Program.

Mr. Hilario has reported on Green Communities Projects, Complete Streets updates, Cape & Vineyard Electric Cooperative, Americans with Disabilities Act Policy and Grant program, the Hazard Mitigation Plan Grant Award, and more.

Marion's Master Plan is used for guidance in the Planning Board's official activities as we consider Marion's future, particularly, housing options, resiliency, and transportation. We are grateful for the participation and ideas offered by our neighbors as we continue to work to seamlessly link north Marion with the harbor and Village area. The Planning Board's contract with the Southeastern Regional Planning and Economic Development District (SRPEDD) has provided excellent technical expertise to guide us through various projects.

The Planning Board continues pursuing Master Plan goals:

- A bylaw subcommittee continues working to resolve bylaw codification issues while integrating Master Plan goals;
- The Planning Board continues its efforts of integrating the diverse concepts of growth, open space and resiliency while preserving the town's character.
- The Board continues striving to find a balance between more affordable housing and quality open space protection.

- The Transportation and Circulation Task Force (TCTF) seeks to address improvements on our local roads and to determine viable options to calm Route 6 traffic. We have coordinated the first steps which include a corridor study of Route 6 from Fairhaven, through Mattapoisett and Marion, to Wareham. We have held several community wide educational conferences, updates and forums.

As with previous years, 2019 was marked by productive and collaborative relationships among a variety of other Town boards and committees. Planning Board members continue to play an active role as members of several Town and regional committees, including the Community Preservation Committee, Transportation and Circulation Task Force Committee, the Energy Management Committee, and the Southeastern Regional Planning and Economic Development District.

Two members attended the March 2019 Citizen Planner Training Collaborative held at the College of the Holy Cross in Worcester. The CPTC is a collaboration of citizens, nonprofits and government agencies dedicated to providing advanced training to citizens involved in municipal planning and land use.

One member attended a Municipal Leadership Climate Change Summit, October 2019 in Taunton.

The May Town election resulted in the reelection of William W. Saltonstall, and the election of Joseph Rocha.

The Board reorganized with William W. Saltonstall elected Chairman, Andrew Daniel elected Vice-Chairman, and Eileen J. Marum elected Clerk.

Respectfully submitted,

William Saltonstall, Chairman
 Andrew Daniel, Vice-Chairman
 Eileen J. Marum, Clerk
 Norman Hills
 Chris Collings
 Kristin Saint Don-Campbell
 Joseph Rocha

REPORT OF THE DEPARTMENT OF PUBLIC WORKS

To the Honorable Board of Selectmen:

I am pleased to submit the report of the Department of Public Works for the calendar year 2019. The following is a summary of accomplishments and plans for the upcoming year.

HIGHWAY DIVISION

Operations – The Highway Division has successfully phased out the major components of trash and recycling and the Town transferred these services to a private contractor by mid-year 2019. Subsequently, the Division began reallocating staff resources to other Division work functions over the last two quarters. Concurrently, the Division began developing a work/service matrix to better gauge the staff time requirements and service levels (high or low) for each work function performed.

Operations – Division staff implemented a *Work Order System* in 2019. The Work Order System tracks requests for support/assistance from other Departments, elected officials/committees, appointments, residents, and other stakeholders. These requests come to the Division often and sometimes urgent; and detract from the ability of the Division to perform normal work functions. Tracking time away from normal work activities is essential when assessing ability to maximize service performance.

Transfer Station – DPW employees continue to assist with operating the Carver/Marion/Wareham Transfer Station located on Benson Brook Road, Marion.

Landfill – The Post-Closure Landfill Inspection occurred twice in 2019 in accordance the Department of Environmental Protection (DEP) guidelines. Staff addressed the annual maintenance requirements and accomplished minor repairs. The capped site remains structurally sufficient.

Stormwater Program – The Year 1 Annual Report for Massachusetts Small MS4 General Permit (May 1, 2018 through June 30, 2019) was successfully completed and submitted per the DEP schedule requirements. The DEP approved the Year 1 MS4 Permit. Staff is currently working on Year 2 MS4 Permit.

Capital Equipment – The Division acquired a new 10-wheel dump/sander/plow truck.

Capital Equipment – The Division acquired a new frontend loader to support summer and winter operations.

WATER DIVISION

Operations – Late summer 2019, the Water Division staff initiated conversations with the Town's Water consultant regarding a Fire Hydrant (FH) Replacement Program. In order to address the need it quickly became apparent that it would be necessary to establish a regular and formal replacement schedule of older equipment. The FH Replacement line item is in the 2021 Capital Improvement Project Program.

Operations – The Water Division staff also initiated a work effort with the town’s water consultant to assess the hydraulic characteristic of the water distribution system. There have been many changes (i.e. development and capital infrastructure) since the last model run. It is anticipated that the new model will be completed early 2020.

Capital Project – The *County Road Water Main Replacement* is complete, in-place, and under warranty. Schedule and budget met budget/contract requirements.

Capital Project – Contractors submitted bids for *Mill Street Water Main Replacement* in December 2019. Of the ten bids received, all were under the engineer’s opinion of cost. Absent construction headwinds, the Town may achieve substantial construction cost savings.

Capital Project – The Town awarded the Engineering Services for the *Point Road and Delano Road Water Main Replacement* in July 2019.

SEWER DIVISION

Operations – The Town received bids for FY2019/2020 Inflow and Infiltration (I/I) Projects. The low bid was well below engineering estimate and additional work was completed. Sewer Division staff included several additional sites as bid alternatives and the added work was incorporated seamlessly.

Operations – Division staff successfully completed and submitted Phase 2 Capacity, Management, and Maintenance and Operations (CMOM) Report in accordance with DEP guidelines. DEP approved the Phase 2 CMOM Report.

Capital Project – The Town awarded the *Wastewater Treatment Plant (WWTP) Improvements* to a private contractor in October 2019. The project includes instrumentation and control upgrades, UV disinfection expansion, additional filtration, and various mechanical improvements. In addition, one of the plant lagoons will have an impermeable liner installed to the basin footprint.

Capital Project – The Town received bids on the *Comprehensive Wastewater Management Plan Update* in November 2019. The planning effort will include significant public input throughout 2020.

Respectfully submitted,

David H. Willett, MBA, PE
Director of Public Works

2019 STATISTICS

WATER

Total Water Pumped in 2019 (recorded in gallons)	189,361,000
At #1 Pumping Station, North Marion	356,000

Marion Water Committee 2019 Annual Report

The Marion Water Committee (Committee) continues its work in planning for continued excellent water service to the residents of Marion both at present and for years into the future. During calendar year 2019, the Committee met on the fourth Thursday of the month with the exception of a summer recess in June and July. The November meeting was rescheduled to December 5th. There was no meeting scheduled for December.

Projects and initiatives completed during 2019 were as follows:

1. County Road Water Main Construction – Final roadway paving and site cleanup for this project was completed in June 2019 followed by completion of punch list work and final site cleanup.
2. Mill Street (Route 6) Water Main Design – MassDOT approval, final design, and bidding for the construction of 6,300 linear feet of 12-inch diameter water main occurred in the Fall of 2019. Bids were received on December 18, 2019. A total of 10 bids were received from prospective contractors. The project will be awarded in January 2020 with construction scheduled to begin in April 2020.
3. Mary's Pond Wellfield/Pump Station Rehabilitation – Pump station rehabilitation (Phase II of the project) was granted approval by the Massachusetts Department of Environmental Protection. Construction of Phase II of the project and rehabilitation of the East and West Wells is scheduled to occur in 2020.
4. Water Rates Update - The annual update of the Marion Water Rates occurred in 2019. The Board of Water and Sewer Commissioners (Selectmen) voted to implement a water rate increase of 2.5% to the base charge, 2.5% to the first tier, 3% to the second tier, and 5% to the third tier. Water rates will be reviewed again in 2020.
5. Emergency Response Plan Training – The Massachusetts Department of Environmental Protection (MassDEP) requires a minimum of ten hours of Emergency Response Plan (ERP) training for public water supply staff on an annual basis. Members of the Mattapoissett River Valley Water District (District) received this training in December 2019. The training course was instructed by Tata & Howard, Inc. and offered to District water supply personnel, including the Marion Water Division, in one of two eight-hour training sessions.

6. Annual Joint Water Committee Meeting - On April 25, 2019, the Committee met with the Wareham Fire District Water Department, Rochester Water Commissioners, Mattapoisett Water Dept., and Fairhaven Water Dept. to discuss water matters and potential future initiatives among the five towns. Highlights of the discussions during the meeting include the following:
- Current and future water initiatives and projects in each Town.
 - MassDEP Water Management Act Permit renewals.
 - Potential future interconnections between water systems.
 - Details and current initiatives associated with the Mattapoisett River Valley Water District.

The Towns plan to continue to meet on an annual basis.

7. Hydraulic Model and Water Distribution System Study Update – The Water Division is currently updating its hydraulic model and water distribution system study, which was originally completed in 2014. The study includes recommendations for future water system improvements, including recommendations for improvements related to the future decommissioning of the Mill Street Water Storage Tank and the Point Road Water Storage Tank. The study is scheduled to be completed in the Winter of 2020.
8. Evaluation of Private Water Mains – The Water Division is currently preparing an evaluation of private water mains currently in service within the Town's water system. The evaluation includes hydraulic analysis and estimates of available fire flow from private water mains and recommendations for future improvements. The evaluation is scheduled to be completed in the Winter of 2020.
9. Other Proposed Projects for 2020 – Other projects scheduled for 2020 include the following.
- Completion of the annual update of the Water Rate Study.
 - Select hydrant replacements within the water system.
 - Rehabilitation and upgrades to the chemical feed system at the Combined Station (Mary's Pond Wellfield, East Well, and West Well). This project is subject to appropriation of funds at the Spring Annual Town Meeting.

The Marion Water Committee would like to extend its gratitude to Fred Underhill for his continued input and commitment to the Committee as a representative from the Rochester Water Commission.

Respectfully submitted,

Brian Jackvony (Fire Chief)

W. Dale Jones

James McGrail (Town Administrator)

David K. Pierce (Chairman)

Frederick Underhill (Chairman, Rochester Water Commission)

John Waterman (Selectman)

**Report of the
BUILDING COMMISSIONER**

Dear Honorable Board of Selectmen,

I am pleased to provide the following report on the activities of the Marion Building Department for the year 2019.

Marion's Building Department is responsible for administrating the General Laws of Massachusetts' Building, Electrical, Plumbing and Gas codes, Architectural Access Board regulations, and Town of Marion Zoning Ordinances as they relate to land use, construction, occupancy and demolition of buildings and structures.

This past year was another banner year and the department received 450 building permits. This number has continually grown throughout my tenure from 266 permits in 2010 to 434 permits in 2018.

I have been reappointed to the Massachusetts Federation of Building Officials which is comprised of members of the four building official associations in the Commonwealth. It is the mission of the Federation to increase public awareness to the crucial role building officials play in ensuring public safety in the built environment, to advocate for responsible and reasonable building code development, and to be involved in the legislative process whenever our profession or the safety of the citizens in the commonwealth may be impacted.

I have also completed the required training through the Massachusetts Architects and Engineers Emergency Response Task Force and Safety Assessment Program of the State of California. This training will allow me to evaluate any structure that has been substantial compromised due to a catastrophic event such as an earthquake or hurricane. This certification also gives me the ability to assist other communities in the Commonwealth and in the United States jurisdictions if such events transpire.

The department is in the process of implementing online permitting. With the assistance of Town Planner Gil Hilario we have applied for an IT grant with the State. The online permitting process is another tool to help the department be more efficient and user friendly to the general public. It will streamline the permitting process and also help ensure all pertinent departments are apprised of the application for particular construction projects.

I am honored to serve the town and the residents in the capacity of Building Commissioner and look forward to many more productive years.

Respectfully submitted,

Scott C. Shippey

**Report of the
ZONING BOARD OF APPEALS**

To the Honorable Board of Selectmen:

The Zoning Board of Appeals has the responsibility under Chapter 40A of the Massachusetts General Laws to act as the Town's Special Permit Granting Authority in matters concerning the application or interpretation of the Town's Zoning By-laws. The Board is comprised of five regular members, plus three alternates, and holds hearings upon request by property owners seeking relief from restrictions regarding the use of their property.

During the year 2019, a total of 12 public hearings were held, 8 of which were for special permits and four for a variance.

Respectfully submitted,

Marc A. Leblanc
Chairman

Total hearings in 2019:	12
Special Permits:	7 granted 1 withdrawn
Variances:	3 granted 1 denied

Report of the FACILITIES MANAGER

To the Honorable Board of Selectmen:

I am pleased to submit my seventh annual report of the Marion Facilities Department for 2019.

Our major project for this year was to replace roofing, siding and rotted trim at the Elizabeth Tabor Library / Natural History Museum. The project was passed at Annual Town Meeting and consisted of replacing the second story asphalt roof and first floor rubber roof. Upon demolition, we discovered that the cupola had major rot and structural issues in need of immediate repair. The second floor clapboards were also in need of replacement, as well as all the window sills and corner boards. Quotes ranged from \$80,000 to \$100,000. My department was fully capable of making all these repairs, and was able to do so for under \$16,500. The new cupola roof was built in our shop at Atlantis Drive. Barden's Boat Yard donated their labor and crane to place the new roof on the rebuilt base. We had made some interior improvements as well. With the new roof, and no more leaks, we were able to replace the entire library ceiling with new ceiling tiles. The first and second floor foyers were plastered and painted.

The Music Hall advisory committee had developed a plan to improve the main hall's acoustics. The multi phased project was developed by a local consultant who specializes in acoustics, audiovisual and theater design. The first phase of the project was completed last year. We are in the process of completing the last phase; building a custom suspended angled floating ceiling above the stage. The floating ceiling houses acoustical tiles and dimmable LED lighting; and is designed to project sound out into the audience.

The Facilities Department received \$94,560 from CPA to remediate water infiltration in the front basement and crawl space of the Music Hall. The front basement section was completed in the fall which consisted of removing the existing concrete floor, trenching for drainage and sump pump, pouring a new concrete floor and new set of stairs. We are currently working on the second phase, which includes the crawl space under the main hall auditorium. This area will receive the same treatment as the front. All drainage piping will connect to sump pumps that will discharge the ground water outside into an existing dry well. I anticipate completing this project by the end of April. By performing the work ourselves, and the help of DPW labor, we were able to save a substantial amount of money. I plan on turning back \$55,000 to the CPA fund when the project is completed.

All of the Facilities 2019 Annual Town Meeting projects were completed by this fall. The projects included a new hot water circulation pump at the Police station, five new garage doors at Silvershell Beach, a new roof on Fire Station #2, and the purchase of a 2019 GMC box truck to house all the facilities tools, materials and equipment.

We are on our third year of Fire Station #1 exterior repairs. All of the second story windows, trim and siding have been replaced and painted. We've also completed the windows, trim, and siding at the front of the station. This year, my goal is to complete the north and south sides of the building. Station #1 also received grant money from Green Communities. The money was used to run a new gas line from Spring Street to the station, and replace the existing 82% efficient oil boiler with a new 94% efficient Lochinvar natural gas boiler. A new HVAC system

was approved at Annual Town Meeting and installed during the summer. The system provides much needed cooling to the second floor meeting hall, recreation room, kitchen, EMT office, and Chief's office.

We had completed an LED light retrofit plan that replaced all fluorescent fixtures with LED throughout town. I had received \$36,000 worth of LED fixtures for free through a Mass Save program. They supplied the fixtures and we supplied the installation. Fixtures were replaced at Atlantis Drive, Town Hall, Library, Police Station, DPW barn, Fire Station #1 and #2. This upgrade has a potential gross annual kWh savings of 101,760.

Amongst the many facilities requests throughout the year, we had worked on a few other small projects at the following locations. At the Town Hall, we renovated the second floor Town Administrators office, made structural repairs to the Main Street stairway / replace bulkheads, replaced a rubber roof and soffit at the connector between the front and rear Town Hall buildings, and made numerous handicap ramp repairs. We restored the four mahogany cemetery signs, built a new DPW sign that was damaged in a storm. We replaced the Community Center parking lot lights and Silvershell Beach House exterior lights with LED fixtures. We also installed screening on the Beach House vents to prevent critters from getting in, built four new built-in benches, and demolished the north side shower. The Band Stand at Island Warf was power washed and sealed, and we rebuilt the Harbormaster office entrance staircase. We had also finished the trim and shingling at the Main Water storage shed.

Our last major project of the year was an office buildout at the Community Center. The Friends of Marion Council on Aging had reached out to me for quotes to build office space in the front section of the building. Finding a contractor to meet our schedule was difficult, so I offered to build out the offices ourselves. We were able to save about \$40,000 in labor for the 11 week project. The existing office space was outfitted with cubicles that created small, awkward work areas. The open space proved to be disruptive to everyone. The new layout created private office spaces, storage room, two meeting rooms, and reception area. I would like to thank everyone involved for their help and support on this project. We came in under budget and ahead of schedule. Great job everyone!

I'd like to make a special thanks to my Facilities crew, the Department of Public Works, Recreation Department, Harbor Master and crew, Barden's Boat Yard, and all other volunteers for their valuable support. It's always a team effort and we appreciate your help!

Respectfully submitted,

Shaun P. Cormier
Facilities Manager

Before & After**

Report of the BOARD OF HEALTH

Dear Residents of Marion,

On behalf of the Marion Board of Health we are pleased to submit its report to the residents of Marion. Board of Health members are Chairman Dr. John Howard, Vice Chairman Dr. Ed Hoffer, and Clerk Dot Brown.

I would like to thank Elizabeth Dunn for over twenty years of service to the Marion Board of Health, one of the many Boards that she served on in Town. Mrs. Dunn has a wealth of knowledge of the health care needs in the community of Marion from her many years working in the area schools with children as a Nurse Practitioner. She will always be remembered fondly by this office as her compassion for providing Public Health Services for Marion residents from infants to senior citizens. Mrs. Dunn will be sorely missed.

Maureen Murphy is our Administrative Assistant for the Board of Health. Maureen works full time in the office. We are so lucky to have her as she keeps the Board, Public Health Nurse, and myself up to date with daily activities of the office.

Dr. Kathy Downey, PhD, RN, MSN, MBA is our Public Health Nurse. She does surveillance of communicable diseases including tick borne diseases such as Lyme Disease, Babesiosis and Anaplasmosis. During the spring time she promoted tick bite prevention at Opening Day events for Little League. MRC members helped to treating clothing with permethrin.

She also is involved in our Collaborative with the New Bedford Health Department Tobacco Prevention Program. Mrs. Downey is also instrumental in promoting programs for the youth. This included an informative session and vaping presentation conducted by Morisa Vital, Program Manager for Southeast Tobacco Free Community. This program was extremely informative for the parents, and attendees at Old Rochester Regional High School. Please feel free to contact Mrs. Downey for any health related question or need that you may have.

Robert Ethier was our Food Inspector. He conducted inspections of food service establishments. We thank him for his service as he is stepping down. Bob is also the Health Agent in Wareham so he has a busy work schedule.

The Board of Health would like to acknowledge Beach Sample Collector John Powers. Mr. Powers does the weekly sampling of our 12 beaches for the Town of Marion. He collects the samples from the beaches, transports them to City of New Bedford Lab for analysis.

The Board of Health provides a sharps drop off program for the residents who are in need of safely disposing their sharps. Containers for sharp disposal can be picked up in the Board of Health office located in the Town House. Drop off for sharps can be done at the Marion Police Department. Residents who have prescription medications that need to be disposed of can safely deposit them in the drop off bin located at the Marion Police Station.

During the summer of 2019, we saw a dramatic increase in the amount of mosquitoes that were infected with the EEE virus. EEE is a rare but serious and potentially fatal disease that can affect people of all ages. Due to the significant number of mosquito samples found with EEE virus two rounds of aerial spraying were conducted in Southeastern Massachusetts.

Residents were advised to take personal precautions against mosquito bites including using EPA approved bug spray, wearing long sleeves and pants to cover exposed skin, and canceling outdoor events that took place from dusk to dawn, when mosquito activity is at its highest.

Citizens should be prepared for more mosquito outbreaks during the upcoming summer of 2020. In the previous years, EEE occurred in two year cycles. Residents should be prepared to monitor news media in the spring, update their supplies of mosquito repellents, and take personal precautions against mosquito bites.

In September, Governor Baker declared a public health emergency in the Commonwealth due to severe lung disease that was associated with the use of e-cigarettes and vaping products. This epidemic has truly become a problem within the youth. Tobacco companies targeted the youth and developed discrete vaping devices that look like computer hard drives, or pen like design to conceal that they are indeed smoking devices. They also developed a variety of flavors such as bubble gum, grape flavored to name a few, and have fancy colorful packaging to attract the youth.

The Department of Public Health estimated that nationally from 2017 to 2018 vaping use among youth increased 78 percent among high school students, and 48 percent among middle school students.

Effective in June of 2020, An Act to Modernize Tobacco Control was passed by the House and Senate and signed by Governor Baker. Effectively it banned the sale of all flavored vaping products including mint, menthol and wintergreen. This was huge because local Boards of Health were starting to pass regulations around the state banning those flavors.

Respectfully submitted,

Karen A. Walega, MPH, CHO, RS
Health Director

Report of the PUBLIC HEALTH NURSE

To the residents of the Town of Marion:

Public Health Nursing Services support the health and well-being of the residents of the Town of Marion. This is done both by me and by numerous volunteers by addressing immediate health needs and by anticipating future needs. Please join me in thanking the volunteers who have assisted in this effort. Anyone interested in volunteering, please contact me!

Preventing communicable disease outbreaks is an essential focus of my role. During this past year as a community we have faced multiple communicable disease threats including multiple strains of the flu, tickborne diseases and Eastern Equine Encephalitis (EEE). All of these are best addressed by taking appropriate preventive actions, ranging from vaccination to education. Approximately 600 residents received the seasonal flu vaccine during the 2019-2020 flu clinic season. Additionally, I have provided individual, group and community focused programming that suggested actions you and your family could take to protect yourselves against these threats. No actions assure complete protection, but the ones we have provided to you significantly decrease the likelihood of transmission of diseases. Unfortunately, we anticipate that as a community we will be addressing these same threats in 2020. I encourage you to take advantage of the educational programs we will be offering. Please also be aware that the town website provides updates in the event there is a significant change in the risk level of a communicable disease within the town.

Disaster preparedness remains a concern for the town and the Board of Health. We continue to recruit new medical **and** non-medical members to the Medical Reserve Corps (MRC). This group exists to support the town in its disaster readiness preparations, and training sessions are offered to MRC members online and in person. We continue to need volunteers who can help with a variety of functions including but not limited to greeting, registration, security, traffic flow, communications, inventory management, data management, event planning, animal care, childcare, pharmaceutical, behavioral health, nursing and medical care. We recognize the importance of having volunteers from all neighborhoods within Marion, and across all age groups. All town residents are encouraged to consider joining the MRC to help us assure that Marion is ready to respond to threats that might arise to the health and well-being of our community.

Concerns about vaping, both in terms of targeting youth and the risks associated with inhalation of chemicals that threaten the health of many Americans dominated the news this past year. Marion residents are not immune from this threat, and I have addressed this and provided educational materials to individuals, students, parents and other adults in our community.

As the public health nurse, I am blessed to be involved with residents in a variety of settings, ranging across age groups from newborns and their families to our elders. One common thread that is apparent to me is that many of our residents are struggling with mental health and suicide issues, either personally or within their families or circle of friends. This issue isn't new, but many are reticent to discuss it with others because of the stigma associated with it. I am working

with groups within Marion to support our residents who are confronting these issues. As a community, we need to find our voice and support each other over mental health issues.

As we anticipate the future health of our community, it is important that we all consider the needs of our youth as they navigate mental health issues and challenges associated with substance use. Changes in adult use marijuana laws created an environment of mixed messages for our youth about substances. As a community, we need to support our youth, their parents and schools in providing a clear message that discourages underage substance use including alcohol and marijuana.

Respectfully submitted,

Kathy Downey, PhD, RN, MSN, MBA
Public Health Nurse

Report of the MARION COUNCIL ON AGING

The Council on Aging's mission is to advocate on behalf of Marion's Older Adult population and strive to enhance their quality of life in the community. We strive to achieve this mission through many avenues.

Transportation: Transportation is available for medical appointments, grocery shopping, errand running and social/recreational engagements. This year, we were awarded a grant from MassDOT to replace a vehicle in our fleet. The COA transportation department exists as a viable option to help one maintain their independence.

Outreach Services: Services that are offered through the Council on Aging include assistance with applications for Food Stamps, Commodity Supplemental Food Program, Farmer's Market Coupons, Community Fund, Curtis Grant, Fuel Assistance, Tax Work-Off Abatement Program, Friendly Visitor Program and referral services. SHINE (Serving the Health Insurance Needs of Everyone) provides seniors with health insurance counseling in weighing what coverage within their means will best fit their needs. We seek to insure that seniors receive the appropriate services they need to continue to live independently in the community. We are in the process of forming a Handy Helper Program with the vision of performing small jobs like changing light bulbs, hanging curtain rods – minor chores.

Health and Wellness: A vital part of our mission is to help members of the community maintain their health and independence. There are many services that are offered to meet this end: a weekly Nursing Clinic, Podiatry Services, Flu Clinics, a Visiting Dental Hygienist, a Caregiver Support Group and Memory Café which is a weekly gathering for individuals with memory loss and their care partner in a safe, supportive and engaging environment. Exercise classes at every level are available. To make sure there are classes that are financially not out of reach for anyone, the Council on Aging utilizes grant opportunities to offer two free exercise options. Throughout the year a series of health related seminars are scheduled where healthcare professionals address specific topics. A medical loan closet is maintained to lend equipment such as walkers, bath chairs, etc. as the need arises.

Food Service: Coastline Elderly Services provides meal service at the Center Monday - Friday, along with the Meals on Wheels Program. With assistance from the Recreation Department, on Thursdays starting in October and running through March a weekly offering of homemade soup is served. This year the kickoff in October was a stone soup, which had members of the community all contributing an ingredient.

Recreational/Social Engagement: We offer many lectures throughout the year that cover a range of topics, from educational to intergenerational to health related to just fun. We enjoy partnering with the Sippican Historical Society to offer the community a Classic Film Series as well as lectures such as the History of Sippican Hotel with a guided walk. Weekly activities include exercise classes, Mahjong, Basket Weaving and Duplicate Bridge. Thanks to support from the Cultural Council we hosted a collage workshop and a mandala art therapy workshop. We continued the Adopt a Window Box Contest. Under the leadership of Mary Ross the Center continues to host a rotating Art Gallery. One highlight was the photography exhibit of John Gallagher, who donated all profits to the Alzheimers Association. There were motorcoach excursions to view Vermont foliage and a Maine clambake in addition to, our own day trips to various regional locales. This fall we began offering a guided meditation class with instructor Susan Pisapia. We were fortunate to receive grant funding from Coastline Elderly Services, Inc., Massachusetts Executive

Office of Elder Affairs and the Federal Administration for Community Living to make this venture a possibility.

Veterans: The Benjamin D. Cushing Community Center was delighted to welcome Veterans and Active Duty Service Members from the Tri Town Area to quarterly gatherings. It is an expression of appreciation for their service. This year also saw the creation of a Veteran's Fund established to assist any Veteran in need, it is supported through donations.

Community: We are fortunate for the many partnerships that we enjoy within the community. Without their support we would not be able to accomplish all that we do for the Older Adult Population in Marion.

Our sincere appreciation goes to the Friends of Marion Visiting Nurse for the generous donation made that is allowing us to reshape and transform the space of the Community Center, giving us the capability of expanding programming and services. The initial donation purchased partitions that gave the Center three distinct rooms. Remaining funds were set aside for office space remodeling.

The Recreation Department has been instrumental in lending support to the Council on Aging. Sharing the Community Center has benefited the community as a whole as we collaborate on programs.

The Marion Art Center collaborated with the Council on Aging during ArtWeek to host an intergenerational art class. Seniors were invited to bring a special young person in their life to come to the Center and share the experience of creating art and spend some time together.

Elizabeth Tabor Library offers tech demonstrations introducing us to the marvel of a 3D printer and outreach on the services that they have available. With their assistance we are able to help those who cannot make it to the library receive home delivered items. This year we partnered to host a very successful blood drive.

Thank you to the Tri-County Symphonic Band for the complimentary tickets that they provide which allows so many seniors to enjoy their superb talent and high caliber performance.

Old Rochester Regional High School puts on an annual Thanksgiving Dinner inviting one hundred seniors to attend. The senior community also looks forward to the special invitation they are given to attend the dress rehearsals for theatrical productions.

Marion Social Club: The highlight of the Summer for many is the Annual Chicken Barbecue that the Marion Social Club puts on.

Marion Police Department/Brotherhood: Police Chief John Garcia hosts a program at the Center called Coffee with the Chief. It is a time for sharing information and addressing questions and concerns. The members of the Police Department make it a point to be present at many events at the Council on Aging. Every December they invite the senior community to attend a Holiday Dinner, where they serve, mingle and create a festive mood for the Holiday season. The Police Department also coordinates the Daily Assurance program that helps seniors living alone feel safe.

Sippican Lands Trust: We have been fortunate to have volunteers with the Lands Trust lead guided hikes of their properties in Marion.

Marion Fire Department: Many residents in town have received Lock Boxes on their house allowing access to first responders in the event of an emergency. This year they hosted a Memorial Day BBQ - grilling and serving to a most appreciative crowd. We also welcomed their assistance in addressing fall prevention in the home.

The Friends of Marion COA assists with various projects that support and enhance operation of the Marion Council on Aging. This summer the Friends held a fundraiser entitled An Evening on Sippican Harbor to benefit the construction of walls in the Community Center office space. It was extremely successful and allowed us to begin work in early December. This will allow members of the community to have privacy and confidentiality. Fall saw another fundraiser, an apple pie tasting contest and sale. John Conway was awarded top honors for his traditional apple pie. The last fundraiser for the year was The Festival of Trees. It was a celebration of the season and community, which we hope to make an annual event. The Friends work along with us to advocate for the Council on Aging and for the older adults of Marion.

In closing I would like to recognize the dedicated staff and volunteers who work together to provide the older adult population of Marion such exemplary services.

**Report of the
MARION AFFORDABLE HOUSING TRUST**

To the Honorable Board of Selectmen:

The mission of the Marion Affordable Housing Trust is the creation and preservation of housing in Marion for the benefit of low- and moderate-income households. In achieving our mission, we seek:

1. To promote a variety of affordable housing options for those with modest income, including young adults, families, long-time residents, the elderly, downsizers, returning Marion natives and municipal employees.
2. To preserve the natural, historic and seaside character of our Town and to nurture our sense of a diverse, yet integrated community.

Activities for the Trust in 2019 included:

1. The Trust continues to actively search for potential properties suitable for affordable housing development.
2. With the help of the Massachusetts Housing Partnership the Trust is continuing to research affordable housing possibilities on Town owned land, specifically the land behind the Benjamin D. Cushing Community Center.
3. The Trust worked with a local developer on a prospective 96 unit Local Initiative Project which could potentially get the Town above the 10% Subsidized Housing Inventory requirement of the State.
4. The Trust worked throughout the year with a local developer to utilize the Inclusionary Housing Bylaw which could add an additional 3 affordable units.
5. The Marion Affordable Housing Trust continues to look at the possibilities of zoning and mixed- use development to promote affordable housing.
6. The Trust continues to cooperate with the Planning Board on matters of Zoning and for possible amendments to the Zoning Bylaws that will encourage affordable housing in appropriate areas of the Town.

We wish to express our appreciation to Town Administrator Jay McGrail and Town Counsel Jon Witten.

2019 ANNUAL REPORT FROM THE VETERANS AGENT

The Veterans Services Office serves the Towns of Rochester, Mattapoisett and Marion. It is located at the Mattapoisett Town Hall at 16 Main Street, Mattapoisett, MA. The Office is open Tuesday, Wednesday and Thursday, from 8 A.M. to 4 P.M. The telephone number is (508) 758-4100, Ext. 7. The Veterans Service Office assists Veterans and their dependents as stated in Chapter 115 under Massachusetts General Laws. Chapter 115 is a needs-based program available to Veterans and Widows/Widowers who fall under Department of Veterans Services (DVS) income limits. The Office submits Chapter 115 cases to the Massachusetts Department of Veterans Services (DVS) for approval and recover up to 75% of all applicable costs of assisting local Veterans on a monthly basis. Our office files claims and explores every avenue of resources and revenue available. Our office continues to deal with Veterans and their families on an individual basis to see that they receive assistance when needed. In many cases we partner with multiple organizations to ensure the need is met. The case load continues to rise on a yearly basis.

In 2018, the towns approved funding for a VetraSpec license so that Federal Claims could be processed electronically. The office processed numerous claims for federal benefits, including VA pensions, VA Compensation, Discharge Requests to War Records, Educational Benefits, VA Aid and Attendance, arranging honor guards for funerals, Iraqi bonus applications, and annuity claim. In October, the Agent and Administrative Assistant attended mandatory trainings under Massachusetts Chapter 115 benefits and Federal VA benefits. Every three years mandatory certification is now required for the Veterans Agent.

In conjunction with the Florence Eastman Post 280-American Legion, our office arranged the ceremonies for Memorial Day and Veterans Day.

If you know a Veteran, a Veteran's widow or widower who may be in need of financial or medical assistance please have them reach out to the office to see if they may qualify for MA Chapter 115 Benefits.

Sincerely,

Barry J. Denham, Veterans Agent
Department of Veterans Services
Towns of Mattapoisett, Rochester, and Marion

Report of the POLICE DEPARTMENT

To: The Honorable Board of Selectmen

I am pleased to offer this report on the activities of the Marion Police Department for 2019.

There were some personnel changes in the department during the year. In February, Officer Derryl Lawrence was promoted to the rank of sergeant to fill the vacancy that was created when Sgt. Jeffrey Tripp retired.

Officer Jonathan Castro was hired in April to fill a full time vacancy.

Officer Anthony DiCarlo and Officer Scott Cowan both resigned to go to other agencies. Officer Cowan was hired by the Wareham Police Department and Officer DiCarlo left to attend the Massachusetts State Police Academy.

Special Officer Peter Bourgault was selected to attend the full time police academy to fill one of the full time vacancies. It is anticipated that Officer Bourgault will graduate from the Plymouth Academy in Jun 2020.

I am proud to report that Marion's crime statistics remain low. It is through the combined efforts of the officers and citizens that make Marion a safe place to reside.

In June, the station was struck by lightning which caused extensive damage to the emergency generator, security system and a computer. Fortunately, the station is equipped with an emergency battery backup system which kept the station running for the three hours we were without utility power or power from the emergency generator. The damages were covered by insurance but it took us a couple of months to get all the damage repaired. Despite the damage that was incurred, the department was able to function fully.

The department remains actively involved with Plymouth County Outreach. Plymouth County Outreach was formed in December 2016 and is comprised of all the police departments in Plymouth County. When an individual experiences an overdose, responding officers and EMS will respond and are equipped with Narcan to reverse the overdose if necessary. Within 24-48 hours after the overdose, a plain clothes officer and an outreach counselor will attempt to visit the individual who overdosed. The purpose of the visit is to offer information and access to treatment services. For the first time since 2017, there were no fatal overdoses in Marion. There were 7 non-fatal overdoses. First responders administered Narcan in 6 of the reported overdoses.

I would like to thank the other town departments for all their assistance and support throughout the past year. Finally, I wish to offer my gratitude to all the members of the Marion Police Department for all their dedication to keeping Marion a safe place to live.

Respectfully submitted,

John B. Garcia
Chief of Police

Marion Police Department

**Report of the
ANIMAL CONTROL OFFICER**

To: The Honorable Board of Selectmen

The Animal Control Officers responded to 289 calls for service during 2019. Those calls involved unrestrained dogs, barking dog complaints, dog bites and deer struck by motor vehicles, just to highlight a few. The Animal Control Officers also assisted neighboring communities, when their officers were unavailable.

We continue our relationship with the Southcoast Humane Society and Shelter in Dartmouth, where all dogs and cats impounded by the Animal Control Officer are taken.

Wild animals continue to be a source of complaint by many residents. Many wild animals will come into neighborhoods looking for a food source. To help prevent this, residents should make sure that potential food sources are not left outside. This would include unsecured garbage cans and pet food dishes. Never feed a wild animal! Remember, a wild animal may carry diseases, such as rabies. Do not pet or handle a wild animal.

There were numerous dog owners contacted that had not licensed their dogs. Dog owners should be reminded that state law requires them to license their dog, each year. This must be done through at the Town Clerk's Office.

The PAUS Fund continues to aid in the placement and care of animals. The contributed to help defray the expenses of medical treatment for the cat of an elderly resident. The PAUS Fund is handled through private donations, which provide for the placement and care of stray animals after the required ten-day boarding period. Donations can be made at the Town Treasurer's Office.

My thanks go to Animal Control Officer Susan Connor and Assistant Adam Murphy, for their fine work throughout the past year.

Respectfully submitted,

John B. Garcia
Chief of Police

**Report of the
EMERGENCY MANAGEMENT AGENCY**

To: The Honorable Board of Selectmen

I am pleased to offer this report on the activities of the Marion Emergency Management Agency for 2019.

Fortunately, the storms in 2019 were a bit milder than 2018 and none required a FEMA Disaster Declaration.

The town has established a Local Emergency Planning Committee (LEPC). Fire Chief Brian Jackvony has been selected as the Community Emergency Response Coordinator. In June, the Marion LEPC was awarded “startup status” through MEMA. The LEPC committee has begun the process of updating the Comprehensive Emergency Management Plan (CEMP) which is a written response plan for responding to hazardous materials incidents, conduct planning exercises, and collect and store data, in compliance with public records laws. The CEMP is a requirement for the next level of certification.

I would like to thank all the town departments for their assistance throughout the past year, and their continuing support in keeping Marion well prepared.

Respectfully submitted,

John B. Garcia
Emergency Management Director

Report of the PARKING CLERK

To the Honorable Board of Selectmen:

This has been the thirty-seventh year the Town has been involved with the Plymouth County Parking Enforcement Program. The Town pays \$1.50 per ticket to this Program, which then pursues parking violators until fines are paid.

Violators should be warned that this pursuit becomes most annoying when automobile license and registration renewals are blocked until such fines are paid. Fines may be paid on-line at the www.plymouthcountyparking.com.

This year, \$2,455.00 were collected in fines, \$2,126.50 of which were returned to the Town.

I wish to thank Donna Hemphill, Administrative Assistant, for her dedication and for the respect and courtesy she extends to all Marion residents.

Respectfully submitted,

Randy L. Parker
Parking Clerk

Photo by Robert Pina

Report of FIRE/EMS

We respectfully submit our 2019 Annual Report for Marion Fire/EMS.

As happens almost every year, we have once again experienced a change in personnel. We lost the following staff members: Captain Joseph Ayres (20 yrs.), Captain Joshua Denham (12 yrs.), Firefighter Ryan Noonan (5 yrs.), Lt. Kevin Buckley (19 yrs.), Firefighter Dylan Glavin (5 yrs.), Firefighter David McMorrow (4 yrs.), Firefighter William Duggan (14 yrs.), EMT Joshua Morgan (5 yrs.), Paramedic Hannah McAbee (1 yr.), Paramedic Darius Argentinis (4 yrs.), Firefighter Andrew Harrington (5 yrs.), Paramedic Wendy Ashworth (5 yrs.), RFF Nicole Parrish (1 yr.)

New members include Recruit Firefighter Ronnie Scott Owens, Paramedic Jeffery Larkowski, EMT's Derek Malouin, Joshua Shadan and Eli Spevack

Lt. Joel Watters has been serving as Acting Captain of E-1, Firefighter David Shaw has been serving as Acting Lieutenant of L-1, Firefighter Joshua Fardy has been serving as Acting Lieutenant of E-2

We have four members enrolled in the 2020 MA Fire Academy Call/Vol Fire Academy.

For the first time in our documented history we lost a firefighter in the line of duty. On February 27th Firefighter Thomas Nye passed away hours after fighting a structure fire on Point Road. Firefighter Nye proudly served the Marion Fire Department and his community for 45 years. Tom was appointed to the department in 1974. This was an extremely devastating event for the family, the department and the community. Our thoughts and prayers continue to be with the Nye family during this difficult period. We continue to work with various local, state and federal agencies to secure benefits for the family.

Our department achieved two major accomplishments this year. We were awarded \$297,142 dollars through the FEMA Assistance to Firefighter Grant Award for the purchase of a new tanker truck. These funds combined with a small cost share will provide our town with a level of protection of have not known in the past. We are continuing to evaluate fire protection in private developments in our community and have documented that some lack the necessary fire flow to successfully fight a fire. The awarding of this grant will provide us with the necessary on-board water supply to protect lives and minimize property damage. The second accomplishment is the awarding of \$152,938 dollars through FEMA Staffing for Adequate Fire & Emergency Response (SAFER) grant program for the recruitment and retention of paid on-call firefighters. Our goal is to recruit five new members per year for four years. This grant will pay for entry level physicals, protective clothing and training to become Firefighters and Emergency Medical Technicians. We are looking to be creative with our recruitment efforts and find ways to retain our members while minimizing the cost to taxpayers.

In summary, the Marion Fire Department continues to operate with a predominately paid on-call staffing model. We have identified gaps in coverage especially weekdays during normal business hours. We will continue to evaluate our staffing needs and address the gaps that are identified.

Call Activity:

We responded to a total of 1248 **emergency calls in 2019. This represents an average call volume ease from the previous year.** The busiest day of the week is Thursday. The busiest time of day is between 11 am and noon. We provided Mutual Aid to other communities 55 times and received Mutual Aid 30 times. Medical responses by reasons include falls, motor vehicle crashes and difficulty breathing as the most common occurrence.

Major Incident Types:

<u>Series</u>	<u>Heading</u>	<u>Call Volume</u>
100	Fire	30
200	Overpressure Rupture Explosion, Overheat (No Fire)	1
300	Rescue and Emergency Medical Service (EMS)	810
400	Hazardous Condition (No Fire)	58
500	Service Call	64
600	Good Intent Call	78
700	False Alarm and False Call	203
800	Severe Weather and Natural Disaster	4
	Total call Volume	1248

Permits & Inspections:

Fire & Life Safety	120	Smoke & CO Detectors	131
Fire Detection Systems	4	Fire Suppression System	2
Marine Fueling	2	Oil Burner / Tanks	62
Cargo/Transfer Tan	3	Tank Removals	6
Unvented Gas Heaters	2	Explosive Storage	1
LP Storage	77	Fireworks Permits	1
Tents	46	Open Air Burning	273

In closing, we wish to extend our sincere thanks to Administrative Assistant Cindy Visotski, Marion Police, the various Town Boards, Committees and Departments, the Honorable Board of Selectmen, and especially Jay McGrail, Town Administrator, for their cooperation and support. We are proud to represent Marion Fire/EMS and look to continue the excellent level of service provided to Marion residents and those that pass through our community by the dedicated men and women of this department.

Respectfully submitted,

Brian Jackvony

Report of the RECREATION DEPARTMENT

To the Honorable Board of Selectmen:

It gives me great pleasure and it is an honor to submit to you the sixty fifth report of the Recreation Department.

Once again with the aid of many volunteers, dedicated staff and municipal employees, the Recreation Department offered a variety of programs for all ages throughout the year. Here are the highlights of 2019.

Mr. Scott Tavares, a teacher and a coach at Old Rochester Regional High School, was brought on along with Hannah Guard as Directors of the Silvershell Summer Program. This year was a great success. During the eight week program over 400 children in grades K-6 participated in this program. In 2020 we will be expanding the program to grade 7. Besides offering this outstanding program to the youth of the area, it also offered an opportunity for summer employment for approximately 25 teenagers and young adults.

Silvershell Beach had another busy season. I would like to thank the lifeguards and the beach staff for doing a great job in keeping the beach safe and clean. Weekly drills with the lifeguards were conducted. These drills included at times working with the Marion Harbormaster Department, Marion Fire/EMS and Marion Police Department.

Lifeguard Eli Spevack was voted by his fellow lifeguards as "Lifeguard of the Year" along with Patrick Cummings as "Lifeguard Rookie of Year" also voted by his fellow lifeguards. Congratulations to both Eli and Patrick.

Our Youth Basketball Program continues to expand, with 18 teams in grades 3-6 in three different leagues. Our Learn to Play Basketball Program K-2 had over 60 kids participated in the program on Saturday mornings at Sippican School.

The Marion Recreation Soccer Program (Old Rochester Youth Soccer), which includes children from Marion, Mattapoisett, Rochester, Acushnet and other communities, has expanded more than I could imagine. We have close to 400 children participated in the Spring Travel, Fall Travel, and Fall Recreation Program, between the ages of 3-13. We could not accomplish this great program without the dedication of our Director of Soccer Eric Parada, Assistant Director of Recreation Nathan Vaughan and most of all the volunteer coaches that spend countless number of hours on the fields with the players throughout the seasons. Special thanks to the Rochester Parks Department for allowing our Soccer Program to use the Dexter Field Complex.

Community Sailing Racing was a new program that started in July of 2019. It was brought to my attention in early November 2018 by Chris and Katherine Collings of Marion. Chris envisioned people coming down to Island Wharf and using one of the Recreation Departments Bullseyes' Sailboats and sailing out of Sippican Harbor for a few hours' racing on a Saturday afternoon. This was a successful program. Many thanks to Burr Bros. Boats, Barden's Boat Yard, Marion Harbormaster Department, and Adam Murphy for the use of his powerboat and fuel. We could not have done this program without their guidance and support.

The Sailing Lessons were conducted Monday through Thursday at Island Wharf. Because the demand was overwhelming all applicants could not be accepted. We anticipate a second instructor will be brought on to accommodate the anticipated enrollment in 2020.

The Recreation Department along with the Council on Aging has done some great programs together over the year at the Benjamin D. Cushing Community Center, and will continue throughout many years to

come. I would like to thank Karen Gregory, the Director of the Council on Aging, and her dedicated staff for their support and assistance. I would also like to thank the Friends of the Council on Aging for their support, vision and fundraising for the renovation of the Community Center Offices.

At the Annual Town Meeting the voters approved the purchase of two Cub Cadet sit-down lawnmowers for use by the Recreation Department to maintain the playing fields. The athletic fields have and will continue to be a major challenge for the Recreation Department. To continue to make the fields playable and safe the fields must be maintained for all to enjoy.

In closing my 2019 report, I would like to bring to your attention The Friends of Marion Recreation. This group of dedicated men and woman has been around for many years. The membership has changed over the years but their dedication and support to the youth of our community and to the Town of Marion has not changed at all. This past year with very little fanfare they have donated over \$18,000.00 worth of needed equipment to the Recreation Department programs that are not covered in the Operating Budget along with improvements to Washburn Park, Silvershell Beach, and the Community Center, just to mention a few. Without their support we could not offer the quality programs that we do.

I would also like to extend my sincere gratitude for the valuable support of the Facilities Department, Harbormaster Department, Department of Public Works, Council on Aging, Marion Police, Fire & EMS Departments, Sippican School, Tabor Academy, Rochester Parks Department, The Brad Barrows Memorial Fund, Marion Police Brotherhood, Friends of Council on Aging, Friends of Marion Recreation, Town House Staff, Town Administrator Jay McGrail, Finance Director Judy Mooney, retired Town Administrator Paul Dawson and the dedicated staff of the Recreation Department. Tremendous gratitude and regard for the numerous coaches, volunteers, and residents who serve throughout the year – they make it possible to offer so many outstanding programs to the citizens of Marion.

Respectfully Submitted,

Jonathan E. Dickerson
Director of Recreation

Photo submitted by Recreation Director

Report of the HARBORMASTER

To the Honorable Board of Selectmen:

I would like to thank the Board of Selectmen and the Town of Marion for the opportunity to serve as your Harbormaster. I am pleased to submit this report on the state of Marion's waterways and our activities over the past year.

2019 saw an overhaul of our PATON Program (Private Aids to Navigation). 28 new larger, more visible PATONs were purchased to replace the majority of our markers. These new aids better mark areas such as channels, no wake zones, anchorages, rocks and swim areas. Also coming on line this year was the addition of a work barge. The 12x30 barge was fitted with a hydraulic boom and was utilized in multiple facets of our operation. A community sailing program spearheaded by Residents Chris and Kathryn Collings was out on the water this past summer. The program, run through the Recreation Department, held sailboat racing events throughout July and August. Areas around the Harbormasters Office got a facelift before the summer rush set in. The Memorial Park, which had become completely overgrown, was cleared out of the underbrush that had completely blocked the water views. A portion of the grass field was also replaced with crushed stone to help alleviate parking overflow issues. As 2019 drew to a close one of our full time employees, Peter Bourgault, left the Harbormaster Department to join the Police Department. Pete spent 3 years with the Department and during that time helped the department accomplish multiple projects and meet several goals.

Safe boating practices have always been and will continue to be a priority. Through our Boater Safety Classes and public outreach programs we try to instill in boaters a heightened sense of awareness when on the water. While a majority of boaters are very competent on the water there are always a few that are not. In most cases we have found it to be more productive to use these interactions as teaching moments rather than the end result being a citation.

Thank you to the members of the Marine Resources Commission for their support and guidance and all the Town Departments that provide valuable assistance throughout the year, this help is greatly appreciated.

Report of the SHELLFISH OFFICER

To the Honorable Board of Selectmen:

I would like to thank the Board of Selectmen and the Town of Marion for the opportunity to serve as your Shellfish Officer. I am pleased to submit the following report on the state of Marion's shellfish resources and my activities over the past year.

Over the summer and fall of 2019 we grew out 750,000 oysters. These oysters when delivered measured 2mm-10mm. During the four months we used the new land based upweller as well as floating bags and floating cages, we were able to grow them out to an average size of an inch and a half. In late November the oysters were relayed to areas where, once reaching adult size, they will be accessible for Recreational fishing. As in years past our department transplanted 100,000 soft shell clams to areas around Meadow and Planting Island as well as areas of the Inner Harbor. Marine Fisheries also opened the Planting Island quahog relay site that had been planted in 2018.

The 2019 season was a busy season with a lot of shellfish being handled on a day to day basis. This year our department had the pleasure of working with staff from the Department of Marine Fisheries. Many tasks like cleaning the upweller, floating bags and cages, keeping data on growth of the animals, logging the findings are some of tasks that were performed.

This year the Town of Marion Harbormaster Department acquired a barge that the Shellfish Department found to be a vital piece of equipment to lift and handle the large shellfish cages and upweller silos. This has allowed us to be far more proficient in the management of the gear and product. Being able to load the cages on the barge to clean and sort shellfish, saved us many man hours and reduced risk of injury. I would like to thank the Harbormaster Department staff for the hard work and effort. These efforts made for yet another very successful shellfish grow out season.

I would like to thank the Members of the Marine Resources Commission for their support and guidance as well as all the Town Departments that provide valuable assistance thought out the year, this help is greatly appreciated. If anyone has any comments or suggestions, feel free to call or stop by the office.

Respectfully submitted,
Adam C. Murphy
Shellfish Officer

**Report of the
MARINE RESOURCES COMMISSION**

To the Honorable Board of Selectmen:

The MRC is pleased to submit the following report of our activities during the year.

We would like to complement our Harbormaster, Isaac Perry, and the entire Marine Department for another successful year and outstanding performance. The Marine Department continues to maintain the Town's mooring fields and shore side facilities in exemplary fashion and provide outside outstanding support on the water.

Issues and activities that were addressed this year:

- Aquaculture management
- Assisting with budget and capital planning
- Begin reviewing options for a new harbormaster building.
- Bird Island restoration
- Capital projects
- Continued updating of the waterway regulations
- Mooring database upgrade
- Shellfish propagation and harvest
- Upgrades to Town floats and kayak/dinghy storage

Regular meetings are held in the Harbormaster's Office in the Marion Town House, at 7:00 p.m. on the third Monday of each month. The MRC was involved in many issues over the course of the year and handled them professionally in every respect. I wish to thank the members for their hard work and dedication to our harbor and its resources.

In closing, we extend our thanks to the Board of Selectmen, Jay McGrail, Judy Mooney and the Town House staff for their guidance and assistance throughout the year.

**Report of the
BIRD ISLAND LIGHTHOUSE RESTORATION COMMITTEE**

To the Honorable Board of Selectmen

The Marion Natural History Museum's Afterschool Program made multiple trips to the island. During these trips, participants had the opportunity to go ashore and up into the lighthouse before the "very protective" tern population's arrival and occupation of the island. We will continue looking at ways to better facilitate public access to the historic island as well as the 200 year old Bird Island lighthouse.

In September a celebration was held at the Music Hall to commemorate the bicentennial of Bird Island Light. The event also raised some much needed funds necessary for the continued maintenance of the lighthouse. While no major work is needed smaller items like paint, door and glass repairs are needed and will continue to take place.

The Committee and I continue to move forward with maintenance and restoration projects. I would like to thank the Marine Resources Committee and the Harbormaster Crew for their dedication and support for our ongoing projects. I look forward to working with everyone in the upcoming season.

Respectfully Submitted,

Isaac W. Perry, Harbormaster

The Marion Energy Management Committee 2019 Annual Report

This year Marion's Energy Management Committee (EMC) has continued to pursue opportunities to move Marion toward energy conservation, renewable sources of power, and municipal cost savings. As the urgency to address the climate crisis gains prominence and momentum around the world, we strive to act responsibly by leading the town away from the use of fossil fuels.

Marion's participation in the Future Generation Wind project continues to provide most of the electrical power that our municipal buildings and facilities use, saving the town approximately \$90,000 each year. Since its start in 2016 Marion has received more than \$300,000 in electrical cost savings from those four white turbines adjacent to Rt. 25 in Plymouth.

In 2018, after a four-year effort led by EMC, Marion achieved the designation of a Massachusetts Green Community, opening the door to substantial grants to pay for improvements in town facilities that increase energy efficiency. The initial Green Community funding has been used to install new energy efficient lighting in Sippican Elementary School and a new gas-fired high-efficiency boiler in the Spring Street fire station. In 2020 it is anticipated that the town will compete for further grants from Green Communities to help with other cost-saving energy improvements.

As a part of our qualification for Green Communities, the town's energy use has been catalogued into an online monitoring system that will track energy use (for electricity and fuels) to help identify new opportunities to save energy and document savings from upgraded facilities.

This year the EMC completed the replacement of all the town's streetlights with new LED fixtures, saving approximately \$16,000 per year in electricity costs.

Four town departments (DPW, Building Department, Council on Aging, and Recreation) are using fuel efficient, all-wheel-drive, plug-in hybrid Mitsubishi Outlander SUVs which were leased for three years and paid in part by a state grant.

A previous effort to install a solar project on the town's capped landfill – stalled because of insufficient capacity on Eversource's electrical grid – is being revived with the help of Cape and Vineyard Electrical Cooperative.

With our encouragement townspeople have taken out building permits for more than 165 new solar arrays in the last 10 years. If you are tired of paying those ever-increasing monthly bills for electric power, look into installing a solar array on your own rooftop – possibly dropping your monthly bill to zero.

If you are concerned about the risks posed by climate change, rising energy costs, and environmental deterioration, please consider joining the EMC team! We are looking for new members who are passionate about continuing our momentum. Please come to one of our meetings to find out more, or contact the Town Planner, Gil Hilario (ghilario@marionma.gov), for more information.

Be part of the solution!

Respectively submitted,

David K. Pierce

Christian Ingerslev

Report of the CONSERVATION COMMISSION

Great Blue Heron in Planting Island Cove

To the Honorable Board of Selectmen:

The Marion Conservation Commission completed an active year, helping to protect Marion's significant coastal and freshwater wetland resources and open spaces. During 2019, the Commission issued:

- 25 Orders of Conditions
- 2 Amended Orders of Conditions
- 7 Extensions to Existing Orders of Conditions
- 5 Certificates of Compliance
- 27 Determinations of Applicability
- 1 Enforcement Order

The Conservation Commission held 22 meetings during 2019 at which applications were reviewed, public hearings held, deliberations made and decisions written and ratified. In preparation for our meetings, the Commission performed more than 120 site inspections.

Although the primary role of the Marion Conservation Commission is the administration of the Massachusetts Wetlands Protection Act and associated regulations, the Commission is also responsible for the care of 9 town-owned properties and is the grantee of 6 Conservation Restrictions. During 2019, the Commission again inspected these sites.

Two issues noted during our 2018 inspections remain unresolved: storage of boats on Town owned property off Boatyard Lane and the erection of a fence within land protected by a Conservation Restriction on common land at The Cove off Point Road. At the May 2018 annual town meeting, the Town voted to exchange a small parcel of land off Boatyard Lane for a larger parcel off Rezendes Terrace. This exchange should be finalized during 2020. The Conservation Commission is also optimistic that the issue involving the the Conservation Restriction at The Cove property, will be resolved in 2020.

During 2019, the Conservation Commission was joined by a new associate member – Ethan Gerber. Long-time member Joel Hartley, who served on the Conservation Commission for 20 years, stepped down from the Commission, as did associate member Dale Jones. Associate member Marc Belanger was appointed to fill the opening created by Joel Hartley’s departure. The Commission sincerely thanks Joel for his many years of service to the Commission and the Town.

Again this year, members of the Commission attended training sessions and conferences held by the Massachusetts Association of Conservation Commissions (MAACC) to expand their knowledge of State requirements, emerging environmental issues, and administrative processes.

During the year, the Commission was ably assisted by Lissa Magauran and later Donna Hemphill, who assumed the role of Administrative Assistant to the Commission when Lissa was appointed as Town Clerk. The Commission thanks Lissa and Donna for their excellent work.

Respectfully submitted,

Jeff Doubrava, Chair
Shaun P. Walsh, Vice Chair
Kristen Saint Don-Campbell, Clerk
Cynthia Callow, Member
Marc Bellanger, Member
Ethan Gerber, Associate Member

2019 Annual Report

The Mattapoisett River Valley Water District (District) was formed in 2004 to construct and operate the six million gallon per day (mgd) Mattapoisett River Valley Water Treatment Facility (MRVWTF). The District is comprised of the Towns of Fairhaven, Marion, Mattapoisett and Rochester. The treatment facility, located in Mattapoisett, began operations in 2008.

The MRVWTF treats raw water from eight municipal water supply wells owned and operated by the District Towns. The sources include three Mattapoisett wells, one Marion well, and four Fairhaven wells, which are located in Mattapoisett and Rochester. Treatment at the facility includes oxidation with ozone followed by membrane ultrafiltration with Koch membrane filters for the removal of iron and manganese. The finished water is treated to adjust the pH for corrosion control.

The District received the Massachusetts Department of Environmental Protection 2019 Beyond Compliance Public Water System Award. The District was recognized for being in complete compliance with state and federal drinking water regulations since 2018, and for also not having any violations within the past 5 years.

2019 represented the twelfth year of operation of the MRVWTF. The plant processed 655 million gallons of water during the year. The FY20 operating budget for the plant is \$2,121,132 which represents an increase of approximately 3.25% over FY19. The major expenses include power, labor, and chemicals to maintain and operate the MRVWTF, and equipment replacement identified in the Capital Improvement Plan. As of May, the District finalized the solar power Net Metering agreement with ECA Solar LLC. The District does not pay any capital or operating costs for the power generation and the facilities are located on commercial buildings located in Walpole, MA.

The MRVWTF operated well throughout the year, with the exception of the Koch Membrane Filter system. In January, the Koch system shut down the entire MRVWTF, due to a clogged pressure transmitter. Other operational issues associated with the Koch system continued through the year, and increased levels of iron and manganese in the raw water required more frequent cleaning of the system. The MRV operations personnel have done an excellent job maintaining the Koch system past its typical useful life expectancy of 5-7 years. The District is concerned about the aging infrastructure and decided to investigate replacement options. Representatives from KOCH Membrane Systems, Inc. presented replacement options to the District which consist of replacement with in-kind membranes or replacement with newly developed advanced technology membranes that significantly reduce operating costs. The District identified that simple in-kind replacement of the membranes does not address other infrastructure that requires evaluation and replacement. A Filter Replacement Evaluation Study which will evaluate capital and operational costs as well as logistics of implementation of the alternatives is proposed to identify the best option for equipment replacement.

Construction of the MRVWTF Primary Electric Service Replacement began in November. The purpose of the project is to complete necessary electrical service upgrades to meet current standards, and improve electrical reliability to the MRVWTF. Construction is expected to be complete in January 2020.

Addition of a new District representatives for the Town of Marion and Rochester was required in 2019 due to the retirement of Mr. Jonathan Henry and Mr. Jeffrey Eldridge. Mr. David Willett, Marion DPW Director, was appointed representing the Town of Marion, and Ms. Sandy Keese of Rochester, was appointed representing the Town of Rochester. The District thanks Mr. Jonathan Henry and Mr. Jeffrey Eldridge for their service and contributions.

2019 Report of the Mattapoissett River Valley Water Supply Protection Advisory Committee

History and Purpose of MRVWSPAC

The Mattapoissett River Valley Water Supply Protection Advisory Committee (MRVWSPAC) was established in 1980 by the towns of Fairhaven, Mattapoissett, Marion and Rochester. The organization grew out of a concern for the aquifer underlying the Mattapoissett River watershed, from which all four towns draw water supplies. Special legislation was enacted in 1983 (Chapter 407) formalizing the Committee.

The MRVWSPAC is made up of three (3) representatives from each town for a total of 12 members. The MRVWSPAC holds public meetings on the second Tuesday of every month at 3:45 p.m. at the Fairhaven Board of Public Works in Fairhaven.

Addition of new representatives for the Towns of Fairhaven, Marion and Rochester was required in 2018, due to the retirement of Alfred Raphael, Rob Zora, and Fred Underhill. The MRVWSPAC acknowledges and thanks these members for their many years of dedication and commitment.

Mattapoissett River Valley Aquifer

The Mattapoissett River and its aquifer provide fresh water for water supply, recreation and agriculture to portions of the entirety of five communities in Bristol and Plymouth Counties in Massachusetts. In 2019, our aquifer supplied approximately 1.8 million gallons per day for domestic and commercial users in the towns of Mattapoissett, Fairhaven, Marion and Rochester.

Summary of 2019 MRVWSPAC Accomplishments

Mattapoissett River Monitoring/Protection:

- Monitored stream flow and water levels in numerous locations along the Mattapoissett River. Maintained a database of critical water level data.

- ☐ Funded Annual Mattapoissett River Hydrologic Monitoring Report

- ☐ Formed active subcommittee to investigate water withdrawals and management within the Mattapoissett River Valley. The subcommittee met with the following representatives to better understand MRV water withdrawals:

- 1. Brendan Annett and Sarah Quintal of the Buzzards Bay Coalition regarding water management at the Mattapoissett Bogs property,
- 2. David Watling, Rochester Herring Inspector regarding bog operations, herring migration, water use and water management at the Snipatuit Pond fish ladder,
- 3. Scott Hannula of Oiva Hannula, which manages 100% of Decas Cranberry Company's farm operations, and bogs directly adjacent to Snipatuit Pond and within the MRV.

Formed active subcommittee to investigate pond weeds and invasive species management on Snipatuit Pond, Snow's Pond, and Long (Black Pond).

Environmental review of projects in the Mattapoissett River Valley: ○ Reviewed plans for the following projects within the watershed and sent comment

letters to respective planning boards in Mattapoissett and Rochester:

1. Site Plan Review – 243 Mattapoissett Road Mark & Susan Trahan

The MRVWSPAC wishes to recognize the members of its consulting team for their excellent work and contributions in 2019:

Tata & Howard David Watling Meagan McCarthy Nettles Design Blair Bailey, Esq.

Report of the OPEN SPACE ACQUISITION COMMISSION

Our Task: The primary task of the Open Space Acquisition Commission is to acquire open space. These purchases must fit some stated need and respect the financial contribution that has been made by the taxpayers. We will not buy just anything, and we will not waste your money by overpaying.

Our Strategy: We try to form a financial partnership on larger purchases to get more value for your dollars. This could mean direct grants to the town, participation with other conservation groups, or a bargain sale. Since the creation of the Open Space Acquisition Commission in 1999, we have partnered with the Commonwealth of Massachusetts, United States Department of Agriculture, Sippican Lands Trust and The Trustees (formerly the Trustees of Reservations). Since we first started working with other groups, we have received more than \$1,000,000 in grants to help reduce the cost of open space purchases to the town.

Current Open Space Status: When we talk about permanently protected open space, we are talking about land owned by private, public and nonprofit owners that has been dedicated to uses such as conservation or recreational use by deed. Also included is land owned by a non-profit land trust; or if the town received federal or state assistance for the purchase or improvement of the property. Today, of the 9,007 acres of land in Marion, 3,491 are permanently protected open space.

Marion ownership of permanently protected open space is quite diverse. Those groups managing/owning open space include:

Board of Selectmen
Charles Washburn Memorial Trust
Commonwealth of Massachusetts (Division of Fish and Game)
Conservation Commission
Marine Resources Commission
Open Space Acquisition Commission
Recreation Commission
Sippican Lands Trust
The Trustees (formerly The Trustees of Reservations)
Water & Sewer Commission
Wildlands Trust

Private land is considered protected if it has a deed restriction in perpetuity, if an Agriculture Preservation Restriction (none in Marion) has been placed on it, or a Conservation Restriction has been placed on it. Conservation Restrictions in Marion are held by an equally eclectic group of organizations (listed below):

Buzzards Bay Coalition
Commonwealth of Massachusetts (DEP)
Commonwealth of Massachusetts (DFW)
Conservation Commission
Debt for Nature (United States Department of Agriculture)
Open Space Acquisition Commission
Sippican Lands Trust
The Trustees (formerly The Trustees of Reservations)
Wildlands Trust

The Open Space Acquisition Commission holds title to 631 acres. The largest parcel is the 282 acre Hales Brook Reservation which is managed by The Trustees at no cost to the Town. See the trail map at: http://www.thetrustees.org/assets/documents/places-to-visit/trailmaps/EastOver_HalesSippican_TrailMap_2016.pdf. The next largest, and perhaps busiest, parcel is the Washburn Park Conservation Land (97 acres), which is used heavily by the dog walking community.

Links to trail maps for those and other open space parcels can be found online at <https://www.marionma.gov/open-space-acquisition-commission/pages/trailroad-maps>

2019 Open Space Additions: There were no additions to Marion's open space inventory in 2019.

Financial: The Open Space Acquisition Commission administers the Marion Land Bank Fund on behalf of the town. This fund is dedicated by state statute to costs associated with the acquisition of land. Any expenditure out of this fund to purchase land must be approved by Town Meeting. Currently the Fund holds \$402,706. We have been following the status of several high-end properties that would require funds in excess of \$1,000,000 to acquire. These are multi-partnership endeavors that require some “seed money” to have these projects succeed. Marion’s \$402,706 can be used to leverage a \$484,998 state grant. This amount encourages the participation of the non-profit community.

An example of the type of property that we are tracking is a 300 acre parcel on Route 6. Preservation of the property would reduce nitrogen inputs into Aucoot Cove, create a 1700 foot green strip along the southern entrance to Marion, and protect endangered species. The property also has the potential to improve public access to local trails as it provides a link to existing trails on the west, east, and north sides of the property and has an existing parking access.

Projects:

Senior Work: Commission member Casey Gunschel heads up the trail maintenance program for the properties overseen by MOSAC. These conservation trails provide residents with opportunities for walking, bird watching and enjoying nature. It's extremely helpful having volunteers walk the trails to check on their conditions, remove small trash items, and to see if there is any abuse. Basic maintenance consists of using hand pruners or loppers to cut back plants that are growing into the trails. Casey works with the Council on Aging to engage with participants of the Senior Work program to undertake this important work.

If you are interested in participating in this program, contact the Council on Aging.

Point Road Bike Path: The Marion Open Space Acquisition Commission was awarded a Community Preservation Act grant to construct a multi-use pathway along Point Road. The proposed ¾ mile off-road pathway will provide safe year-round transportation and recreational opportunities for a variety of users and purposes as well as providing increased access to various under-utilized conservation areas.

Although we had an initial aggressive timetable, we learned on a grant opportunity that would lower the cost of this project to the town. The timing of the grant application and potential award led to us slowing down the 2019 permit application process better sync our work with the grant timing. We anticipate path completion in 2020.

Trail Mapping: The Commission worked on developing trail maps and making them available for its major conservation areas with trails. The Grassi Bog, Goldovitz Bog, Eastover Farm – Hales Brook - Sippican River, Washburn Park, and Great Swamp Conservation Areas are our areas of interest. These maps are available at the Open Space page of the town website at: <https://www.marionma.gov/open-space-acquisition-commission/pages/trailroad-maps>

Grassi Bog Restoration: In November 2005 we discussed the restoration of the abandoned cranberry bog to an emergent marsh with USDA Natural Resource Conservation Service (NRCS). Our objectives were as follows:

Establish emergent marsh in cranberry bog area

Remove obstructions to fish passage

Remove unused interior dyke to increase flood storage and wetland area

Increase spotted turtle habitat

Improve structural integrity of main dyke

Maintain water level in upper pond

Maintain perimeter trail

In September, 2019, this project finally reached completion with the third year invasive species treatment to reduce the common reed, *Phragmites australis*, population.

This project was entirely funded and designed by NRCS through the Wetland Reserve Program.

Little Neck Village: In January, 2019, we became aware that the Conservation Restriction required by a permit condition for Little Neck Village had never been completed. Throughout 2019, we have worked with the Massachusetts Division of Conservation Services, the Natural Heritage and Endangered Species Program, the Sippican Lands Trust, and the Little Neck Village folks to get this Conservation Restriction completed. We are anticipating finishing this process in 2020.

Planning: We continue to participate in the Stewards of Community Open Space's efforts to update the Open Space and Recreation Plan. Our participation goal is to have the updated plan reflect the wishes of Marion residents, as expressed in the Open Space and Recreation Survey.

We have posted the Open Space and Recreation Survey results (as well as some other related surveys dating from 1986 until the present at <https://www.marionma.gov/open-space-acquisition-commission/pages/open-space-and-recreation-survey-information>

Web Page Additions: Our thanks to Gil Hilario, Town Planner, for assistance in getting the survey page posted.

If you have any questions about anything related to open space please feel free to email us at openspace@mariopnma.gov, or email/call one of the individual members.

Respectfully submitted,

**Report of the
COMMUNITY PRESERVATION COMMITTEE**

To the Honorable Board of Selectmen:

At the May 2019 Town Meeting the CPC recommended four Articles for Community Preservation Act funding:

1. \$268,000 to construct a multiuse pathway on Point Road extending from Creek Road to Jenna Drive. This article was approved.
2. \$20,000 to fund construction of a handicap access lift for the ORR Game Management/Press Box. This article was approved subject to like funding by the towns of Mattapoisett and Rochester.
3. \$60,000 to catalogue, organize and ultimately digitize the town's records. This article was approved.
4. \$800,000 to restore the exterior of the portion of the Marion Town House constructed in 1876. This article was approved.

Also approved was an Article to provide \$2,000 of FY20 funding to the Community Preservation Committee for administrative purposes.

Respectfully submitted,

Jeff Doubrava
Margherita Baldwin
Randy L. Parker
Casey Cole-Vieira

MARION CAPITAL IMPROVEMENTS PLANNING COMMITTEE REPORT TO SELECT BOARD AND FINANCE COMMITTEE

The Capital Improvements Planning Committee's (CIPC) charter is to assist the development of capital projects and improvements by our Town's Departments during the development of the annual budget for approval by our residents. Capital Projects are defined as Projects or Assets that cost at least \$10,000 and have a useful life of at least 5 years. Each year, we compile a 10 year Capital Plan based on new or revised plans submitted by our Department Heads and it provides a forecast for future capital needs. In the summer, the CIPC visits various locations to further understand capital plans and needs. Sites visited in 2019 included the Main and Creek Road Sewer Stations and the Town House.

This year 26 projects, totaling \$2.3 million were submitted to the CIPC by the Town's Department Managers and the ORR School District for FY21. 13 projects were submitted by the Dept. of Public Works for just over \$1.8 million. 13 other projects totaling almost \$500k were submitted by the Police, Fire/EMS, Facilities, Schools, Recreation, Council on Aging and Building Departments.

The CIPC rated and ranked each project based on Department priority, budget impact, regulatory requirements, public safety, equipment replacement, efficiency, useful life, cost reduction, benefit to the Town and alignment with the Master Plan. Our goal is to provide an impartial perspective for the Finance Committee, Finance Director, Town Administrator and Select Board as they develop a balanced budget for the next fiscal year. Attachment #1 contains the ranking results for FY21.

The top ten ranked projects represent 60% of the total for FY21:

Rank	Dept.	FY 21 Capital Project	Cost (000's)	Funding Source
1	Water	Fire Hydrant Replacements	\$50	Water Enterprise
2	Sewer	Creek Road Sewer Station Assessment	\$300	Sewer Enterprise
3	Facilities	Community Center Furnace Replacement	\$24	General Fund
4	Sewer	Main Sewer Station Assessment	\$300	Sewer Enterprise
5	Water	Replace Perry & Wolf Hill Emergency Generators	\$47	Water Enterprise
6	Highway	Phase II DPW Complex - Design	\$150	General Fund
7	Water	Design County Rd Water Interconnection to Wareham	\$34	General Fund
8	Sewer	Inflow & Infiltration Mitigation Program	\$190	Sewer Enterprise
9	Highway	Sippican School 2nd Egress - Construction	\$300	General Fund
10	Sewer	Community Center Sewer Improvements	\$24	General Fund

We estimate that the funding sources for all of the 26 FY21 Capital Projects would be as follows:

Funding Source	General Fund	Water Enterprise	Sewer Enterprise	Total
Amount (000's)	\$1,400	\$131	\$815	\$2,346

Attachment 2 is the projected 10 Year Capital Plan that is updated each year based on the submissions from the Town Department Managers and the ORR School District.

Respectfully,

Paul Naiman, Chair
Dick Giberti, Secretary
Casey Barros
Dave Janik

Steve Nojeim
John Menzel-Finance Committee Representative
John Waterman-Select Board Representative

MARION TREE AND PARKS ANNUAL REPORT- 2019

Marion has been a Tree City USA for over 20 years. Our mission is to preserve, plant and maintain the parks and trees within the town. We try to identify hazardous and/or dying trees for removal along with trimming over hanging limbs. We work with the Tree Warden and the Town DPW to identify issues related to trees. We also oversee the maintenance and care of 7 parks within the town and have worked with the Marion Garden Group on their beautification program.

We hope that the residents of Marion understand the role of parks and trees within the town for their recreation, beauty, habitat for birds and animals, ground water retention and cooling effect. We no longer have the graceful elm along our streets but we can continue to create a handsome tree canopy along our village streets.

In the coming years we hope to replace and replant many more trees along our roads. The Town is working on a complete streets plan and the renovation of several roads and sidewalks. The planting of trees is essential to that work.

Report of the MUSIC HALL ADVISORY COMMITTEE

The Marion Music Hall Advisory Committee has worked diligently to maintain this historic gem. With special thanks to Shaun Cormier, Marion Facilities Manager, Tami Daniel Coordinator, Randy Parker Selectmen Representative, the Music Hall has truly come alive!

Acoustical improvements – including tiles on the stage and main hall ceilings as well as a new Bose sound system – have received rave reviews from musicians, performers and audiences alike. Tabor Academy's collection of paintings by prominent Marion artist Cecil Clark Davis, on permanent loan from the Sippican Historical Society, now grace the walls of the Reading Room and the Main Hall. With upgraded lighting, controls and a generator, visitors can fully enjoy and appreciate these beautiful portraits whenever attending an event at the Hall. These completed upgrades are resulting in more rentals and general use of this community centerpiece – reestablishing it as the town's premier meeting place. Concerts, celebrations, fundraisers, exercise classes, book sales, meetings, lectures, movie nights and weddings filled the calendar this past year.

Future projects include replacement of the copper gutters, completion of the foundation work and repairs to the walkway. These important and significant improvements will continue to enhance the enjoyment of this special venue. We cannot thank Shaun Cormier and his crew for their extraordinary work and investment of time.

Respectfully submitted on behalf of the Marion Music Hall Advisory Committee,

Christina Bascom, Co-Chair
Margot Stone, Co-Chair
Phil Sanborn, Treasurer

Marion Cemetery Commission Annual Report- 2019

The Cemetery Commission oversees the maintenance and planning and policies for our town cemeteries. This year we embarked on a clean-up and clearing of old overgrown shrubs, trees and bushes in various cemeteries. We also identified headstones for repair and that work is ongoing. One of our members is working on an inventory of historical gravesites in the older parts of cemeteries.

We try to remind plot owners not to place too many objects that get in the way of maintenance and mowing and may be a nuisance to a neighboring plot such as bird feeders, pinwheels, plastic flowers and the removal of seasonal decorations.

Over the years we have planted trees in Old Landing extension and the newer part of Evergreen. We hope to plant along the route 6 gate to enhance the beauty of that entrance.

If you have any questions, please contact the DPW - thank you.

REPORT TO THE TOWN OF MARION FROM THE COMMISSIONERS OF THE SOUTHEASTERN REGIONAL PLANNING & ECONOMIC DEVELOPMENT DISTRICT (SRPEDD)

The Town of Marion is a member of the Southeastern Regional Planning and Economic Development District. Originally founded in 1956, SRPEDD (pronounced “sir-ped”), is one of 13 regional planning agencies (RPAs) across the state and one of approximately 550 across the country.

SRPEDD serves 4 cities and 23 towns in southeastern Massachusetts. Through our work, we address common issues facing the region, including economic development, growth and land use, safe and efficient transportation, environmental stewardship, municipal partnerships, and general planning. A Commission of local mayors, selectmen, planning board members, and at-large members govern SRPEDD. Federal and state grants, local assessments, and local contracts fund our activities. In 2019, the Town of Marion paid \$896.75 to SRPEDD, based upon an assessment of 18.275 cents per capita.

SRPEDD also functions as the region’s staff for the Southeastern Massachusetts Metropolitan Planning Organization (SMMPO) and the regional Economic Development District (EDD) with the U.S. Economic Development Administration (EDA).

Please visit SRPEDD’s website at www.srpedd.org to review Highlighted Projects (www.srpedd.org/highlights), including our Regional Data Center, Drone Program, and various municipal projects, such as community master plans. Our website also includes departmental web pages, a calendar of events, and recent news.

Please do not hesitate to contact us with any questions, concerns, or project ideas.

Local citizens/officials representing Marion in SRPEDD activities:

Norman Hills on the SRPEDD Commission.

Norman Hills on the Joint Transportation Planning Group (JTPG).

In 2019, SRPEDD provided technical assistance to Marion in the following areas; please note that funding sources are indicated in parentheses:

- Staff continued to advance the Route 6 Corridor Study, including Fairhaven, Marion, Mattapoisett, and Wareham (MassDOT). For more information, please see <http://www.srpedd.org/Route-6-Corridor-Study>
- Staff continued to support the implementation of the 2017 Master Plan and the completion of the ongoing Open Space and Recreation Plan (local contract).

Southeastern Regional Planning and Economic Development District

88 Broadway • Taunton, MA 02780 • Phone (508) 824-1367 • Fax (508) 823-1803

- Staff completed turning movement counts on the following roadways: Route 6 at Spring St. (FHWA, MassDOT).

Highlights from SRPEDD's general 2019 Work Program include the following:

- SRPEDD updated the Comprehensive Economic Development Strategy (CEDS) for Southeastern Massachusetts, a regional document maintained by SRPEDD and certified by the U.S. Economic Development Administration (EDA). The CEDS maintains eligibility for the region's cities and towns to receive EDA funding.
- SRPEDD completed the Transportation Improvement Program (TIP), which sets regional priorities for federal transportation funds. The Southeastern Massachusetts Metropolitan Planning Organization (SMMPO) endorsed the FY 2020-2024 TIP.
- SRPEDD completed numerous local technical assistance projects through direct local contract, our Municipal Assistance (MA) program, and the District Local Technical Assistance (DLTA) program. Projects include, but are not limited to, Master Plans, Economic Development Plans and Guides, Housing Production Plans, Complete Streets and Green Communities Program Participation, interactive mapping, and assisting with Community Compact Cabinet (CCC) Best Practices.
- SRPEDD continued work under year 2 of our Drone Program.
- SRPEDD continues as the lead agency for the Resilient Taunton Watershed Network (RTWN). The RTWN is a collaborative of local, non-profit, regional, and state and federal government representatives interested in the future health and resilience of the Taunton River Watershed. The RTWN provides information, conducts outreach and educational efforts, resources and tools to protect existing natural resources, reduce flooding, promote restoration, and develop sustainability (EPA).
- In partnership with UMass-Dartmouth and the Cape Cod Commission, SRPEDD is working to develop a Marine Science and Technology "super cluster" through a three-year U.S. EDA-funded effort. Year one (2019) includes an assessment of the sector; year 2 (2020) includes the development of a formal Industry Alliance comprised of leaders in business, finance, government, and academia; and year 3 includes the development of a marketing plan. UMass-Dartmouth is administering the project.
- Staff continued to work with the Taunton Pathways Committee and provided a review of the draft Scope of Work for the new rail trail segment along the Taunton River.
- SRPEDD provides fiduciary support services to the Southeast Regional Homeland Security Council (SRAC), comprised of 96 municipalities and the Wampanoag Nation.
- SRPEDD conducts a district-wide traffic-counting program and maintains a database of available traffic count data throughout the region. SRPEDD undertook 130 traffic counts at various locations this past year.
- SRPEDD continued to provide administrative and technical support to the Taunton River Stewardship Council (TRSC) through a Cooperative Agreement with the National Parks Service. The Council is a multi-community, multi-agency collaborative established through the designation of the Taunton River as a Federal Partnership Wild & Scenic River in 2009.

Southeastern Regional Planning and Economic Development District

88 Broadway • Taunton, MA 02780 • Phone (508) 824-1367 • Fax (508) 823-1803

- In partnership with the TRSC, SRPEDD provides public education and stewardship opportunities to Taunton River Watershed communities, as well as access to local project funds through its Mini-Grants Program.
- SRPEDD is a member of two National Estuary Programs (NEP) including the Narragansett Bay Management Committee and Buzzards Bay Steering Committee, created to protect the resources and promote the stewardship of their respective watersheds. The Buzzards Bay and Narragansett Bay Watersheds together encompass the entirety of the SRPEDD area. As a member of these oversight committees, SRPEDD participates in the development of their respective Management Plans for both programs.
- SRPEDD worked with partners from the DEP, Buzzards Bay Coalition, USDA, Cape Cod Cranberry Growers Association, and the Cranberry Experiment Station to address nutrient reduction in the Wareham River.
- SRPEDD worked with the MA Division of Ecological Restoration to provide education and outreach materials and a regional workshop on the restoration of abandoned cranberry bogs.
- SRPEDD presented a workshop on agricultural vulnerability to the impacts of climate change for regional Agricultural Commissions at the 13th Annual SEMAP Agriculture and Food Conference at Bristol County Agricultural High School.
- SRPEDD provides technical planning to two regional transit authorities, SRTA and GATRA, including route evaluations, rider surveys, performance standards and federal reporting.
- SRPEDD continues to operate the Pavement Management Program, evaluating pavement conditions on federal-aid eligible roadways in the region's cities and towns.
- SRPEDD maintains a comprehensive database of all 380 signalized intersections in the region. SRPEDD conducted 48 turning movement counts at various locations this past year during the AM, Midday and PM peaks
- SRPEDD continues to assist communities under the Regional Bicycle Plan addressing infrastructure needs and recommendations on how to improve connectivity throughout the region.
- SRPEDD completed the Regional Pedestrian Plan to promote recommendations to improve pedestrian connectivity within and between municipalities.
- SRPEDD continues work on the Regional Bus Stop Capital Investment Plan following the completion of the Regional Bus Stop Inventory in 2016. The inventory of data collected for GATRA and SRTA bus stops is available to assist on proposed capital improvements.
- SRPEDD maintains an extensive Geographic Information System (GIS) mapping program. The mapping program contains a number of data layers including, land-use, zoning, water resources, soils, habitats, transportation network, economic development, priority protection and priority development areas, and other data and information.
- SRPEDD operates the Southeastern Massachusetts Data Center, providing information to businesses, cities and towns, and individuals.

Report of the ELIZABETH TABER LIBRARY

In 2019 the Elizabeth Taber Library staff, including new Library Director Elizabeth Sherry, worked hard to establish improvements that would make visits to the library even more fun and convenient. As a result the library experienced significant growth in patronage with a 43% increase in attendance and a 26% increase in circulation from the previous year. This year the library instituted automatic renewals, created a new Middle Reads collection to help bridge the gap between our children's department and our young adult collection, and developed a Lucky Day collection to help our patrons get their hands on our most popular titles even faster. Our Library of Things (our collection of non-traditional circulating items) was vastly expanded this year, and now includes bicycles, 3D pens, vinyl records, a portable record player, lawn games, a wood burning kit, musical instruments, a telescope, a microscope, table top games, a seed library, a tool kit, and much more. This year we also made the decision to eliminate overdue fines on our children's, middle reads, and young adult materials after reading studies that have shown that overdue fines do not encourage prompt returns on materials, and may actually keep patrons out of the library. We hope by removing this barrier to access that we can make the library an even better destination for the families of Marion and the tri-town.

In the Spring, the Elizabeth Taber Library held a Grand Reopening to celebrate the official unveiling of our beautiful new entrance. The ribbon cutting ceremony was a lovely way to introduce the community of Marion to our more accessible entrance, stone reading circle, and gardens, which will welcome readers for generations to come. This stunning new addition was made possible by someone who was a true friend to the library and to the entire Marion Community: Peggy Repass. We are all so grateful for Peggy's vision and extraordinary generosity.

This past year saw a hugely successful tri-town library collaboration with the One Book Tri-Town program, a series of artistic, historical, and educational events culminating in a visit by celebrated author B.A. Shapiro. Programs ranged from piano concerts, folk singing performances, art history lectures, movie screenings, and more, and represented a wonderful collaborative effort on the part of the libraries of Mattapoiset, Rochester, and Marion.

In April the ETL celebrated art month, a five week series of interactive art events for families. Participants painted rocks, created custom comic crafts, made buttons, experimented with drip art, and made custom stencils using our 3D printer, while taking inspiration from varied artistic styles and artists.

Young readers and their families celebrated summer with the library during our annual Summer Reading Program. Over a thousand participants engaged in literary, educational, and artistic events with the theme "A Universe of Stories." Events this year included programs with a magician, extreme science, exploring a submarine adventure, a star lab, books at the beach, outdoor yoga, lunch bunch story times, crafting projects, reading games, and more!

Our community has demonstrated so much support for the library this year by attending fundraisers such as our book sales in the summer and during the holidays. In June we held our Bridge

Tournament to benefit the library, and in November members of the Marion community hosted fellow readers in their own homes for our Tables of Content benefit. Tables of Content, a book discussion/dinner party, continues to be a fun, engaging, and community oriented event that hosts and participants look forward to every year.

As always the ETL is gratified by the continuing community engagement by our patrons. Library users host books clubs for readers of all ages, meet for Scrabble games, knitting groups, chess games, potlucks, cookie swaps, story times, lego clubs, memoir writing groups, and more. Old Rochester's late bus continued to drop student offs at the library this year, where students could read, socialize, or participate in after school activities. This year our first annual Halloween Blood Drive was an enormous success. We are so proud of all our patrons who helped the Red Cross in their lifesaving efforts, especially all the first time donors who participated.

We look forward to continuing the Elizabeth Taber Library tradition of offering our community a space for education, entertainment, and exploration. We hope everyone in Marion finds the opportunity to visit the library and discover something new for themselves.

Sincerely,

Elizabeth Sherry

Report of the Marion Natural History Museum

To the Honorable Board of Selectmen:

It is with great pleasure that we report the Museum is operating in good order and continuing to provide quality environmental education programs for the Tri-town area. Our after-school programs are running at full capacity and we have hosted some very successful evening programs and an Open House.

The Board is especially grateful to the Town of Marion for the additional \$3,400.00 in annual funding granted to the Museum for FY 2020. The additional funds have been used to expand our museum hours and begin offering programs for the elderly. The Board is also grateful for the assistance and support of the Marion Cultural Council and the Marion Marine Department, especially the Harbormaster, Isaac Perry with our after-school, summer, and evening programs.

The Museum Board of Directors expresses our gratitude for and acknowledges the dedicated service of our Director, Elizabeth Leidhold. The Museum could not function without Elizabeth's efforts to create and coordinate our extensive array of programming and manage our collections.

The Museum conducted the following programs in 2019:

After-school – Winter/Spring 2019

Jan 30 – Winter tree and shrub walk. We took a close up look at some twigs and buds from local trees and shrubs, and then took a walk in the woods to see if try and identify trees and shrubs without using their leaves.

Feb. 13 - Great Backyard Bird Count February 15 through the 19th was the Great Backyard Bird Count, which is an important citizen science effort to discover more about bird populations in our area. It's a simple and fun to do project that can be done over the weekend and submitted online to Cornell University. We learned a little about the Bird Count together.

Feb. 27 – Popsicle-Stick Catapults with Mark Whelan, Engineering Professor at Mass Maritime. We explored the relationship between Elasticity, Energy, Mass and Velocity. We built and tested our own small catapults. We launched objects big and small, and tried out various modifications to improve performance.

March 13 – Exploring shells. The museum has an extensive shell collection, some of the specimens include shells that were donated by Elizabeth Taber herself! We took a look at some of the more exotic shells in our collections as well as some of our native ones and tried to match which animal lived in what shell.

March 20 - Weather Weather reporter Chelsea Priest spoke about weather patterns, and what we might expect come spring. Chelsea also spoke about what it takes to be a televised meteorologist.

April 3 – Alewives Herring Officer Dave Watling came to the museum to talk about the life cycle of this important fish species. Dave explained what he does in his role and what efforts are being made to help them survive.

April 24 – Insects with Blake Dinius. Blake is an entomologist with Plymouth County Extension Service. We enjoyed hunting for insects and talking about where to find them. We learned about the challenges and difficulties that insects go through in order to survive in our world. Along the way, we identified the insects we found and talked about different techniques and strategies for hunting insects.

May 1 - Bird Island with the Marion Harbormaster's office. We visited the newly restored nesting habitat of the Roseate Tern. The center of the island has been filled in and vegetation added to make the island more hospitable for these rare and endangered birds.

May 15 - Soil critters with Maggie Payne, Soil Scientist with U.S.D.A. Did you know there are more living organisms in a tablespoon of healthy soil than there are people on earth? We explored the life beneath our feet and discovered the importance of not treating our soils like dirt.

May 22 – Water Bottle Rockets with Dr. Dills of the UMass Dartmouth Chemistry Department. During construction of our rockets we learned a little something about aerodynamics, altitude and how our design impacts the duration of the flight.

June 5 - This is Rocket Science! We learned about propulsion and lift with Mike Cronin. Each child had his/her own rocket with motor to assemble and set off. Space is limited to 12 children ages 6 and older, on a first-come, first-served basis. Parent volunteers were encouraged to stay and help with rocket assembly.

Adult Programs

March 21 The museum hosted a “Virtual Reality Demo & Open House” from 5pm – 8pm We had many adults stop by to visit and participate in our first public demonstration of our HTC Vive virtual reality system.

June 7 @ 7:00 pm the Marion Natural History Museum hosted Dr. Jeff Kaeli, of Woods Hole Oceanographic Institution (WHOI). Jeff spoke about the use of an autonomous underwater robot developed and operated by WHOI engineers. This important equipment allowed scientists to discover the Spanish galleon “San Jose” shipwreck which is often called the “holy grail of shipwrecks”. Partial funding was provided by the Marion Cultural Council.

July 10 @ 7:00 pm the Museum hosted WHOI Researcher Amy Kukulya who spoke about the “Shark Cam” shark research that she has been conducting. Amy discussed how she and her team use harpoon transponders and the REMUS autonomous underwater vehicle to track and observe sharks in their natural habitat. Partial funding was provided by the Marion Cultural Council.

Summer Program

In July we offered our **Coastal Explorations program**. During this half-day, week-long program, we participated in experiments, crafts and journaling while being outdoors. We explored our rocky intertidal shoreline, salt marshes, estuaries as well as freshwater riverbanks, forest, swamps, ponds and bogs. We took daily trips to look for the birds, amphibians, fish and invertebrates that make these areas so special. This program is for boys and girls, grades 3 – 6.

After School Fall Programs

9/18 – Open House - Getting to know your museum. This was offered on a half day from school. The students were invited to come to the museum to create with legos, enjoy our displays and learn about our upcoming programs. We were open from 12 – 4.

9/25 - Netting at the Marion Harbormaster's beach – while it was still warm out, we used our seining nets to see what animals we could find in Sippican harbor.

10/9 - Massachusetts Turtles What kinds of turtles do we have in Massachusetts? Did you know we have a turtle who likes to build his own house in hide in? And that we have a turtle called a “stinkpot”? What should we do when we find a turtle? Brian Bastarache Natural Resource Management Chairman at Bristol Agricultural School came in to share his expertise and let the students take a close-up look at some live specimens.

10/23 – Fall is here! What is our native wildlife doing to prepare for the coming cold? We talked about some winter survival strategies used by our local wildlife and then we went into the woods to look at how our local plants, trees and squirrels were getting ready to adapt for winter.

11/13 – Cranberries This fruit has been a valuable product from the southeastern Massachusetts area for many years. Dawn Gates-Allen of the Cape Cod Cranberry Growers Association gave us some insight into the life of a bog-owner, including the many challenges they face. We had fun conducting some experimenting and hands-on activities.

12/11 - Holiday party - Our annual event has always been a popular program. We had some fun using natural and recycled materials to make gifts for the holidays while we enjoyed some light refreshments.

We welcomed new Board members Linda Harju, Karen Alves and Justin Barrett. Karen took over the Treasurer's position and Membership duties near the end of 2019. David Pierce is to be thanked for his many years as the Treasurer and Director of Membership. David will be leaving us this summer to retire in Vermont and will be sorely missed!

Respectfully submitted,

REPORT ON 2019 SEASON: MARION CONCERT BAND

The 2019 season of the Marion Concert Band began with four Monday night rehearsals (June 3, 10, 17, 24). As usual, our rehearsals were held at the Marion Music Hall. The band's season opened with a concert at Silver Shell Beach in conjunction with the town's Independence Day Celebration on July 5th.

The Friday evening concert series at Island Wharf got off to a delayed start with the July 12 concert at the Robert Broomhead Bandstand getting rained out. The series continued the following week, and with concerts every Friday evening through August 30. Each concert was an hour and a half in length, running from 7:00-8:30. The band played a total of eight concerts this season, with the one rainout. The band's roster consistently averaged between 40 and 50 musicians on stage each week.

The season included the usual variety of thematic programs, including Broadway show music, movie and TV themes, a Latin-American night, a Young People's concert, a Boston Pops style concert and an evening of British band music. The Young People's Concert on July 26th was one of the best we've ever had. The audience was substantial in size and the large group of mostly younger children were delightful, making new friends and getting along great with each other the whole night. Everyone had a good time and several parents came up the hill at the end of the concert to thank us for putting together such a wonderful program geared toward their young children.

As they've done since 2010, members of the Cape Cod British Car Club joined us for the annual British concert on August 2. The stylish British sports cars graced the grounds of Island Wharf that night and the weather was perfect. A delightful evening!

Featured soloists from the band this season included John Smialek (trumpet), Tony Borges (clarinet), Daniel Moniz (clarinet), and a trumpet trio performing Leroy Anderson's *Bugler's Holiday*.

On August 12, I received word that the Marion Board of Health had learned that a case of EEE (eastern equine encephalitis) was discovered in the vicinity. This created serious health risks to the general public, and in the interest of public safety, the Marion Board of Health ordered all activities at town parks, playgrounds and beaches to end at 6:00pm effective immediately. The ban would remain in effect until the first frost. This situation effectively cancelled the last three concerts of our Friday evening series at Island Wharf. The same thing had happened in 2010 and we were fortunate back then to be able to move our concert series indoors for the last four concerts that season. Since the Music Hall is too small to hold 50 musicians and an audience of about the same size or larger, the final concerts of the 2010 season were held in the general purpose room of the Sippican School. This year, band manager Philip

Sanborn was able to make the necessary arrangements with school officials in time for us to continue our concert series August 16 at the Sippican School.

The general purpose room at the Sippican School is very spacious, and the band easily fits onto its large stage. Sippican music teacher Hannah Moore was an immense help, providing us with music stands, warm-up rooms and logistical support the entire time. We presented concerts at the school on August 16, 23 & 30; coincidentally three of the four dates we had played there in 2010!

A few days after our season concluded on August 30, Phil Sanborn sent an email thanking the town and school officials that had made it possible for us to complete our concert season in the face of this public health threat. Phil's words echo the sentiments of myself and every member of the Marion Concert Band:

When I asked the Superintendent's Office if we could hold our concerts at the Sippican School, I was met with nothing but support and good spirit. From the ladies in the Central Office (who were very nice and efficient) to Hannah Moore (who let us use all of her band equipment and offered to help in any way) to Craig Harrison (who contacted me, stepped me through using the facility and made sure everything was in place) to Gene Jones (who oversaw the facilities and was kind and helpful as we organized our concerts). The concerts were successful, well-attended and continued the tradition of the Marion Concert Band, established in 1878. Thank you all very much for the generous hospitality, it was deeply appreciated!

Respectfully submitted,
Tobias S. Monte
Music Director, Marion Concert Band

Report of the MARION CULTURAL COUNCIL

In 2019 the Marion Cultural Council (MCC) conducted a community input survey to determine the needs and priority of the town of Marion. This survey is conducted every three years and was available to the community in paper form as well as online to determine the effectiveness of the council and the priorities of the community. The results concluded that the MCC should become more visible in the community and that Marion's number one priority is to promote access to MCC funds to projects that will directly improve the quality of life for those living in and around the town of Marion. Using data from our latest community input survey (July 2019) the council will prioritize the following when making decisions using the top responses from Marion citizens. 1) The grant will directly benefit a significant amount of Marion residence. 2) Community wide gatherings/festivals 3) Projects that offer free or reduced rates to those in need and seniors/residence 4) Nature and environmental education 5) Projects celebrating local history and cultural diversity 6) Projects celebrating cultural diversity 7) STEM related projects 8) Art education 9) Projects focused on local history 10) Education/lectures 11) Field Trips. These priorities have been listed on the state website and are used as a guideline to determining grant applications approval.

In direct response to the community input survey the MCC purchased a vinyl banner to display at grantee functions, and promoted events on the MCC Facebook page. <https://www.facebook.com/marion.ma.cc/> MCC has a commitment to become more visible in town and to seek donations in order to fund more projects in the Marion community.

The council also has also become one of several Massachusetts communities who have entered into a Direct Grant agreement with the Massachusetts Cultural Council who offered cultural councils the ability to pay grantees through a direct grant. This process eliminates the requirement that grants made with Massachusetts Cultural Council funds be reimbursement based. The Direct Grant option authorizes municipalities the ability to make grant money available in full and up front to grant recipients. The goal of allowing councils to give direct grants is twofold: to enhance LCC programming opportunities by imposing less financial hardship on potential grant recipients, and to simplify the payment process for municipalities and councils

There were 21 grant applications in 2019; fourteen approved and seven denied on November 20, 2019. A total of \$5,117 was granted between these 7 applicants, \$557.59 from encumbered funds. We encourage all community members to visit <https://www.mass-culture.org/> for complete details.

Respectfully,

Kristen Saint Don-Campbell, Chairperson

2019 ORCTV Annual Report for Marion

Old Rochester Community Television continued to broaden our commitment to Marion and the Tri-town region during 2019. ORCTV filmed and broadcast more local events on our public access and educational channels than in any previous year with an increase in the number of Marion Town boards and committees on the Marion Government Channel. For the year ORCTV filmed over 1000 pieces for broadcast on our 5 local channels. This marks an increase of over 25% of our output in 2018 while also representing our greatest number ever for a single year.

This past year ORCTV filmed and broadcast approximately 150 government meetings in Marion, the most we have ever filmed during a single year. This also marked a 25% increase over the previous year and included meetings of the Board of Selectmen, the Planning Board, The Conservation Committee, The Zoning Board of Appeals, The Open Space Acquisition Committee, The Finance Committee, Marion School Committee, **Marion Energy Management Committee** as well as special forums about the town's infrastructure. ORCTV also recorded and broadcast public meetings held at the Music Hall with regards to the future of the Route 6 Corridor, Marion's public works and rubbish collection, as well as warrant reviews outlining articles on the warrants for the 2019 Spring and Fall Town Meetings.

ORCTV covered both the 2019 Annual Town Meeting in May and the Special Town Meeting held during the month of October. An additional service provided by ORCTV was the recording of the annual League of Women Voters Candidates' Night in addition to a series of short promotional pieces recorded for candidates running for various Town offices in the 2019 Town Election.

As part of ORCTV's commitment to the public's access of Marion town Government meetings ORCTV invested in new production and recording equipment which was installed in the Marion Police Department conference room. Working closely with Chief of Police John Garcia and new Town Administrator James McGrail ORCTV designed a new multi camera recording system that allows ORCTV staff the ability to record and broadcast live government meetings from the Police Station when the conference room at the town House is being used for other purposes or during summer months when the Police Station's air conditioning makes for a more comfortable setting for committee and board meetings. ORCTV also purchased and installed listening devices at the Town House's conference room to allow the hearing impaired to participate in government meetings both as board members and as members of the live viewing audience.

Old Rochester Community Television once again worked with a variety of Marion based organizations and groups during 2019, bringing a wide array of locally produced programs to our viewing audience. Included among the groups and organizations from Marion who ORCTV worked with were the Marion Art Center, the Elizabeth Taber Library, The Marion Natural History Museum and its after school and summer programs, The Sippican Land Trust , The Buzzards Bay Action Committee, Tender Hearts Home Health Care, The

Tri-Town Foundation, Eastern Bank, Tabor Academy, The Tri-County Symphonic Band, The Sippican Historical Society, Nemasket, The Sippican Choral Society, The South Coast Children's Choir, The League of Women Voters, The Board of Health during the EEE outbreak and other public health issues, Adagio Dance Studio and St. Gabriel's Episcopal Church among many others.

ORCTV also continued to provide coverage of many Marion annual town events for our public channel. This included the Memorial Day Ceremonies and Parade, Veteran's Day Ceremonies, the Independence Day Parade, The Annual Halloween Parade, and the 2019 Village Stroll and Holiday Concert at Sippican School during the Christmas season.

During 2019 ORCTV continued to upgrade the equipment being used in each school within the ORR School District and at Old Colony Regional Vocational Technical High School to further our ongoing commitment to the educational programs we have established throughout the respective districts. In 2020 ORCTV will continue our work with each school of the ORR School District furthering this important partnership, filming events throughout the Tri-Town school system for the ORCTV ETV channel. Our educational programs are being viewed as a model for other area school districts who have produced similar programs and created content based on knowledge that ORCTV shared with neighboring access stations.

In 2019 ORCTV the production programs which ORCTV developed at each school within the district provided production equipment for local schools and instruction to over 300 students and district faculty members. The Educational Outreach Coordinator continues to work with each of the local elementary schools with the Sippican Junior Reporter program acting as a model for the other schools in the district. Among the many pieces ORCTV filmed at Sippican School this past year were the Spring, year end and Holiday Concerts, the Sixth Grade Graduation Ceremony, as well as various school assemblies, events and plays. Students also created PSAs for the school about bullying and other important subjects, writing, filming and editing each project. ORCTV featured these projects, concerts, plays, educational programs, district and town school committee meetings on the station's educational channel. All pieces filmed for the town, by our members and staff and for the school district are archived to our Vimeo platform and can be viewed on demand at anytime from anywhere that the internet is available. Use of our on demand Vimeo video archive expanded exponentially this past year, more than tripling the number of views in the previous year as we surpassed 150,000 views up from 45,000 in 2018.

During 2019 ORCTV cable-casted 8,300 hours of programming on our public channel, 6,600 hours of programming on our educational channel and over 6,500 hours of programming on Marion's government channel. ORCTV is proud to serve this community as your access media outlet and we hope to continue serving Marion for many years to come.

2018-2019 SCHOOL YEAR REPORT

Introduction

Old Rochester Regional School District and Massachusetts Superintendency Union #55 serve the towns of Marion, Mattapoisett, and Rochester. The educators and staff in the three communities and four districts continue to work collaboratively to develop and deliver high quality education for our students that prepare them for an ever changing society and workforce. Thank you to our three communities who provide financial stability that allow our educators the resources to offer the latest curricula and programs which help our children to compete and excel in all facets of their education. Our buildings have been updated with security systems and improved technology that create a safe and welcoming environment for our students and staff.

The Old Rochester Regional High School staff worked tirelessly to prepare for a NEASC Accreditation review in the Spring of 2019. As a result of the administrators and staff commitment to high standards and expectations for learning for all students, Old Rochester Regional High School received their accreditation for another 10 years. A copy of the full report can be obtained at either the high school or central office.

As you read this report you will see examples of our students' achievements, staffing and program changes, as well as signs of the structural improvements that have taken place in our buildings to upgrade learning spaces, technology infrastructure and safety.

Strategic Plan

Vision 2023

Vision 2023 was created in the Spring of 2018 by a steering committee with the help of focus groups from all three towns. The steering committee narrowed the scope of the work to three priority areas; social and emotional learning, global awareness, and 21st century skill development.

THEORY OF ACTION

IF WE ...

provide all students with life and career skills, learning and innovation skills, and technology skills, by integrating these skills into a rigorous and relevant curriculum,

AND

develop and consistently utilize evidence-based approaches and strategies that foster the social and emotional well-being of students to promote their success,

AND

create a school district environment that broadens our students' leadership skills, understanding and appreciation of multiculturalism, diversity, and global awareness by building relationships to establish a broader worldwide network, inspire all students to think, to learn, and

THEN WE WILL ... to care.

have provided our Tri-Town students with 21st-century academic skills, strengthened their social and emotional competencies and prepared them to be engaged global citizens.

Strategic Plan - Year One

During the 2018-2019 school year educators worked to complete the first years' goals of the five-year strategic plan. The Vision 2023 strategic plans overarching goals focus on meeting the needs of all students, community relationships, technology, and organizational structure. This year's professional development centered around our

commitment to Vision 2023. The focus was Project-Based Learning, Social Emotional Learning and curriculum revision.

On October 5th, the first full day of PD for educators, Justin Reich, Assistant Professor in the Comparative Media Studies/Writing department at the Massachusetts Institute of Technology, spoke about the importance of Technology Equity. The afternoon was an ala carte of Project-Based Learning opportunities in which staff had their choice to pick from.

The second full day of professional development, held on January 18th, centered around Social Emotional Learning. Laurie Santos, Professor of a renowned, continuously sold out Science of Happiness Course at Yale University, was the morning keynote speaker. Once again, the afternoon was an ala carte of Social Emotional Learning opportunities for staff to choose from.

The four remaining half days of professional day were building-based opportunities for staff to work together collaboratively on Project-Based Learning opportunities, updating curriculum or report card revisions. Year One goals of Vision 2023 were the focus throughout this year of professional development. Much was learned and accomplished which was brought forth to our students in the classroom.

School Leadership

During the 2018-2019 school year, leadership at Central Office and in our schools had some changes. Three administrators retired on June 30, 2019; Dr. Elise Frangos, Kevin Brogioli and Evelyn Rivet. Thank you to Assistant Superintendent, Elise Frangos, Junior High Principal Kevin Brogioli, and Sippican Principal Evelyn Rivet for their many contributions and years of dedicated service to the students of the tri-towns. We wish many years of good health and happiness as they begin a new phase in their lives. In addition, Sarah Goerges and James Barasso resigned from their positions as assistant principals at Sippican School and ORR High school, respectively.

As a result of these retirements and resignations, several new administrators have been appointed. Michael Nelson is now Assistant Superintendent for Teaching, Learning & Student Services and Silas Coellner is Principal of the Old Rochester Regional Junior High School. Marla Sirois was selected as Principal of Sippican School, Kyle Letendre as Assistant Principal of Sippican School, Vanessa Harvey as Assistant Principal of the Old Rochester Regional High School and Kelly Chouinard as Assistant Principal of the Old Rochester Regional Junior High School.

The leadership team worked collaboratively to help the district meet the first years' goals of the Vision 2023 Strategic Plan. As a result of the leadership team's commitment to the children and staffs of the tri-towns, students and staff continue to excel and are recognized for their many outstanding accomplishments.

School Buildings

We continue to investigate energy efficient options for all our schools, specifically we have received a lighting initiative by Eversource to replace five (5) of our school fixtures to LED. This will reduce our electricity use and remove the hazardous waste from the fluorescent lights and ballasts. We have also had solar audits on all our schools for the feasibility and sustainability of solar net metering credits. We have solicited the market for purchase power agreements for natural gas and fossil fuel (RMS).

Our new custodial services contractor, Facilities Management & Maintenance Inc., has been supplying custodial services since the start of the school year in all the schools with the exception of ORR. The transition went smoothly and the quality of services has increased, providing a safe and clean educational environment for our students and staff as well as the community.

We submitted proposals to the three Towns for Capital Improvements including District (ORR) capital needs. Will meet with Town Committees to explain and justify the needs and their priority from our perspective.

Rochester Memorial School

We completed the Security/surveillance up grade, which improved the overall safety at Rochester Memorial by providing enhanced surveillance and access to our school and grounds. All mandated yearly inspections and tests have been completed. Routine maintenance is conducted on all facility machinery and equipment to ensure proper operation and reliability.

Old Rochester Senior/Junior High School

We applied for and received a school safety grant from the Commonwealth, which allowed us to upgrade our door access and surveillance systems. The upgrades are now fully operational. The upgrades increased the capability to provide a safe and secure learning environment.

Our Solar Carport project is in legislation, which would allow the District to enter in a net metering credit lease. When approved, the project will be able to move forward with the permission of the school committee.

Our landscape contractor serviced the multi-purpose field by leveling, filling, over seeding and using the latest in field maintenance techniques to groom and maintain the field during the high tempo use of spring and fall sports. In conjunction with the installation of the led auditorium house lights, from our lighting initiative, we solicited quotes for upgrading of our current sound and light system which will enhance the many student and community functions and productions in our auditorium.

We have secured a lease for an additional special education/student services van which will allow us transport all our students within the severe disabilities programs during community outings and allow the district to provide a higher level of services to special education students who require functional academic, work to work application, and travel training with their local communities.

We replaced the defective High School's #2 walk in freezer compressor unit with a unit that was donated to us by New England Refrigeration. The only cost was installation.

Sippican Elementary School

We have completed the upgrade of our entire technology backbone infrastructure, including the Building Management System (BMS). This upgrade will ensure that all devices will be able to access the internet without the constant dropping of access and buffering.

Sippican has also added LED lighting and energy saving sensors as a result of the Town's Green Community Grant. This will help in the cost reduction in our utilities as well as reducing the unnecessary operation of equipment when not occupied.

Purchased and installed new lighting and sound board for the multi-purpose room. This will enhance the overall sound and lighting quality of events, meetings and performances in the multi-purpose room. Students, staff and the community will be able to utilize the room with confidence that a high tech system can deliver.

Completed VCT floor replacement in the corridor and foyer by 1st grade hallway. Phase replaced aging floor burnisher with a new high efficiency propane floor burnisher and restorer allowing our custodial contractor the proper tools to maintain the high level that we have set for our building.

Completed several roof membrane repairs along with routine maintenance on all building systems and equipment.

Center School

We had several contractors in to repair leaking roof and drains that caused water damage in several Council of Aging rooms. Those rooms were also completely remediated and an air quality test conducted. This repair was covered by insurance.

We repaired and conducted routine maintenance on all facility systems including all equipment and machinery.

Old Hammondtown School

We needed to Replace the food service failed walk in freezer compressor/ condenser. The unit was twenty (20) years old and had reached its normal life expectancy. Through the Eversource lighting initiative we were able to completely replace all interior fixtures with modern highly efficient LED fixtures. We look forward to a significant energy savings by the reduced wattage, heat and long life that come from replacing of fluorescent lamps to LED, not to mention contributing to the Green Community initiative.

We repaired and conducted routine maintenance on all facility systems including all equipment and machinery.

Student Services and Special Education

Students who receive special education services in the Tri-Town Area range in age from 3 to 21. Our integrated preschool program called Project GROW provides services for any preschoolers who are eligible for special education. Some preschoolers, who are eligible for special education services, receive therapies on an appointment basis based on individual needs.

Students in elementary schools range from those who may have very mild learning or language disabilities or a developmental delay to students who have very significant disabilities (autism, multiple disabilities, etc.). School-based TEAMS consider the impact of the student's disability on their education in determining the types of services or program the student needs. Some students with complex disabilities affecting all areas of their lives may require services after school or during summer vacation. As students become older, school based TEAMS work with adult agencies to begin the transition process for students who are entitled to support services.

During 2019 and as compared with the Commonwealth of Massachusetts the Marion, Mattapoisett, Rochester and Old Rochester Regional School Districts educated 87% of their students who receive special education within a full inclusion service delivery model, as compared with a state average of approximately 62%. The benefits of education within our neighborhood schools include: higher expectations for students with disabilities; improved instruction (because of the need for teachers to teach to individual children regardless of their achievement levels); and a richer school environment because of the diversity of our classrooms. The average percentage of students with disabilities (SWDs) is 17%, which is 1.1% less than the state average of 18.1%. A particular point of pride continues to be how few of our students are educated in schools outside of their communities. Specifically, only .6% of students with disabilities are educated in schools or programs not in the Tri-Town! This data is evidence of the strong commitment to an inclusive school and town(s) environment.

There is variability in the percent of students with disabilities among our school districts – as outlined in the table below:

District	%SWD
Marion	20.8%
Mattapoissett	16.7%
Rochester	18.7%
ORR	11.8%
System-Wide	17.0%
State-Wide	18.1%

Regarding the professional development of staff members within our schools, approximately 35 individuals participated in a Responsive Classroom Elementary Course in 2019. Responsive Classroom is a student-centered, social and emotional learning approach to teaching and discipline. It is comprised of a set of research, and evidence-based practices designed to create safe, joyful, and engaging classroom and school communities for both students and teachers. Furthermore, Responsive Classroom is an evidence-based approach to teaching and discipline that focuses on engaging academics, positive community, effective management, and developmental awareness. Our students are given opportunities to develop their social and emotional competencies related to cooperation, assertiveness, responsibility, and empathy. The schools in the Tri-Town have been committed to the Responsive Classroom approach for approximately two decades and steps are continuously taken to improve our implementation practices. At the close of 2019, nearly 100% of our elementary and middle school professional staff members are fully trained and/or have received additional Responsive Classroom training. Moreover, the Office of Student Services offered additional trainings in the areas of Individual Education Program (IEP) development, adult agency supports for students with disabilities (MRC), confidentiality, student records, and crisis prevention and intervention (CPI).

At the Old Rochester Regional High School the severe disabilities learning support centers continue to grow and provide high level services to both high school aged students with disabilities and for individuals requiring transitional services and programming. The Office of Student Services collaborated with Southeast Center for Independent Living in 2019 and offered a Learner’s Permit Course for students with disabilities. For eight weeks eligible students participated in an in-person course that prepared students to take the learner’s permit test either at the Registry of Motor of Vehicles or with a staff member in-person to accommodate their learning differences.

On a different note, the high school athletics program also became Unified Sports/Special Olympics affiliated! Special Olympics is dedicated to promoting social inclusion through shared sports training and competition experiences. Unified Sports joins people with and without intellectual disabilities on the same team. It was inspired by a simple principle: training together and playing together is a quick path to friendship and understanding. The Bulldogs have embraced this philosophy and participated in track and field in 2019 and will expand their participation to include basketball and bocce in 2020.

Our youngest learners continued to receive high level preschool services in an integrated classroom model that reflects our schools' philosophy regarding inclusion and best practices. The Early Education Coordinator worked with both school personnel and community partners to offer a Week of the Young Child Celebration for our families and students. Utilizing a literacy walk and play theme many families learned more about early education services and resources in our local communities.

In 2019, the Office of Student Services also collected and participated in the Civil Rights Data Collection process which is federally required. This effort requires strategic and careful data collection practices to ensure accurate information is being shared about our schools regarding our demographics, practices, programming, and services. Also, the Office of Student Services participated in a Tiered Focused Monitoring in collaboration with the Department of Elementary and Secondary Education (DESE). Every three years all public school districts are required to do so. This review process emphasizes elements most tied to student outcomes. Particularly, the DESE reviewed licensure and professional development, parent/student/community engagement, facilities and classroom observations, compliance oversight, time and learning requirements, and equal access to all programming offered by our schools. Regarding special education – our schools were found to be in full compliance with all regulations.

Finances

Federal and state grants continue to offset staffing in all four school districts, as well as provide staff development for targeted student needs including social/emotional learning, language-based learning disabilities, and students with significant and complex needs. Grants also offset a percentage of preschool programming. Finally, the continued investment in providing special education services within the neighborhood schools enriches the quality of teaching available to all students, improves the school culture and ultimately results in students with disabilities and their families maintaining a higher level of independence.

The School Budgets

The table below displays the trends in the budgets of the Tri-Town district in the last three years.

The per pupil cost for education in the schools of the Old Rochester Regional and Massachusetts Superintendency Union #55 is compared to each other as well as to the Massachusetts state average:

	<u>FY'16</u>	<u>FY'17</u>	<u>FY'18</u>
Marion	\$15,889	\$15,788	\$16,298
Mattapoissett	\$16,992	\$19,427	\$19,746
Rochester	\$14,153	\$15,269	\$14,633
Old Rochester	\$14,918	\$15,316	\$15,405
State Average	\$15,545	\$15,911	\$16,506

The source of support for public education programs in the Old Rochester Regional School District/Massachusetts Superintendency Union #55 includes funding sources described in the tables below:

Local Tax Assessments: Local School Budgets: (Grades K-6 Elementary School Program)

	<u>FY'17</u>	<u>FY'18</u>	<u>FY'19</u>

Enrollment

The October 1st enrollment totals in the Old Rochester Regional/Massachusetts Superintendency Union #55 Districts are showing a fluctuation from year to year. Although the enrollment trends in the state are showing a decrease in school age population the tri-town seems to remain consistent.

	<u>October 1 Figures</u>		
	<u>2017</u>	<u>2018</u>	<u>2019</u>
Sippican School	454	446	433
Center School	239	246	244
Old Hammondtown	199	190	190
Rochester Memorial	495	509	504
ORR Junior High School	443	413	415
ORR Senior High School	696	682	662

Although a high percentage of the elementary school students K-6 are enrolled in the Tri-Town Public Schools there is some movement to independent and parochial schools from grade seven and a more significant movement to independent, parochial, and vocational schools, after the eighth grade. The following chart captures trends in student transfers. The largest transfer trend is seen from Grade 8 to Grade 9 where some of our students opt to go into Vocational High Schools, such as Upper Cape Cod Technical High School, Old Colony Regional High School and Bristol County Agricultural High School.

	<u>2017</u>	<u>2018</u>	<u>2019</u>
Grade 6	199	221	203
Grade 7	204	204	213
Grade 8	239	209	202
Grade 9	172	179	156
Grade 12	189	169	162
Graduating Class *	187	177	185

* Graduating class figures are as of June; other figures are as of October 1, 2019.

Union Agreements

During the 2019 school year, contracts were settled with the with Old Rochester Professional Educators Association which includes teachers, educational assistance and secretaries. In addition, the ORR custodians and food service workers contracts were settled as well. Contracts currently being negotiated are the Marion Teachers Association and Rochester Support Staff which includes instructional support and food service workers.

Curriculum & Instruction- Academic Performance

Next Generation MCAS Tests 2019

The Next Generation MCAS was taken by all students on a Chromebook. The exam is set so that students who performed over the score of 500 earn the “Meets Expectations” or “Exceeds Expectations” designation. Scores under 500 earn the “Partially Meeting Expectations” designation. Students who are not demonstrating that they know the standards in a given subject area receive a “Not Meeting Expectations” designation. Our goal is to help every student Meet or Exceed the Expectations.

Once again this year, the Massachusetts Department of Elementary and Secondary Education incorporated accountability indicators which provide information about school performance and student opportunities beyond test scores. There are also normative and criterion-referenced components to assessment such as attendance in the accountability percentiles and progress toward set targets. The Department of Education is focused on raising the performance of each school's lowest performing students in addition to the performance of the school as a whole. DESE has accountability categories that define the progress that schools are making and the type of support they may receive from the Department. Districts are classified based on district-level data, not based on the performance of a district’s lowest performing school.

The table below shows an at-a-glance overall performance of each district according to these new accountability measures. Each school’s individual performance is discussed with school by school data.

2018/2019 Accountability Performance			
District	Overall Classification*	Reason for Classification	Overall Progress Toward Improvement Targets (%)**
Rochester	Not requiring assistance or intervention	Substantial progress toward target	53%
Marion	Not requiring assistance or intervention	Substantial progress toward target	38%
Mattapoisett	Not requiring assistance or intervention	Meeting or exceeding target	98%
Old Rochester	Not requiring assistance or intervention	Substantial progress toward target	75%

*Overall classification: All Massachusetts districts and schools with sufficient data are classified into one of two accountability categories: districts and schools requiring assistance or intervention, and districts and schools not requiring assistance or intervention.

**Progress toward improvement targets: The criterion-referenced target percentage combines multiple years of data related to achievement, growth, high school completion, English learner progress, advanced coursework completion, and chronic absenteeism into a single number between 0 and 100. For a group to be considered to be meeting targets it must have a cumulative criterion-referenced target percentage of 75% or higher.

Rochester Memorial School Performance

Rochester Memorial School is made up of pre-k through grade 6 students. Rochester Memorial School students continue to perform at a high level in all subjects ranking in the 71st percentile statewide.

Students at Rochester Memorial School in grades 3 through 6 achieved an average standard score above the aforementioned 500 threshold consisting of 505 for grade 3, 506 for grade 4, 501 for grade 5 and 512 for grade 6 in English Language Arts. Grade 3 English Language Arts achievement improved to 60% in 2019 up from 57% in 2018.

Average math scores for Rochester Memorial School students were 502 for grades 3, 500 for grade 4, 500 for grade 5 and 505 for grade 6. Grade 6 Rochester Memorial School students met or exceed expectations at the 70th percentile in Math and in the 68th percentile in ELA versus 50% respectively for the State. On the Grade 5 Science Assessment, students averaged a score of 502 versus the State average of 499.

The table below describes the performance by grade at Rochester Memorial School.

Grade and Subject	Meeting or Exceeding Expectations		Exceeding Expectations		Meeting Expectations		Partially Meeting Expectations		Not Meeting Expectations		No. of Students Included	Avg. Scaled Score	Avg. SGP	Included in Avg.SGP

Sippican School Performance

Sippican School serves students pre-k through grade 6. Sippican School students continue to outperform the state at a high level in ELA, Math and Science. Sixty-seven percent of 6th grade students met or exceeded expectations in math versus 52% for the state.

Students at Sippican School in grades 3 through 6 achieved an average standard score above the aforementioned 500 threshold consisting of 513 for grade 3, 503 for grade 4, 504 for grade 5 and 504 for grade 6 in English Language Arts. Average Math scores for Sippican School students were 507 for grades 3, 503 for grade 4, 503 for grade 5 and 511 for grade 6.

On the science exam, 59% of grade 5 students met or exceeded expectations versus 49% for the state. Both grade 3 and grade 5 students scored 11% higher in ELA compared to the state average in the met or exceeded expectations category.

The table below describes the performance by grade at Sippican School.

Grade and Subject	Meeting or Exceeding Expectations		Exceeding Expectations		Meeting Expectations		Partially Meeting Expectations		Not Meeting Expectations		No. of Students Included	Avg. Scaled Score	Avg. SGP	Included in Avg. SGP

Mattapoissett Schools Performance

Center School serves students pre-k through grade 3. Old Hammondtown School serves students grades 4 through 6. Old Hammondtown School has been recognized as a School of Recognition for High Growth. It is only 1 of 67 elementary schools in the state to be named with this distinction. Massachusetts Commissioner of Education Jeffrey Riley has made reference to Mattapoissett schools for their exceptionally high achievement.

Grade 3 Accountability at Center School jumped to 100% in 2019 up from 0% in 2018. Mattapoissett students continue to perform at a high level in all subjects; 95% of grade six students met or exceeded expectations versus 54% for the state. On the grade 5 Science exam, 86% of students met or exceeded expectations versus 49% for the state. The average assessment score for Old Hammondtown School grade 5 students was 512 versus 499 for the state.

The grade 3 English Language Arts average assessment score at Center School made tremendous gains to 517 in 2019, up from 505 the previous year. Grade 6 at Old Hammondtown School English Language Arts average score also dramatically improved to 525 from 501 the previous year.

Old Rochester Regional Junior High School Performance

Old Rochester Regional Junior High School serves students in grades 7 and 8 from Marion, Mattapoisett and Rochester. Accountability for all ORRJHS students jumped to 80% up from 28% the previous year. Progress in accountability for low performing students at the Junior High School was significant this year; 84% in 2019 versus 51% in 2018. Students with disabilities exceeded achievement targets in all exam areas including ELA, Math and Science.

English Language Arts exceeded accountability achievement targets for all students and subgroups. ELA "Exceeding Expectations" jumped to 20% in 2019 up from 8% in 2018. ELA low performing students averaged 66% growth which far exceeds typical growth.

Sixty-three percent of students met or exceeded expectation in Science and Technology at the Junior High School, up from 46% in 2018.

Old Rochester Regional High School Performance

Old Rochester Regional High School serves students grades 9 through 12 from the towns of Marion, Mattapoisett and Rochester. The High School is in the 75th percentile for Accountability compared to all Massachusetts High

Schools. ORRHS students outperformed the state average in Science by 9%. 83% of ORRHS students scored proficient or better in Science in 2019, up 3% from 2018.

Growth was evident in both Grade 10 English Language Arts and Math. ELA improved to 59.7% in 2019 up from 45.1% in 2018. Math improved to 52.2% in 2019 from 47.5% in 2018. In ELA, ORRHS students meeting or exceeding exam expectations is 10% higher than the state. In Math, ORRHS students meeting or exceeding exam expectations is 15% higher than the state.

Overall Accountability Achievement of low performing students at the High School increased by 67% from 2018 to 75%.

Old Rochester Regional SAT Performance

Ninety-six percent of the Class of 2019 took the SAT Exam. The Mean Score for Evidenced-Based Reading and Writing was 569. In Math, the mean score was 572.

Advanced Placement Coursework

Two hundred forty-one students took advantage of the variety of Advancement Placements courses offered at Old Rochester Regional in the 2018-2019 academic year. These 241 students took a total of 444 AP exams meaning many took multiples AP courses at the same time. Many students chose to get a leg up on college level coursework while still in high school. AP exams are developed by the College Board. With a scoring system of 1 through 5 on the exam, if a student earns a 3, 4, or 5, many higher education institutions offer college credit. Students enter college with credits already earned placing them ahead in their degree aspirations. We are proud that many students take multiple AP courses and exams while at the Old Rochester Regional High School.

With AP Scholar awards, the AP Program recognizes high school students who have demonstrated outstanding college level achievement through their performance on AP exams. The AP scholar designation is granted to students who receive scores of 3 or higher on 3 or more AP Exams. Old Rochester Regional High School had an impressive 67 students who earned this distinction. We are very proud of the robust participation of our students in Advanced Placement courses. Below is a table of the AP Awards received.

ORR Students	AP Award	AP Criteria
33 Students	AP Scholar	Granted to students who receive scores of 3 or higher on three or more AP Exams
11 Students	AP Scholar with Honor	Granted to students who receive an average score of at least 3.25 on all AP Exams taken, and scores of 3 or higher on four or more of these exams
22 Students	AP Scholar with Distinction	Granted to students who receive an average score of at least 3.5 on all AP Exams taken, and scores of 3 or higher on five or more of these exams
1 Students	National AP Scholar	Granted to students in the United States who receive an average score of at least 4 on all AP Exams taken, and scores of 4 or higher on eight or more of these exams

College and University Admissions

Old Rochester Regional School District students attained admissions at a variety of public and private institutions of higher education. The largest portion of Old Rochester Regional High School's class of 2019 students, 17 students, chose University of Massachusetts, Amherst as their school of choice. Many chose the economically advantageous opportunities within close proximity to the Tri-Town: 16 chose Bristol Community College, 11 chose Bridgewater State University and 10 chose University of Massachusetts, Dartmouth. Eight chose University of Massachusetts, Boston, seven chose Massachusetts Maritime Academy, 6 choose the University of New Hampshire, and 5 chose Emmanuel, respectively.

Other students chose to enroll in state institutions of higher learning in other states or in private colleges. The list includes: American Music & Drama Academy, Anna Maria College, Arizona State University, Assumption College, Babson College, Boston University, Bowdoin College, Brigham Young University, Bryant University, Bucknell University, Central College, Clark University, College of Charleston, College of Wooster, Curry College, Dean College, Endicott College, Fairfield University, Florida State University, Framingham State University, Franklin and Marshall College, Georgetown University, Hofstra University, Johnson and Wales University, Loyola University, Maryland MA College of Pharmacy, MASS Art, Massasoit Community College, Merrimack College, Northeastern University, Old Dominion University, Plymouth State University, Quincy Community College –Plymouth, Quinnipiac University, Regis College, Rensselaer Polytechnic Institute, Rhode Island College, Roger Williams University, Saint Michael's College, Salem State University, Salve Regina University, San Diego State University, Simmons University, Skidmore University, Southern New Hampshire University, Stevens Institute of Technology, Stonehill College, Suffolk University, Syracuse University, Tufts University, UMASS Lowell, University of Colorado Boulder, University of Connecticut, University of Hartford, University of Maine-Orono, University of Mississippi, University of New Haven, University of Northwestern Ohio, University of Rhode Island, University of South Carolina, University of Southern Maine, University of Tampa, University of Texas Austin, US Coast Guard Academy, Wentworth Institute of Technology, Westfield State University, Williams College, Worcester Polytechnic Institute, Worcester State University, University of Northwestern Ohio, University of Rhode Island, University of South Carolina, University of Southern Maine, University of Tampa, University of Texas Austin, US Coast Guard Academy, Wentworth Institute of Technology, Westfield State University, Williams College, Worcester Polytechnic Institute, University of South Carolina, Worcester State University, Worcester State University,

The graduating Class of 2019 also had students who chose to serve in the Air Force, Army, Air Force National Guard and the United States National Guard. We are proud of those individuals and thank each of them for their service.

Conclusion

The District completed the first year of the Vision 2023 Strategic Plan . The emphasis was in the areas of 21st Century Learning, Social Emotional Learning and Global Citizenship. During the 2019- 2020 the emphasis will be in the area of social emotional learning, while expanding the scope of 21st century skills for all students. There will be opportunities for students to broaden their appreciation for multiculturalism, diversity and global awareness.

All students in grades 3- 8 and grade 10 participated in the Next Generation MCAS examination. Accountability indicators were once again implemented to help us better identify our student's strengths and weaknesses as well as help us evaluate our curricula and programs.

The federal government has continued to shift funding sources away from public education to charter and private schools, which has impacted resources at the local level. At the state level, legislators have been working on changing the Chapter Formula to help address the rising costs of health insurance and out of district special education; both have an impact on our schools.

Overall our schools remain strong, our students continue to be recognized for their accomplishments at the local, state and national levels. Many thanks to the citizens in our three towns for providing the financial support that allows us to provide high quality education for all our students Pre-k to age 22.

School Committee

The five School Committee members concluded their service during the 2018-2019 school year, and we extend our thanks for their willingness to offer the many hours and considerable commitment required for this particular responsibility. The stakes involved in school committee decision-making are quite high.

The following school committee members completed terms in 2019:

- Deborah G. Dyson, ORR School Committee, Mattapoisett
- Patrick LeClair, Mattapoisett School Committee
- Christine Marcolini, Marion School Committee
- Rachel Westgate, Mattapoisett School Committee
- Meagan Bennett, Rochester School Committee

The following school committee members began terms in 2019:

- Karin Barrows, Mattapoisett School Committee
- Nichole Daniel, Marion School Committee
- Shannon Finning, Mattapoisett School Committee
- Danni Kleiman, Rochester School Committee
- Suzanne Tseki, ORR School Committee, Mattapoisett

The following school committee members were re-elected in 2019:

- Heather Burke, ORR School Committee, Marion
- Sharon Hartley, Rochester School Committee

**Annual Administrator's Report
2018-2019
Sippican School
Marion, Massachusetts**

The school year began with an enrollment of 447 students in grades PreK through 6. The district continued to work on Science and Social Studies curriculum alignment with new State Frameworks. There was continued work on CASEL to enhance the social emotional wellness of our students. The Anchor program, led by Lisa Dix and Lisa Horan provided a variety of events that encouraged connections within the school community and community at large. OR Celebrates Family, was a great success! Families, teachers, and community members came together to share traditions and cultures. This included sharing music, crafts, food, dance, and even languages.

During the 2018-2019 school year, students demonstrated progress on state MCAS tests. Sippican proudly continues demonstrating strong scores, positioning itself as a desirable school in the State. All grades 3-6 are outperforming the state in ELA and Math for achievement. Grade 5 is the only Sippican cohort to take Science MCAS. Our Grade 5 students outperformed the state in Science achievement as well. Results such as these are only possible with the combined efforts of staff, students and families working together on behalf of the children of Marion.

Staffing

The 2018-2019 school year brought change to Sippican's staff. Project Grow welcomed a new teacher, Maria Blackburn. We also were lucky to have Kathryn Sebastiao join the Sippican team on a one year assignment in Grade 6. Teachers Marisa Russo, Emily Condry and Lisa Dix moved onto new adventures at the end of the year. While Project Grow Paraprofessional Kristine Francis and secretaries, Jackie Pacheco and Cathy Caramanica retired. Finally, Lyn Rivet, dedicated teacher and Principal for a decade, retired. She will be missed by families and staff alike.

Curriculum and Staff Development

Professional development is essential to ensure that our staff are prepared to provide the best educational experiences for our students. The focus of the 2018-2019 professional development was focused on the goals of the District and School Improvement plans. To that end, the district provided workshops on Project Based Learning. This work was essential as we move toward integrating project based learning into our curriculum PK-12. Sippican teachers also focused their efforts on developing lessons related to updated state science, technology, and engineering standards. The final professional development day of the year was dedicated to broadening our knowledge as it relates to social emotional learning. Teachers selected workshops related to trauma sensitive schools, Responsive Classroom, and student goal setting related to social awareness. The dedication of our staff to being lifelong learners is essential to maintaining the highest standards for all of our students.

Highlights Across the School

Students at Sippican are focused on the learning that takes place inside and outside of their classrooms. These were presented in the form of projects, field trips, in-school presentations and clubs. Among these

opportunities were visits with and to the New Bedford Symphony across the grade levels, Grade Five's studies of watersheds and how humans impact local and state watersheds, the Marion Fire Department's fire safety presentation, Zeiterion Theater experiences for every grade level and many field trips that directly linked with curriculum. Each offering is a demonstration of the investment on the part of staff and community to extend learning beyond that which takes place in the classroom.

This school year Sippican partnered with ORRHS in a Big Brother/Big Sister Program. High school students volunteered their time weekly to travel to Sippican to work with their Little Brothers and Sisters. This program provided mentoring experiences for young and old and was a collaboration that we are grateful to have. We look forward to continuing this partnership.

Anchor offered programming to families each month. Under the direction of Lisa Dix and Lisa Horan families and community members were welcomed to a spaghetti supper/BINGO night and the Tri-Town OR Celebrates Family night. Participants experienced the benefits of mindfulness, and even enjoyed an egg hunt in the spring!

Our band and instrument program had another stellar year. 100% of the 4th graders enrolled to learn to play a band instrument. 97% of the 5th & 6th graders participated in the band program. Grade Level Bands participated in 5 performances in the school year: Holiday Stroll, Winter & Spring Concerts, F.O.R.M. Concert at O.R.R., Band Blast, and the Memorial Day Parade. They also had additional performances in school for their community. The Festival Band, made up of 85 of our most keen 5 & 6 graders (who come to school early 1/week for rehearsal) performed at Aha! Night in New Bedford, the Sippican Land Trust Spring Festival, and competed at the Great East Music Festival, where they earned a GOLD medal. The advanced Jazz Band had several additional performances as well, including Aha! Night in New Bedford. They also traveled to New Hampshire for a 4 day adventure after school was done. Our "Music in the Mountains" trip showcased our students in 5 different performances: aboard the R/v Mt Washington as it cruised on Lake Winnepesaukee, at the Littleton Community Center, the Whale Tale Water Park, and Woodwards Resort. Sippican's ability to provide opportunities related to the performing arts truly show the community's investment in teaching the whole child.

Community Connections

Sippican is blessed to have the Volunteers At Sippican Elementary (V.A.S.E.) members who tirelessly supported the Sippican experience by promoting the arts. They graciously coordinated all trips for each grade to the Zeiterion Theater. Each grade level was able to bring varying experiences into the school that added to the curriculum through their financial support. Examples of these programs would be the Fun Run, Colonial America theater group, the Boston Science Museum presentation for grades 4 and 5, The Energized Guyz, MOP and so much more. V.A.S.E. also provided enrichment opportunities through their ACE program. Community events including a Red Sox game outing, Skip the Screen Week, AnchOR's Spaghetti Supper and Bingo night were well attended by families. We are appreciative of their dedication to the Sippican School community.

A long time community connection has been the school garden. We thank Lisa Durr, Kerry Milhench and Hannah Moore who volunteered to support students in the Garden Club during the 2018-2019 school year. It is so powerful for our students to see the process of garden to table.

Our school community continues to offer many school to home, and school to community connections. A few of the many presentations this year were Kindergarten's Country Tradition Celebrations, First Grade Author Celebrations, Second Grade's Country Celebration, Third Grade's STEAM ghost rocket launchers. Our Sixth Graders partnered with Razia's Ray of Hope foundation which has worked to change education for girls in Afghanistan. The school empowers girls and young women through community based education. The Sixth Grade

team spearheaded a school wide fundraiser to sponsor a student's tuition for a year. It is with great honor and pride that the sixth grade team can say that they changed the life of one young woman by paying for her schooling, materials and uniform for a year.

Family and community members are regularly invited to see student learning and talent outside of the school day. Here are a few of the highlights from 2018-2019:

- Sippican School band marching in parades/Stroll
- Band and Chorus evening performances
- Drama Club's performance of Beauty and the Beast
- Science Fair
- Vocabulary day
- Schoolwide Reading Challenges
- Global Hour of Code
- Travelling Mural Project
- Maker Mondays
- Rubik's Cube Club
- Lighthouse Grant for LEGO We Do 2.0 Kits
- Reading is Fundamental book distribution
- Sippican's Got Talent, talent show
- Band Blast

Conclusion

The 2018-2019 school year was a year that saw the love of learning continue to be nurtured by staff, students, families and community. We are thankful for the strong support we receive.

To follow our activities on a continual basis please follow us on our webpage that include a link to our Facebook page.

Marla Sirois, Principal

Principal's Annual Report
Old Rochester Regional Junior High School
FOR: FY2018/2019
Kevin T. Brogioli-Principal
Report Written By: Silas Coellner, Principal Beginning July 1, 2019

The Junior High experienced several personnel changes in the past year.

The following new staff were added to the Junior High:

Brian Almeida – Technology/Engineering Teacher
Stephanie Ghannam – Gr. 8 Science Teacher – Green Team
Sarah Toltin – Gr. 8 Science Teacher – Orange Team
James Martin – Paraprofessional
Caitlin Roberts – Paraprofessional

The following staff retired/resigned from the Jr. High School:

Kevin Brogioli – Principal (retired)
Daniel Caron – Grade 7 English (resigned)
Carlin Danner – Grade 8 – Special Ed Teacher (resigned)
Laurie Souza – Gr. 7 & 8 Math (Title 1) (retired)

The following staff members were reassigned:

Therese Valente moved from Gr. 8 Science to teach the new Gr. 7 Computer Science course
Nate Orie moved from Gr. 8 English to Gr. 8 Social Studies
Danielle Caron moved from Gr. 8 Science/Math to Gr. 7 ELA

Curriculum and Instruction:

- Teachers analyzed Panorama Survey data in small groups and identified playbook strategies to implement in the classroom.
- Common language was established around 21st Century Teaching & Learning
- A day of technology professional development was provided for staff. Staff engaged in multiple offerings of their own choice.
- The social studies department developed curriculum to align with the 2018 History & Social Studies Curriculum Frameworks.
- Continued implementation of Responsive Classroom focused on the “management domain”.
- Added Computer Science Grade 7 course to our program of studies
- With the assistance from the Mass Bike Coalition and Safe Rates to School, 40 bikes and helmets were donated and bike safety was added to the PE curriculum
- Raising and releasing trout project based on learning was added to the 8th grade science curriculum

Afterschool Activities:

Old Rochester Regional Junior High School offers many intramural activities. During the 2018-2019 school year, intramural activities included Girls Field Hockey, Soccer, Boys/Girls Dodge Ball, Volley Ball and Fitness Club. The Boys/Girls Cross Country and Track Team were offered on an interscholastic basis.

Additionally, many students participated in other afterschool activities including Student Council, Jazz Band, GSA Club, Art Club, Geek Club, Engineering Club, Ski Club, Mind Craft, Ping Pong, Yoga, and the drama production of Magical Lamp of Aladdin.

Community Service:

During 2018/2019 our students were involved in the following projects:

- Annual Thanksgiving Banquet for the tri-town senior citizens – over 80 eighth-graders, 1/3 of the faculty staff and ½ of the cafeteria workers volunteered their time for this annual event. Over 240 Senior Citizens from the Tri-town area were served at the banquet and 80 shut-in meals were delivered to senior citizens who were not able to attend.
- Students collected food items for 14 turkey dinner food baskets, including the turkey, that were given to those families in need.
- Three students, Caitlin Collier of Mattapoisett, Samuel Williamson of Marion and Madeline Dugas of Rochester, represented the Tri-towns at Project 351 in January. They met Governor Baker and participated in community service in Boston and held a Child Poverty Clothing Drive at the ORR Jr. High School.
- Our Grade 8 Green Team students volunteered their time during a field trip at Gifts to Give in New Bedford.
- Grade 8 Orange Team sponsored a walk-a-thon to raise funds for the Wounded Warriors Project.

Survival:

Approximately 115 students went to Northfield, Massachusetts for a week of survival in the wilderness. The trip was the 46th trip to Northfield for the Junior High.

S.C.O.P.E.: (Supplemental Courses Offering Personal Enrichment)

The remainder of our grade seven students who did not attend Survival took advantage of many educational opportunities in the South Coast. Students had the opportunity to select from a wide variety of valuable and interesting, “hands-on activities” and curriculum related educational field trips such as: Newport Harbor Cruise and Pirate Museum – RI; Livesey Park and Fun, Fairhaven; Mattapoisett YMCA (Team Building/Cardboard Race); Sky Zone in Kingston.

Grade 7 Orientation/Opening Day:

For the third consecutive year, we held an orientation half-day at the end of the summer for incoming Grade 7 students. Mrs. Carla Cafarella and Mrs. Carol Herrmann volunteered over the summer to organize this event and 15 teachers and 28 eighth graders volunteered on the day of the orientation. This day reduced the level of anxiety of our newest students, and promoted true social and emotional learning. A scavenger hunt and other hands on activities were held.

Students in Grade 7 were introduced to the junior high by attending a modified day here at the junior high. The day was used to help new students transition into the Junior High School by having planned activities and programs. Team building activities were employed to provide students the opportunity to communicate and work more effectively with other students. A cookout was held at the junior high for all grade seven students as an “icebreaker”. Grade 8 students met for breakfast before resuming a normal day schedule.

School Council:

The Old Rochester Regional Junior High School’s School Council met once a month from September 2018 to May 2019. The School Council reviewed the FY 18-19 budget and received updates on the budget process. The District’s Strategic Plan was examined and the School Improvement Plan was finalized.

Grant Recipients:

Karen Horan, Physical Education Teacher – “Lighthouse Foundation Grant”, which allowed her to participate in archery training through the National Archery in Schools Program, and purchase materials for archery equipment.

Richard Laprise, Band Instructor – “Lighthouse Foundation Grant”, which allowed him the opportunity to bring in a professional guest musician to work and perform with our band students.

Brian Almeida, Tech Ed/Engineering Teacher – “Cape Cod Five Grant”, which he used to purchase reality kits to use in class.

Carla Cafarella, Spanish Teacher – “Cape Cod Five Grant”, which she used to expand her classroom library with Spanish chapter books and magazines.

Staff Accomplishment(s):

Nichole Charbonneau, Grade 8 English Teacher (Orange Team), was selected to serve on the state level Bias & Sensitivity Assessment Development Committee for the Massachusetts Comprehensive Assessment System (MCAS)

Old Rochester Regional Junior High to Senior High Transition:

In September, 2018, Gr. 8 Guidance Counselor, Sheri DeChellis, visited each of the Grade 8 social studies classes regarding Career Exploration and High School Planning.

Vocational School Visits:

On November 2, students in Grade 8 had the opportunity to visit Old Colony Vocational School. (Mattapoisett and Rochester Students) and Upper Cape Vocational School (Marion Students). Transportation was provided by the vocational schools.

On November 5, Grade 8 Students participated in a High School Application Process assembly; on November 7, Grade 8 participated in a Tabor Information Session; and, high school tours took place during the week of November 19.

On June 10, Grade 8 students participated in “Step-Up” day at the high school.

Grade 6 to 7 Student Transition:

We offered three (3) separate parent meetings in the spring at each of the elementary schools: Superintendent Dr. White, Assistant Principal – Silas Coellner, Guidance Counselor – Ms. Sheri DeChellis, and Principal – Kevin Brogioli led these meetings.

Guidance Counselor, Sheri DeChellis along with Grade 7 Special Education teachers, visited all three elementary schools in February to begin the transition process.

In March we held a “Parent Information Night” especially designed for the parents of our incoming grade seven students. Guidance counselors and administrators were present and ready to answer any questions that parents might have had.

Students in Grade 6 in Marion, Mattapoisett and Rochester were bused to the Junior High School in June to visit the junior high and to become familiar with the layout of the building.

As mentioned, an orientation half-day was held at the end of August, 2018 to familiarize incoming Grade 7 students with the school prior to the first day.

WINTERFEST:

The 2nd Annual Winterfest was held in March, 2019. Guidance Counselor, Ms. Sheri DeChellis, along with 20 other staff members volunteered their time for this event, featuring a variety of activities, food, and entertainment, which was open to all students in Grades 6, 7 and 8.

Initiatives:

- We maintained our summer reading program where students in grades 7 & 8 were allowed to choose a minimum of one book from a selection of fiction and non-fiction titles. A book discussion was held on their selected title in September.
- The annual Magazine Fundraiser earned \$2,690.00 in profits for the Jr. High School. Money was used to defray fieldtrip costs, for student celebrations and to purchase equipment.
- With the Mattapoisett Police and School Resource Officer, Matt McGraw, we trained our staff and students in the A.L.I.C.E. program (enhanced lockdown for school intruder emergencies).
- We administered the Panorama Survey
- The Healthy Tri-Town Coalition met all year. This committee was made up of administrators, teachers, parents, and community members.
- We continued to increase our 1 to 1 technology capability by leasing 5 more sets of chromebooks.
- “Mix it Up Day” took place - As part of the “Teaching Tolerance Curriculum” students were moved out of their comfort zone and randomly assigned to new tables at lunch to learn more about each other. High School Ambassadors assisted in this day.
- A vaping presentation was held for parents in September, 2018
- Ms. Sam Enos led the Annual Scholastic Book Fair during the month of December.
- Meghann Bodeau, Art Teacher and Sam Enos, Reading Teacher, brought back “Showcase Night” at the JHS. This event highlighted student’s art work, as well as products from many other classes. Music and poetry was performed by students as well. This evening event was shared with students, parents and faculty.
- We continued late buses 3 days a week, which dropped off students at their local town libraries.
- Mandatory substance abuse screening “SBIRT” took place for our Grade 7 students.

- Several teachers piloted Standards Based Grading.
- Students participated in the “Kindness Challenge” from October 15 through November 15.
- Administered the “Youth Risk Behavior” survey.
- Conducted the “Hour of Code”.
- Conducted the National Geography Bee and Spelling Bee.
- Panorama Family Engagement Survey.

Student Assemblies:

- In March, 2019 a “Minding Your Mind” Assembly took place for both Grade 7 and Grade 8. Heath Teacher, Nancy Juvinall organized this presentation which dealt with mental health.
- In March, 2019, Dean of Students at Brandeis University & Poet, Jamele Adams presented to our students, touching upon the issues of race, culture and inclusivity.
- In May, 2019, students went to the high school and attended the film “ANGST”. This documentary discussed issues related to anxiety and school pressure.
- In February, 2019, 8th Grade students attended an assembly on the Mass. Jury System.

Music Accomplishments:

The following music students auditioned for and were accepted into the Southeast District Music Festival. They performed with other musicians from Southeastern Massachusetts Festival held at Taunton High School in March, 2018.

Instrumental: Allison Winters, Corinne Hibbert, Fiona Hoben, Andrew Poulin, Emma Zhou and Sakurako Huynh-Aoyama

Choral: Molly Dupre and Curtis Johnson

This two-day festival, which involved hundreds of musicians throughout the southeastern Massachusetts, concluded with two concerts.

ORRSD – Best Communities for Music Education designation from the NAMM Foundation

7th Grade Concert Band, 8th Grade Concert Band and Chorus were awarded gold medals at the Great East Music Festival

Respectfully Submitted,
Silas D. Coellner, Principal

Principal's Annual Report

**Old Rochester Regional High School
2019**

**Michael Devoll – Principal
James Barrasso – Assistant Principal**

Our Towns

Our school serves three southeastern Massachusetts towns: Mattapoisett; Marion; and, Rochester. All three towns have maintained their individual charm through careful and thoughtful community planning. Marion and Mattapoisett are quaint, close-knit seaside communities. Rochester has a more rural landscape surrounded by scenic farms, cranberry bogs, pine forests and fresh water ponds. Residents are proud of their school systems and have been very supportive in passing legislation to insure its continued success.

Our School

The 2018-2019 school year featured a student body made up of 766 students, including 94 students attending Old Rochester Regional High School through the School Choice Program. Our student body resides in the communities of the Tri-Town: Marion, Mattapoisett, and Rochester. Through the School Choice Program the school was able to welcome residents of the following communities to our school: Acushnet, Fairhaven, Lakeville, Middleboro, New Bedford, and Wareham. In 2019, ORRHS graduated a class of 179 seniors, which represented a graduation rate of 96%. ORRHS school offers a comprehensive curriculum with a wide selection of Honors and Advanced Placement courses. During the 2018-2019 school year, 240 ORRHS students took 440 Advanced Placement tests with 67% of tests receiving a qualifying score of 3 or better. In 2019, approximately 94% of ORR graduates continued their education at two or four-year colleges.

Our Faculty

Of the 61 faculty members at ORRHS, 78% have their Masters degree and 3% have their Doctoral degree. The school has a 14.5 to 1 student to teacher ratio.

Principal of Old Rochester Regional High School in Mattapoisett, Massachusetts, Michael Devoll was pleased to report that the New England Association of Schools and Colleges, voted for continued accreditation for Old Rochester Regional High School at their April 2019 meeting. The New England Association of Schools and Colleges, founded in 1885, is the oldest accrediting agency in the country and is recognized by the U.S. Department of Education as a reliable agency to award accreditation to New England Schools. The Association is a voluntary accrediting agency of more than 2000 public and independent schools, colleges and universities, and vocational, technical, and career institutions. Of these, approximately 630 high schools, middle/high schools and PreK-12 schools have been accredited through the Association's Commission on Public Schools.

The Environmental Club collaborated with the Mattapoisett Land Trust, Sippican Land Trust and Terracorp to learn about local flora and fauna, and maintain and clean up land trust properties in the two towns. . Students collected plastic bottle caps to prepare a school-wide display to designate where in the cafeteria to place recyclables. They were also active in learning about the flora and fauna of the school campus, while picking up trash, and clearing the nature trail. They recycled after school in open classrooms throughout the building. Finally, they collaborated with the community service club in weeding and mulching the memorial gardens on campus.

Southcoast G.R.I.T. (Growth while Running and Inspiring Together) High School Marathon Club completed their fourth year. Five students from Old Rochester, and one student from Dartmouth High School completed the Providence Marathon/Half Marathon/5K in May, and three students from Old Rochester, one from Dartmouth High School completed the New Bedford Half Marathon in March. The program also included three other road races: Turkey Trot 5K in Fairhaven, Frosty Road Runner Race 10.5mile/5K in Rochester, and Aquidneck 10K Race in Middletown, RI. The program is made up of volunteers and mentors from both the schools and the greater community. The program challenges students to reach their full potential--physically, socially, emotionally, and academically--through a mentor-supported marathon-training program. G.R.I.T mentors run alongside youth and help them train for and complete all the races by providing companionship, motivation, and support. This program is entirely funded and run through community support, fundraising, and donations. In June, twelve members of the senior class had run at least one marathon from being part of Southcoast G.R.I.T/Dreamfar program. Southcoast G.R.I.T. is already off to a great start in the 2019-2020 school year, with a great group of inspiring teachers and leaders.

The ORRHS Guidance Department partnered with the MassHire Greater New Bedford Career Center for Youth Services and offered an 8-week pilot Job Readiness Program at the high school last January. The program ran every Tuesday during Bulldog Block with a small group of juniors and seniors. Topics included: Skills and Interest Inventories, Online Presence, Finding/Applying for Jobs, and Interview Skills - all important skills for successful transitional planning.

The Mock Trial club had a very successful year participating in a multi-day tournament at Fall River District Courthouse in January, 2019 while competing in turn as both the prosecution and defense in a simulated criminal case involving a suspect accused of murder. The team went on to win the regional tournament with a 3-0 record and advanced to compete with other teams from around the Commonwealth in Worcester, MA in early March.

The Old Rochester Regional High School Debate Team had a good year in 2018-19 within the Eastern Massachusetts Debate League (EMDL). This season the debaters argued the following resolution Resolved: The United States federal government should substantially reduce its restrictions on legal immigration to the United States. Varsity debater Elise Mello was awarded the highest ranked varsity affirmative speaker in the EMDL. Ms. Mello continues with debate as a senior. Graduating seniors included Emma Blouin, Brielle Correia, Sophia Clingman and Carly O'Connell who all finished with a strong senior debate season.

The Old Rochester Cooking Club started its inaugural year in the 2018-19 school year. We focus on teaching students a variety of cooking skills that they can use to cook for themselves and their families. In 2018-19 we welcomed 15 active members. In addition to designing a club logo, we took part in Club Fest, baking cookies and helped Empty Bowls by making biscuits. Over the year the group has cooked many dishes, among the favorites, were, Macaroni and Cheese from scratch, Chicken Noodle Soup and a variety of baked goods. We were grateful for the numerous donations from members of the staff and community that added to our supplies and helped us improve our cooking skills.

Sign Language was offered for a second year as an enrichment opportunity once a week during the Bulldog Block at ORRHS. It was started by two students, Brianna Lynch and Celia Prefontaine, who have pursued their interest in learning sign language through our Dual Enrollment program at BCC. The number of students who attend the weekly class has been consistently around 20 this year. In addition to meeting once a week during the Bulldog block, the group participated in the Winter Music Concert by signing the song, "White Christmas" along with the band and the chorus as the last number of the night.

The ORR Math Team had a successful season, improving their performance at each of the four meets, and placed high enough among the nineteen schools in the South Coast Conference Mathematics League to qualify for the Playoffs. Leading scorers and seniors on this year's team include Michaela Mattson and Ian Friedrichs. Excited about challenging mathematics, Alexa McLeod, Michaela, and Ian recruited Marisa Cofone and Sarah Campopiano to compete in the Mathworks Math Modeling Challenge. The specific real-world problem that is posed each year is entirely unknown to participants until they login during Challenge weekend. The group began their 14 hour M3 challenge Saturday March 2 at 8am and spent their Saturday tackling the 2019 problem ONE IS TOO MANY AND A THOUSAND NOT ENOUGH: SUBSTANCE USE AND ABUSE. The students experienced what it's like to work as a team to tackle a real-world problem under time and resource constraints, akin to those faced by professional mathematicians working in industry. All of the challenge is internet based and students submit their solution to be judged by more than 125 Phd-applied mathematicians in three rounds of judging. This is a national contest and \$100,000 in total scholarships are awarded among all the winners. While the team did not secure any scholarships, the team advanced to the second round of judging. Only 178 of the 877 teams that submitted viable solution papers – about 20% – were selected!

The Old Rochester Student Council had another busy and productive 2018-2019 school year. In September, Student Council held freshmen elections and conducted its first general board meeting. Student Council members also participated in the COPE Ropes Course on Cape Cod to hone team and leadership skills. In October, the majority of the STUCO board attended the fall SEMASC leadership conference at Silver Lake Regional High School. Following the SEMASC conference, STUCO planned and organized a successful Hollywood themed Homecoming which more than 600 students attended. Many students participated in our fun spirit week through theme days and the always-popular pep rally on Friday. On October 11th, STUCO hosted ORR's first ever Club Hub, where all students were able to get a taste of the different clubs ORR has to offer. This provided an amazing opportunity for clubs to showcase themselves and for new students to become more involved in the school community. STUCO awarded \$500 of monetary gifts to the clubs with the best incentives, best decorations/best booth overall, and best ORR spirit. The feedback from club members, students, advisors, faculty and staff was overwhelmingly positive, and STUCO committed to making Club Hub an annual fall event. For the week of Veteran's Day, STUCO collected money for a scholarship set up in honor of ORR class of 2017 alumni Becket Kiernan, who had passed away earlier in the year. STUCO matched the \$618 collected for a total of \$1236. During the holidays, all four classes worked together to raise over \$2000 for the Neediest Family Fund, which went back to families in our own community. As a thank you for the classes' commitment to community service, STUCO hosted an ice cream social for everyone in the school the day before winter break. The class that raised the most money was also rewarded with hot chocolate prepared by the OR transition program students and funded by STUCO. In February, STUCO held another fun filled spirit week leading up to the annual Class Olympics. Classes enthusiastically cheered on their classmates as they competed in a variety of team building activities and contests. In high spirits, the entire student body recorded a "We are OR!" cheer and supportive sound bite to be sent to ORR Class of 2017 alumni Nick Claudio as he was climbing Mt. Kilimanjaro. Classes also participated in the Random Act of Kindness Week, with each class performing random acts of kindness throughout the week. Lockers had positive notes; the history hallway was decorated with 100 reasons to be happy; and donuts were given to custodians and lunch staff. In the spring, STUCO sent \$200 to World Vision for Girl's Education, an organization dedicated to helping girls in third world countries receive an education. STUCO donated \$500 to a local food shelter in response to the government shutdown and encouraged seniors to become more involved in their local government by voting on the Restore OR Project. Later in the spring, STUCO hosted a breakfast and student-led Meet and Greet Q & A with visiting AFS students from California. At the Senior Awards Night in May, STUCO leaders presented individual \$500 scholarships to two 2019 graduating seniors for Unsung Hero Awards. At the end of the year, Student Council also completed a yearlong initiative to purchase digital signage for the high school. Working collaboratively with the Technology specialists, a subcommittee of students researched different types of digital signage to determine the best fit and value for ORR. In June, STUCO purchased four new TVs, monitors and digital signage for the high school.

Due to the success of Homecoming dance, Student Council was once again able to fund a number of valuable school activities, projects and programs during the 2018-2019 school year, including:

- New knitting needles and yarn for knitting (\$200-OR Crocheting Club)
- Transportation for newly established Model United Nations (\$600)
- Bulbs, plants and supplies to beautify the school (\$125-Garden Club)
- Lesson plans, textbooks, and entrepreneurial products (\$500-DECA)
- Materials for Mock Trial's regional level competition (\$60-Mock Trial)
- Gaming for a Cause (E-sports & Transition Classroom)
- Building a shed for the EmpowOR garden (Transition Classroom)
- Renovating murals, planting flowers, and beautifying the school for NEASC visit (CORE)

During the 2018-2019 school year, the Music Department had nine students accepted to the Southeast District Music Festival and one to the All-State Music Festival in Boston. In February 2019, the Jazz Band received a Gold rating at the MAJE Cape Cod Coastal Festival. The Music Department took a trip to Nashville, TN, where the Chorus and Band participated in *Festivals of Music*. Both ensembles received "Excellent" ratings.

Paw Prints has been continuing to put together a lot of great student journalism to share with the student body. In addition to the print edition, the newspaper editor has been working on community outreach and engagement through a web page and social media outlets. Once again, we will enter our school newspaper into the Suffolk University High School Newspaper Competition and attend the banquet on Tuesday, March 3. As always, we are excited to hear a keynote address from a professional journalist and network with other student and professional journalists from around the area.

Science fiction club has continued to find a place for students with a wide array of interests connected to science fiction, fantasy, and strategic gaming; we are also pleased to report that our numbers are growing through great representation from the class of 2023. In addition to running tutorials on different strategic games, we have enjoyed student-run Dungeons and Dragons sessions as well as general discussion and debate related to our favorite science fiction properties. We anticipate holding our first game night of 2020 in late January or early February.

Old Rochester hosted a Project Empty Bowls event in November 2018. The project, a global campaign to combat food insecurity and raise hunger awareness, raised over \$2,000 for Tri-Town food pantries and soup kitchens. Held in the high school cafeteria, members of the school, Tri-Town and community beyond are invited to attend an evening of a simple meal of soup and bread, served in a hand-made ceramic bowl. Guests choose their bowl from hundreds of bowls made by OR Art students, and after their meal, go home with their bowl as a reminder that, for some, an empty bowl is all they have. Bowls are being made now by OR Art students for the next Project Empty Bowls to be held in November of 2020.

Many students participated and had their artwork and artistic talents recognized in various competitions and programs. Danya Bischel and Kaitlin Kelley, both seniors and AP Studio Art students, submitted work that was accepted into the Emerging Young Artist 2019 Juried Exhibition hosted by UMass Dartmouth. The EYA is highly competitive New England regional high school exhibit that accepted approximately 40 works from well over a thousand entries. Seniors Kelsey Kidney and Kaitlin Kelley earned honors and awards in the Boston Globe Scholastic Art and Writing Awards. Kelsey earned Silver key award for her mixed media collage and Kaitlin earned two Honorable Mentions for both a drawing and painting.

Thirteen students represented ORR in the 2019 9th Congressional District Art Show, held at The Plymouth Center for the Arts. Jacob Demoranville, Taylor Green, Christopher Knight, Sofia Martins, Meghan McCullough, Alex Pateakos, Ana Poulin, Emma Rodriguez, Byanca Silva, Nuntannut "Nam" Subannawong, Victoria Sullivan, Anna Terteryan and Autumn Tilley all had artwork displayed in the show. Both Jacob Demoranville and Ana Poulin received Honorable Mention honors in the mixed media category while Victoria Sullivan earned an Honorable Mention in the painting category. In addition to her participation on the 19th Congressional District Art Show, Sofia Martins also designed an award winning logo for the Mattapoissett Land Trust. Sophia's design was used to create bumper stickers for the MLT. Margaret Berry, a sophomore at OR, participated in the Teen Artist Internship Program (TAIP) through the New Bedford Art Museum. TAIP is an exciting opportunity that pairs high school students with an established local artist. This allows the teens to work with a creative mentor in an actual studio while creating a collaborative piece. At the end of the internship, the artists and teens get the opportunity to exhibit the work that they've made at the New Bedford Art Museum/ArtWorks! Grayson Lord and Sofia Sudofsky, both juniors, participated in the Artrepreneurs Program. This program is for serious students interested in a creative arts career sponsored by Artible SoCo. During the twelve-week program, Grayson and Sofia created artwork, observed working artists and learned firsthand how to market their artwork. Seven seniors and three juniors in AP Studio Art class submitted their Portfolio Exams on May 10th to the AP College Board for review. All scored well in the exams, with one student earning a perfect 5. The 10th Annual OR Art Show at Uncle Jon's, an exhibit featuring artwork created and installed by OR art students, highlighted both AP student work as well as second, third and fourth year art students. This event has become something the community looks forward to every spring and opens with a reception for the student artists and their friends and families. Kind thanks to Jon and Michelle Pope for hosting this very special art show.

In the 2018-2019 school year, the Class of 2021 worked towards establishing fundraisers and organizing for future events. The class held a successful Photo with Santa fundraiser in December where families were invited to enjoy holiday crafts, treats, and an opportunity to take photos with Santa. They also were in their second year of our Stop and Shop Rewards program, which enables our class to earn money through shopping at Stop and Shop. The Class of 2021 raised money for needy families during the holiday season and had a dine-in night at Nick's Pizza in Mattapoissett. The Class looks forward to organizing fun events like the Semiformal and Mr. ORR in the future.

The Community Service Learning Club at ORRHS had a busy and fun start to the 2018 school year. The club has increased its members who have met regularly on Thursdays after school with its advisors, Mrs. Karen Browning and Mrs. Andrea Moniz. The CSL Club's members discussed areas of interest to volunteer that include: The Women's Shelter in New Bedford, Toys for Tots, Gifts to Give, tutoring at Old Rochester Regional Junior High School after school, volunteering at the Mattapoissett Land Trust, and a beach cleanup. The club took on one major project each term with smaller projects that students could also participate in, as they were able. During the fall of 2018, the club collected 450 pairs of new socks that we donated to the Women's Shelter in New Bedford. Leading up to the Holiday Season, we had a collection for new, unwrapped toys to donate to Toys for Tots that culminated with our Stuff a Cruiser event at the high school in December, where with the generosity of the community, the CSL Club was able to stuff not one, but two cruisers full of toys for children over the holidays. The CSL Club participated in a beach cleanup in the spring of 2019 at a local beach in Fairhaven. Finally, in May 2019, we honored students who earned the "President's Volunteer Service Award". Thirty-one students volunteered for a total of 4,352 hours during the year (3/31/18-4/1/19). This award, given at the national level, is based on the age of the student and the number of hours that they volunteered.

During the 2018-2019 school year, the National Honor Society was busy serving their peers, school, and community through many initiatives and activities. In the Fall of 2018, our members competed in the South Coast Honor Bowl at Apponequet High School. Through their fundraising efforts, students also collected money for the Leukemia and Lymphoma Society and for a local environmental charity. They established and staffed many

outreach programs here at ORR, such as our peer tutoring lab. Students also teamed up with the guidance department to aid juniors in their college and post high school planning process by designing and offering college and career search workshops. They collaborated with our school psychologist to promote student social emotional well-being through paint nights and yoga classes and they created a stress-free space in the school that is open to all students. In the spring of 2019, senior members and junior inductees worked together at the Greater New Bedford United Way Youth Day of Caring at various locations throughout the city.

Once again, the Old Rochester Regional High School proved to be first-class and continued the school's history of excellence. The school also warmly wishes Assistant Principal, James Barrasso, all the best as he begins transitions to Athletic Director at Sturgis Charter School.

UPPER CAPE COD REGIONAL TECHNICAL SCHOOL
ANNUAL REPORT 2019

To the citizens of Bourne, Falmouth, Marion, Sandwich, and Wareham:

ELECTED SCHOOL COMMITTEE REPRESENTATIVES:

TOWN OF BOURNE	MARY CROOK
	DAVID P. SAMPSON
TOWN OF FALMOUTH	THOMAS CORRIVEAU, VICE-CHAIR
	MARYANN SMITH
TOWN OF MARION	JAMES BRIDE
TOWN OF SANDWICH	MICHAEL DEGAN, TREASURER
	STEVEN CHALKE
TOWN OF WAREHAM	DOMINIC CAMMARANO
	ROBERT FICHTENMAYER, CHAIR
SUPERINTENDENT	DR. ROBERT A. DUTCH

Upper Cape Cod Regional Technical School foundation enrollment, as of October 1, 2018 consisted of one hundred fifty-seven (157) students from Bourne, one hundred seventy-seven (177) from Falmouth, nineteen (19) from Marion, one hundred nineteen (119) from Sandwich, and two hundred sixty-two (262) from Wareham. The school also has a self-sufficient adult Licensed Practical Nursing program with both full-time and part-time day and evening programs available to students. Due to the success of quality career and technical education garnering praise on regional, statewide, and national, fronts, the interest in attending Upper Cape Tech is increasing while the number of school age children is decreasing.

School spirit has increased dramatically as enrollment has increased. Participation in athletics and extra-curricular activities is at an all time high. The school year concluded with Upper Cape Tech students experiencing great success in several trade competitions. Several students qualified to participate at the national level of the SkillsUSA competition in Louisville, Kentucky resulting in two silver medal teams and a silver medalist in OSHA and in career pathways natural resources. Upper Cape Tech Horticulture students also had a

successful school year. At the 91st National Future Farmers of America Convention, the Nursery Landscape Team and Agricultural Sales teams earned bronze medals.

Another unique offering for students at Upper Cape Tech is the cooperative employment program which allows qualifying juniors and seniors to work for employers in their trades on alternating weeks during their shop time. In FY2019, 162 students had cooperative employment placements earning \$724,772.00 collectively.

Upper Cape Tech continues to expand its offerings for adults and other out of school individuals. Adult tuition students, specialized afternoon and evening occupational programs, and summer programs are additional to the 734-pupil school day enrollment. Upper Cape Tech continues to offer valuable cost-effective services to its communities via its day and evening programs. During this fiscal year 1,033 adult students were enrolled in evening courses.

A capital campaign initiative started this year with the goal of raising \$20 million for the construction of an Athletic Center on campus. The initiative began with a feasibility study which included interviewing 30 to 40 individuals in an attempt to determine the readiness of the school community in regard to a major gift campaign.

Upper Cape Tech staff and students are able to undertake much of the maintenance of the building, along with monitoring the facility's complex ventilation and heating, saving thousands of dollars in outside labor costs. Additionally, significant savings were again realized this past fiscal year as a result of the solar canopies in the staff and student parking lot. The canopies resulted in nearly \$50,000 in net metering credits in fiscal year 2018. The district also earned revenues of over \$32,000 as a result of a power purchase agreement with Future Generation Wind. Upper Cape Tech also partnered with Cape Light Compact to replace all lighting fixtures in the buildings with energy-efficient LED compatible fixtures. Through the assistance of Cape Light Compact, this \$336,000 cost saving initiative cost the district only \$5,000.00.

The Regional School District Committee extends its appreciation to the many advisory boards that assist us in developing and maintaining educational programs, various town and school officials who support our efforts, and school staff members. It is the combined effort of all of these individuals that has enabled the success of the school and its graduates for the benefit of our communities. We look forward to your continued support.

Respectfully submitted,

Robert A. Dutch, Ed.D.

TOWN OF MARION
Annual Town Meeting Minutes
May 13, 2019

The Annual Town Meeting was called to order by Moderator Brad Gordon at 6:45p.m. on May 13, 2019 at the Sippican School Auditorium. Invocation was by Rev. Geoffrey Piper of St. Gabriel's Episcopal Church in Marion. Tellers sworn were Donna Hemphill, Marc Bellanger and Alan Harris. The Moderator noted the presence of a quorum and reported that the Warrant for the meeting had been posted and returned in accordance with the law.

Article 1: Motion was made and seconded that the Town vote to compensate its elected officials, effective July 1, 2019 as follows:

Board of Selectmen, each member, per annum	\$ 4,902
Board of Assessors, each member, per annum	\$ 4,839
Board of Health, each member, per annum	\$ 1,866
Town Clerk, per annum	\$19,493
Moderator, for Annual Meeting	\$ 245
per Special Town Meeting	\$ 81

Motion was made and seconded that the Town vote to amend Article 1 by transferring the Town Clerk's annual salary to Line 122 the Board of Selectmen for Contract Negotiations.

Motion withdrawn

Motion was made and seconded that the Town vote to amend Article 1 by reducing the Town Clerk, per annum salary to 0 (zero).

Motion to amend Article 1 carried by voice vote at 7:10pm

Motion carried by voice vote as amended at 7:11pm

Article 2: Motion was made and seconded that the Town vote to raise and appropriate the sum of \$22,197,910 to pay interest and maturing debt and for the charges, expenses and overlays of various Town departments and for a reserve fund for the twelve-month period beginning July 1, 2019 and, in addition, the sum of \$3,500 be transferred from wetlands protection fees to Administrative Services, account #159; and the sum of \$3,700 be transferred from the dog fund to animal control, account #292; and the sum of \$5,100 be transferred from the State Aid to Library account to Elizabeth Taber Library, account #610; and the sum of \$210,000 be transferred from the waterways account: \$180,000 to the Marine Resources account, #295, \$30,000 to the Administrative Services account, #159; and the sum of \$5,898 from Fund Balance for Future Debt-Premiums; and the sum of \$75,000 be transferred from the Overlay Reserve, the sum of \$383,243 for indirect costs be transferred from the water enterprise fund, the sum of \$482,529 for indirect costs be transferred from the sewer enterprise fund, the sum of \$370,000 be transferred from other available funds in the treasury (free cash) to the operating budget; and, in addition, the Town accept the Old Rochester Regional School District's operating budget of \$4,540,902 and to accept the Old Rochester Regional School District's capital budget of \$221,749, as certified by the ORR School Committee on March 7, 2019; and, in addition, the Town accept the Upper Cape Cod Regional Technical School's operating budget of \$332,119 and the Upper Cape Cod Regional Technical School's capital budget of \$24,243, as certified by the Upper Cape Cod Regional Technical School on March 15, 2019 for the fiscal year beginning July 1, 2019 the total operating budget thus to be \$23,736,680, with items as follows:

Motion was made and seconded that the town vote to amend Article 2 by increasing the amount of item 122 (Selectmen) by 19,493.00 and by reducing item 161 (Town Clerk) by 19,493.00.

The motion to amend Article 2 carried by voice vote at 7:25pm

The motion as amended carried by voice vote at 7:42pm

+++++

Motion was made to recess the Annual Town Meeting and convene the Special Town Meeting

Motion declared carried by voice vote at 7:43pm

Article S1: Motion was made and seconded that the Town vote to transfer from available funds in the Treasury the sum of \$63,749 (Free Cash) to supplement the Fiscal Year 2019 budgets of Department of Public Works – Highway – to pay expenses associated with the removal of snow and ice from public ways, including related storm cleanup activities, as well as to cover extraordinary expenses related to equipment failure and/or equipment rental related to the curbside collection of solid waste and recyclable materials during Fiscal Year 2019.

Motion declared carried by voice vote at 7:45pm

Annual Town Meeting was re-convened by adjourning the Special Town Meeting at 7:45pm

Article 3: Motion was made and seconded that the Town vote to appropriate the following sums for the water enterprise fund:

Salaries and Expenses	\$979,692
Reserve Fund	60,000
Debt	829,338
Indirect costs	<u>383,243</u>
Total	\$2,252,273

and that the sum of \$1,952,273 be raised from departmental receipts and \$300,000 transferred from water retained earnings.

Motion declared carried by voice vote at 7:58pm

Article 4: Motion was made and seconded that the Town vote to appropriate the following sums for the sewer enterprise fund:

Salaries and expenses	\$1,155,197
Reserve Fund	60,000
Debt	1,417,102
Indirect costs	<u>482,529</u>
Total	3,114,828

and that the sum of \$2,914,828 be raised from departmental receipts and \$200,000 be transferred from sewer retained earnings.

Motion declared carried by voice vote at 7:59pm

Article 5: Motion was made and seconded that the Town vote to transfer from the Overlay Surplus Account the sum of \$25,000 to be used by the Board of Assessors for the revaluation of real and personal property as mandated by the Department of Revenue.

Motion declared carried by voice vote at 8:00pm

Article 6: Motion was made and seconded that the Town vote to raise and appropriate from available funds in the Treasury (Free Cash) the sum of \$8,420 to be expended by the Facilities Department to install new insulated copper line with a circulation pump to correct an insufficient hot water issue at the Police Station.

Motion declared carried by voice vote at 8:03pm

Article 7: Motion was made and seconded that the Town vote to raise and appropriate from available funds in the Treasury (Free Cash) the sum of \$5,200 to be expended by the Town Clerk to purchase one (1) new Image Cast Precinct Optical Scan Tabulator (voting machine) for use in all elections

Motion declared carried by voice vote at 8:03pm

Article 8: Motion was made and seconded that the Town appropriate the sum of \$3,009,182 to provide for the costs of lining Sewer Lagoon #1 as required by the Administrative Consent Order issued by the Environmental Protection Agency together with any and all associated reliability upgrades necessary to meet the Town's regulatory requirements that include, but are not necessarily limited to, the development of a Draft High Flow Management Plan and the removal of trees on the lagoon embankment, and that to meet this appropriation, the Town Treasurer, with the approval of the Board of Selectmen, is authorized to borrow said amount under and pursuant to M.G.L. c. 44, §7 or §8, or pursuant to any other enabling authority, and to issue bonds or notes of the Town therefor. Any premium received upon the sale of any bonds or notes approved by this vote, less any such premium applied to the payment of the costs of issuance of such bonds or notes, may be applied to the payment of costs approved by this vote in accordance with M.G.L. c. 44, §20, thereby reducing the amount authorized to be borrowed to pay such costs by a like amount.

Motion declared carried by 2/3 majority voice vote at 8:34pm

Article 9: Motion was made and seconded that the Town appropriate the sum of \$1,743,112 to provide for the costs to 1.) upgrade the existing ultraviolet (UV) disinfection equipment and the UV Building, and 2.) repairing and/or replacing the disk filter equipment and Filter Building, and that to meet this appropriation, the Town Treasurer, with the approval of the Board of Selectmen, is authorized to borrow said amount under and pursuant to M.G.L. c. 44, §7 or §8, or pursuant to any other enabling authority, and to issue bonds or notes of the Town therefor. Any premium received upon the sale of any bonds or notes approved by this vote, less any such premium applied to the payment of the costs of issuance of such bonds or notes, may be applied to the payment of costs approved by this vote in accordance with M.G.L. c. 44, §20, thereby reducing the amount authorized to be borrowed to pay such costs by a like amount.

Motion declared carried by 2/3 majority voice vote at 8:39pm

Article 10: Motion was made and seconded that the Town vote to raise and appropriate \$350,000 to provide for the development of a Comprehensive Wastewater Management Plan to address future needs of the Town's sewer system to include, but not necessarily be limited to, the identification of sewer needs areas, flows and loads, collection system upgrades, treatment plant upgrades, effluent disposal options, regulatory permit considerations and regionalization considerations; subject to the voters' approval of a capital outlay exclusion under the provisions of Chapter 59, Section 21C of the General Laws

Motion declared carried by voice vote at 8:54pm

Article 11: Motion was made and seconded that the Town appropriate \$2,800,000 to provide for the costs of installing 6,200 linear feet, more or less, of 12-inch water main in Mill Street, from the Mill Street Water Tank to a point between Sparrow Lane and Rocky Knook Lane, including costs of all related engineering services during construction, and that to meet this appropriation, the Town Treasurer, with the approval of the Board of Selectmen, is authorized to borrow said amount under and pursuant to M.G.L. c. 44, §8, or pursuant to any other enabling authority, and to issue bonds or notes of the Town therefor. Any premium received upon the sale of any bonds or notes approved by this vote, less any such premium applied to the payment of the costs of issuance of such bonds or notes, may be applied to the payment of costs approved by this vote in accordance with M.G.L. c. 44, §20, thereby reducing the amount authorized to be borrowed to pay such costs by a like amount.

Motion declared carried by 2/3 majority voice vote at 9:05pm

Article 12: Motion was made and seconded that the Town vote to vote to raise and appropriate the sum of \$182,000 to supplement the funding approved under Article 13 of the 2016 Annual Town Meeting for the Mary's Pond Well upgrades and, that to meet this appropriation, \$182,000 be transferred from the Water Enterprise Fund Retained Earnings.

Motion declared carried at 9:08pm

Article 13: Motion was made and seconded that the Town vote to appropriate the sum of \$24,000 for roof replacement at Fire Station 2 (Point Road) and that to meet this appropriation \$24,000 be transferred from the Capital Improvement Projects Stabilization Fund.

Motion declared carried by 2/3 majority vote at 9:09pm

Article 14: Motion was made and seconded that the Town vote to appropriate the sum of \$13,000 to replace the restroom facilities at the DPW garage including remodeling, plumbing and installation and connection of a new sewer line; and further, to authorize the Board of Selectmen to accept on behalf of the Town any and all easements necessary for the relocation of a new sewer line and that to meet this appropriation \$13,000 be transferred from the Capital Improvement Projects Stabilization Fund.

Motion declared carried by 2/3 majority vote at 9:12pm

Article 15: Motion was made and seconded that the Town vote to appropriate the sum of \$42,000 for the purchase and installation of a new emergency generator to be used by the Police Dept. as a back-up power source for its communication tower and repeater and by the Department of Public Works for its Mill Street facility; and that to meet this appropriation \$42,000 be transferred from the Capital Improvement Projects Stabilization Fund.

Motion declared carried by 2/3 majority vote at 9:15pm

Article 16: Motion was made and seconded that the Town vote to appropriate the sum of \$50,000 to be expended by the Department of Public Works to comply with new OSHA requirements, and that to meet this appropriation, \$50,000 be transferred from the Capital Improvement Projects Stabilization Fund.

Motion declared carried by 2/3 majority vote at 9:18pm

Article 17: Motion was made and seconded that the Town vote to appropriate the sum of \$105,000 for the engineering design and bidding services for the design of approximately 6,300 linear feet of 12-inch diameter water main in Point Road from the Point Road Water Tank to the intersection of Delano Road, and in Delano Road to the Great Hill Tank transmission main connection; and, that to meet this appropriation, \$105,000 be transferred from the unexpended balance of a prior year's appropriation under Article 8 of the May, 2004 Annual Town Meeting.

Motion declared carried by voice vote at 9:21pm

Article 18: Motion was made and seconded that the Town vote to raise and appropriate the sum of \$10,000 to be expended by the Harbormaster to replace existing channel markers with new, more visible markers and lights; and that to meet this appropriation, the sum of \$10,000 be transferred from the Waterways Account.

Motion declared carried by voice vote at 9:23pm

Article 19: Motion was made and seconded that the Town vote to appropriate the sum of \$40,000 to be expended by the Water Department to purchase and install three (3) additional segments of wireless control equipment for the Department's SCADA control system; and that to meet this appropriation \$40,000 be transferred from the unexpended balance of a prior year's appropriation under Article 8 of the May, 2004 Annual Town Meeting.

Motion declared carried by voice vote at 9:25pm

Article 20: Motion was made and seconded that the Town vote to raise and appropriate the sum of \$21,366 to be expended by the Council on Aging to provide a covered awning and railing system at the entrance to the Benjamin D. Cushing Community Center; and that to meet this appropriation the sum of \$21,366 be transferred from the Capital Projects Stabilization Fund.

Motion declared carried by 2/3 majority vote at 9:26pm

Article 21: Motion was made and seconded that the Town vote to appropriate from available funds in the Treasury the sum of \$42,590 to be expended by the Harbormaster to purchase a new Work Barge to be used by the Marine Dept.; and that to meet this appropriation the sum of \$42,590 be transferred from the Waterways Account.

Motion declared carried by voice vote at 9:29pm

Article 22: Motion was made and seconded that the Town vote to raise and appropriate from available funds in the Treasury (Free Cash) the sum of \$325,000 to be expended by the Fire Dept./EMS to purchase a new ambulance to replace the 2008 Ford Ambulance.

Motion declared carried by voice vote at 9:38pm

Article 23: Motion was made and seconded that the Town vote to raise and appropriate or transfer from available funds in the Treasury (Free Cash) the sum of \$30,000 to be expended by the Fire Dept. to replace the water tank on the Department's brush breaker.

Motion declared carried by voice vote at 9:39pm

Article 24: Motion was made and seconded that the Town vote to raise and appropriate or transfer from available funds in the Treasury the sum of \$102,644 to be expended by the School Dept. for wired network architecture; and that to meet this appropriation \$102,644 be transferred from the School Stabilization Fund.

Motion declared carried by 2/3 majority vote at 9:46pm

Article 25: Motion was made and seconded that the Town vote to appropriate the sum of \$420,000 to provide for the out-sourcing of the curbside collection of solid waste and recycling materials; subject to the voters' approval of an operational override under the provisions of Chapter 59, Section 21C of the General Laws.

Motion declared carried by voice vote at 10:25pm

Motion was made and seconded to adjourn the annual Town Meeting until Tuesday the 14th of May, 2019 at 6:45 PM in the Sippican School Auditorium.

Motion declared carried by voice vote at 10:26pm

The second night of the Annual Town Meeting was called to order by Moderator Brad Gordon at 6:45pm on May 14, 2019 at the Sippican School Auditorium. Tellers sworn were Donna Hemphill, Marc Bellanger and Alan Harris. The Moderator noted the presence of a quorum and reported that the Warrant for the meeting had been posted and returned in accordance with the law.

Article 26: Motion was made and seconded that the Town vote to raise and appropriate \$582,090 to provide for the purchase of one (1) new front-load rubbish packer and to purchase the related rollout carts necessary for the curbside collection of solid waste and recycling materials; subject to the voters' approval of a capital outlay exclusion under the provisions of Chapter 59, Section 21C of the General Laws.

Motion was made and seconded to pass over this article at 6:47pm

Article 27: Motion was made and seconded that the Town vote to raise and appropriate or transfer from available funds in the Treasury (Free Cash) the sum of \$48,000 to be expended by the Facilities Department to purchase a new Department work truck

Motion declared carried by voice vote at 6:52pm

Article 28: Motion was made and seconded that the Town vote to raise and appropriate or transfer from available funds in the Treasury (Free Cash) the sum of \$21,000 to be expended by the Recreation Department to purchase two (2) riding lawn mowers for field maintenance.

Motion declared carried by voice vote at 6:56pm

Article 29: Motion was made and seconded that the Town vote to raise and appropriate or transfer from available funds in the Treasury (Free Cash) the sum of \$13,000 to be expended by the Facilities Department to replace five (5) garage doors at the Silvershell Beach House.

Motion declared carried by voice vote at 6:57pm

Article 30: Motion was made and seconded that the Town vote to raise and appropriate or transfer from available funds in the Treasury (Free Cash) the sum of \$18,550 for the treatment of invasive species at the Planting Island Causeway and Sprague's Cove.

Motion declared carried by voice vote at 7:00pm

Article 31: Motion was made and seconded that the Town approve the \$2,000,000 borrowing authorized by the Old Rochester Regional School District to pay costs of designing, constructing and equipping a synthetic turf athletic field, track and auditorium renovation project including the payment of all costs incidental or related thereto. The approval of the District's borrowing by this vote shall be subject to and contingent upon an affirmative vote of the Town to exempt its allocable share of the amounts required for the payment of interest and principal on said borrowing from the limitations on taxes imposed by M.G.L. c. 59, §21C (Proposition 2 ½).

The Old Rochester Regional School Committee made a presentation to the town regarding this article.

The question was moved at 9:50pm by J. Zora, Jr. Motion declared passed by 2/3 vote

Motion declared carried by voice vote at 7:51pm

Article 32: Motion was made and seconded that the Town vote to transfer from available funds in the Treasury (Free Cash) the sum of \$100,000 to the Other Post-Employment Benefit Liability Trust Fund as established at the Annual Town Meeting of 2010 under Article 14.

Motion declared carried by voice vote at 7:54pm

Article 33: Motion was made and seconded that the Town vote to transfer from available funds in the Treasury (Free Cash) the sum of \$50,000 to the School Department Stabilization Fund.

Motion declared carried by voice vote at 7:55pm

Article 34: Motion was made and seconded that the Town vote to transfer from available funds in the Treasury (Free Cash) the sum of \$51,450 to the Capital Improvement Projects Stabilization Fund.

Motion declared carried by voice vote at 7:56pm

Article 35: Motion was made and seconded that the Town vote to act upon the recommendation of the Community Preservation Committee to appropriate from Fiscal Year 2020 estimated annual revenues, \$2,000 to the Community Preservation Committee for administrative expenses.

Motion declared carried by voice vote at 7:58pm

Article 36: Motion was made and seconded that the Town vote to act upon the recommendation of the Community Preservation Committee to appropriate from Fiscal Year 2020 estimated annual revenues, \$84,000 for the purpose of meeting the requirements of the Community Preservation Act, G.L.C. 44B, section 6, for the purposes of Open Space, Community Housing and Historic Resources, for Fiscal Year 2020 and \$194,000 to the Community Preservation Act Budgeted Reserves.

Motion declared carried by voice vote at 7:59pm

Article 37: Motion was made and seconded that the Town vote to act upon the recommendation of the Community Preservation Committee to appropriate \$15,000 from Recreation and Open Space reserves and \$253,000 from CPA undesignated fund balance for a total of \$268,000 for the extension of the Creek Road pathway southward adjacent to Point Road up to Jenna Drive.

Motion was made and seconded to move the question. Motion declared carried by 2/3 vote at 8:23pm

Motion declared carried by voice vote at 8:23pm

Article 38: Motion was made and seconded that the Town vote to act upon the recommendation of the Community Preservation Committee to appropriate \$15,000 from Recreation and Open Space reserves and \$5,000 from the CPA undesignated fund balance for a total of \$20,000 for the installation of a handicap access lift to the new game management/press box on the multi-purpose main athletic field at Old Rochester Regional School, subject to like funding by the towns of Mattapoisett and Rochester.

Motion declared carried by voice vote at 8:27pm

Article 39: Motion was made and seconded that the Town vote to act upon the recommendation of the Community Preservation Committee to appropriate \$12,500 from Historic Preservation Funds and \$47,500 from the CPA undesignated fund balance for a total of \$60,000 to be allocated and reserved for the purpose of cataloguing, organizing and ultimately digitizing the town's records.

Motion was made and seconded to move the question. Motion declared carried by 2/3 vote at 8:33pm

Motion declared carried by voice vote at 8:33pm

Article 40: Motion was made and seconded that the Town vote to act upon the recommendation of the Community Preservation Committee to appropriate \$12,500 from Historic Preservation Funds and \$787,500 from the CPA undesignated fund balance for a total of \$800,000 to be allocated and reserved for the purpose of restoring the exterior of the portion of the Marion Town House constructed in 1876, subject to a perpetual Preservation Restriction.

Motion was made and seconded to move the question. Motion declared carried by 2/3 vote at 8:43pm

Motion declared carried by voice vote at 8:43pm

Article 41: Motion was made and seconded that the Town vote to transfer the sum of \$2,000 from the Chester A. Vose Fund, said monies to be used by the Assessors for the reduction of taxes.

Motion declared carried by voice vote at 8:44pm

Article 42: Motion was made and seconded that the Town vote, pursuant to the provisions of MGL Chapter 44, §53E ½, to establish and authorize for FY2020 a revolving fund for the following purposes: Recreation Revolving Fund, for the purpose of accepting receipts from fees collected from participants in the various recreation programs. Said funds to be received by the Treasurer and credited to the said revolving fund and said funds to be dispersed by the Town Accountant to offset the costs of these programs, total expense not to exceed \$150,000.

Motion declared carried by voice vote at 8:45pm

Article 43: Motion was made and seconded that the Town vote, pursuant to the provisions of MGL Chapter 44, §53E ½, to establish and authorize for FY2020 a revolving fund for the lawful collection of monies by the Town Treasurer and the expenditure by the Marion Board of Health for all lawful purposes including, but not limited to, purchasing medical supplies and

vaccines and the provision of public health and related services within the Town of Marion, and the total expenditures shall not exceed \$17,500.

Motion declared carried by voice vote at 8:47pm

Articles 44 through 54: Motion was made and seconded that the Town meeting vote to pass over Articles 44 through 54, inclusive, of the warrant articles for the 2019 Annual Town Meeting.

Motion declared carried by voice vote at 8:47pm

Article 55: Motion was made and seconded that the Town vote to amend the Code of the Town of Marion by adding a new section entitled "Regulation of Inadequately Maintained Vacant Properties" to the General Bylaws as printed in the Warrant.

Motion to table Article 55 failed to pass the 2/3 majority vote (66 yes 49 nay)

Motion declared defeated by voice vote at 9:02pm

Article 56: Motion was made and seconded that the Town vote to convey its fee interest in a parcel of land owned by the Town by and through its Conservation Commission pursuant to its powers under MGL c. 40, §8C, said parcel located on Boat Works Lane and further identified as Parcel 41A on a Plan of Land prepared for "the Trust for Public Land" recorded in Plymouth County Registry of Deeds in Plan Book 39, Page 24, containing 17,487 square feet, and to see if the Town will vote to accept in return a fee interest in a parcel of land owned or controlled by A & J Boat Corporation, said parcel located off Point Road and further identified as Lot 17 on Marion Assessors' Map 7A, containing 4.22 acres (183,823 square feet), more or less. The parcel on Boat Works Lane conveyed by the Town to A & J. Boat Corporation shall be merged into the adjacent lot currently owned by said A. & J. Boat Corporation and shall not be a separate buildable lot.

Motion declared carried by 2/3 vote at 9:15pm

Article 57: Motion was made and seconded that the Town accept the gift of Grassy Island from Jeanette V. Speranza, made on February 3, 1999, and recorded at the Plymouth County Registry of Deeds, book 17119, page 57.

Motion declared carried by 2/3 vote at 9:16pm

Article 58: Motion was made and seconded that the Town vote to have its elected Town Clerk become an appointed Town Clerk of the Town.

Motion declared carried at 9:35pm

Article 59: Motion to see if the Town will vote to prohibit adult use marijuana establishments in the town of Marion, MA and to prohibit adult use, the sale, distribution, cultivation processing and packaging of marijuana in any form in the town of Marion, MA; or to take any other action thereon.

Motion to pass over Article 59 declared carried at 9:38pm

Article 60: Motion was made and seconded that the Town vote to authorize the Board of Selectmen or its designee to make application on behalf of the Town to the appropriate agency of the Federal or State Governments for grants in aid or other funds or to private foundations or other foundations to further carry out certain programs hereinafter listed and to expend such grants to the Town; said applications and expenditures may include, but not be limited to, the following:

- A. Emergency Management Funds
- B. Sewer system, planning and improvements
- C. Water system improvements and aquifer protection
- D. Recreation and conservation land planning, acquisition, and improvements of open space
- E. Open space acquisition

TOWN OF MARION
Special Town Meeting Minutes

October 21, 2019

The Special Town Meeting was called to order by Moderator Brad Gordon at 6:45p.m. on October 21, 2019 at the Sippican School Auditorium. Tellers sworn were Jennifer Francis and Tom Freidman. The Moderator noted the presence of a quorum and reported that the Warrant for the meeting had been posted and returned in accordance with the law.

Article 1: Motion was made and seconded that the Town vote to transfer from available funds in the Waterways Account, the sum of twenty five thousand (\$25,000) dollars to fund a Feasibility Study for a New Harbormaster Building at 1 Island Wharf Road, said funds to be expended under the direction of the Marion Board of Selectmen, or do or take any other action in relation thereto.

Motion declared carried by voice vote at 6:54pm (2 Nays)

Article 2: Motion was made and seconded that the Town vote to authorize the Marion Board of Selectmen to sell, at a sum deemed in the best interests of the Town of Marion, the land and structures located on and at Atlantis Drive, Marion, Massachusetts, as shown on Marion Assessor's Map 24, Lot 13F Units 1 and 2, containing approximately 78,410 square feet, said parcel being shown as Lot 1 on a plan recorded with the Plymouth County Registry of Deeds as Plan number 1445 of 1988, and to authorize the Board of Selectmen to impose, in the best interests of the Town of Marion and in the Board of Selectmen's judgment, any lawful restriction on the future use of said land and/or structures, or do or take any other action in relation thereto.

Motion declared carried by voice vote at 6:56pm (3 Nays)

Article 3: Motion was made and seconded that the Town vote to expend twenty eight thousand, eight hundred (\$28,800) dollars to supplement Article 20 of the 2018 Annual Town

Meeting to install epoxy floors in the apparatus room within the Marion Fire Station on Spring Street, and, that to meet this appropriation, \$28,800 to be transferred from the appropriation authorized by Annual Town Meeting 2016, Article 17, said amount to be spent for said purpose under the direction of the Marion Fire Chief, or do or take any other action in relation thereto.

Motion declared carried by voice vote at 6:59pm (unanimous)

Article 4: Motion was made and seconded that the Town vote to expend forty-four thousand five hundred and seventy three (\$44,573) dollars from the appropriations authorized by Annual Town Meeting 2014, Article 11 (\$9,676.60), Annual Town Meeting 2016, Article 17 (\$10,798), Annual Town Meeting 2017, and Article 26 (\$24,099) to purchase a new fire tanker truck, said amount to be spent for said purpose under the direction of the Marion Fire Chief, or do or take any other action in relation thereto.

Motion declared carried by voice vote at 7:05pm (unanimous)

Article 5: Motion was made and seconded that the Town vote to transfer thirty thousand four hundred (\$30,400) dollars from the Capital Stabilization Fund for the design of an emergency access/egress driveway from the Sippican Elementary School to Route 6 (Mill Street), said amount to be spent for said purpose under the direction of the Marion Board of Selectmen, or do or take any other action in relation thereto.

Motion declared carried by 2/3 voice vote at 7:17pm (6 Nays)

Article 6: Motion was made and seconded that the Town vote to accept the provisions of Massachusetts General Laws Chapter 64G, section 3A and thereafter, impose a six (6) percent local excise upon the transfer of occupancy of a room in a bed and breakfast establishment, hotel, lodging house, short-term rental or motel located within the Town of Marion pursuant to the definitions and procedures set forth in Massachusetts General Laws c.64G et seq., or do or take any other action in relation thereto.

Motion made and seconded to move the question carried by 2/3 voice vote at 7:28pm

Motion declared carried by voice vote at 7:29pm (76 Ayes, 32 Nays)

Article 7: Motion was made and seconded that the Town vote to accept the provisions of Massachusetts General Laws Chapter 64G section 3D and thereafter, impose a community impact fee of three (3) percent of the total amount of rent upon each transfer of occupancy of a professionally managed unit that is located within the Town of Marion, pursuant to the

definitions and procedures set forth in Massachusetts General Laws c.64G et seq., or do or take any other action in relation thereto.

Motion declared carried by voice vote at 7:45pm (57 Ayes, 48 Nays)

Article 8: Motion was made and seconded that the Town vote to accept the provisions of Massachusetts General Laws Chapter 64G section 3D and thereafter, impose a community impact fee of three (3) percent of the total amount of rent upon each transfer of occupancy of a short-term rental unit within the Town of Marion that is located within a two-family or three-family dwelling that includes the operator's primary residence, pursuant to the definitions and procedures set forth in Massachusetts General Laws c.64G et seq., or do or take any other action in relation thereto.

Motion declared carried by voice vote at 8:01pm (63 Ayes, 43 Nays)

Article 9: Motion was made and seconded that the Town vote to authorize the Town Administrator, under the direction of the Board of Selectmen, to take any and all necessary actions to begin the process of withdrawing the Town of Marion from the Carver, Marion Wareham Regional Refuse District established by the General Court by Chapter 360 of the Acts of 1996, said necessary actions more specifically defined in the 1973 Agreement, revised in April 1995, by and between the Towns of Carver, Marion and Wareham, or do or take any other action in this matter.

Motion declared carried by voice vote at 8:03pm (unanimous)

Article 10: Motion was made and seconded that the Town vote to rezone portions of three (3) certain parcels of land containing approximately 0.20 acres, 0.37 acres and 9.80 acres from their current zoning designation of Residence A and C to the zoning designation of General Business, said parcels located off of Front Street, Marion, Massachusetts and identified, respectively, on the Marion Assessor's Map as Map 11, Parcel 24E; Map 11, Parcel 25 and Map 11 Parcel 43 as are more fully shown on a Plan entitled "Proposed Zoning Change Exhibit Plan" prepared for Theodore Laycock and prepared by G.A.F. Engineering, August 14, 2019, scale 1"=100', or do or take any other action in relation thereto.

Motion declared carried by 2/3 majority voice vote at 8:06pm (unanimous)

Article 11: Motion was made and seconded that the Town vote to amend the Code of the Town of Marion Chapter 210 - Vehicles, Unregistered by revising the same as follows:

§ 210-1. Limitations on number of vehicles stored.

No person shall have more than ~~one~~ two unregistered cars or trucks stored outside on premises owned by him or under his control. See Table 4.2 item M.

§ 210-2. Storage in front yard prohibited.

Under no circumstances will an unregistered ~~car or truck~~ vehicle be permitted to be stored in a front yard.

§ 210-3. Violations and penalties.

Penalty for a breach hereof shall be in accordance with Chapter 1, Article I, § 1-4 of these bylaws, and each day during any portion of which a violation is permitted to exist shall constitute a separate offense.

§ 210-4. Exception.

This bylaw shall not apply to premises licensed under Chapter 140 of the General Laws.

Motion declared carried by voice vote at 8:09pm (unanimous)

Article 12: Motion was made and seconded that the Town vote to postpone this article indefinitely.

Motion declared carried by voice vote at 8:09pm (unanimous)

Article 13: Motion was made and seconded that the Town vote to amend the Code of the Town of Marion in Chapter 230, Section 2.2-Board of Appeals by revising the same as follows:

230-2.2 Board of Appeals.

A Board of Appeals shall be appointed as provided in MGL c. 40A consisting of five members for terms of ~~five~~ three years each and three associate members for terms of three years each. The term of ~~one~~ two members and one associate member will expire on May 31 of ~~each year~~ each of two successive years, one member and one associate member will expire on May 31 of the third year. When a vacancy occurs by resignation or otherwise, it shall be filled within 30 days for the unexpired term in the same manner as an original appointment.

Motion declared carried by 2/3 majority vote at 8:10pm (1 Nay)

Article 14: Motion was made and seconded that the Town vote to amend the Code of the Town of Marion in Chapter 230, Section 4.2 – Table of Principal Uses, Sub-Section A (Residential Uses) and Sub-Section B (Institutional or Exempt Uses) by revising the same as identified by the letter “N” as follows:

Principal Uses	Districts						
	R	RE	GB	LB	MB	LI	MSOD
A. Residential Uses							
Dwelling, single-family	Y	Y	Y	Y	Y	BA	N
Conversion to 2 dwelling units	BA	BA	BA	BA	BA	BA	N
Dwelling in same building as principal nonresidential use	N	N	Y	Y	N	N	N
B and B	PB	PB	PB	PB	N	N	N
Association piers	PB	N	N	N	Y	N	N
Piers, accessory	PB	N	N	N	PB	N	N
Conservation subdivision	PB	N	N	N	N	N	N
Multifamily residence (see § 230-5.3)	N	PB	N	N	N	N	N
B. Institutional or Exempt Uses							
Use of land or structure for religious purposes	Y	Y	Y	Y	Y	Y	N
Use of land or structure for educational purposes on land owned or leased by the commonwealth or any of its agencies, subdivisions or bodies politic or by a religious sect or denomination, or by a nonprofit educational corporation as allowed by MGL	Y	Y	Y	Y	Y	Y	N
Child-care facility in existing building	Y	Y	Y	Y	Y	Y	N

Motion declared carried by 2/3 majority vote at 8:11pm (unanimous)

Article 15: Motion was made and seconded that the Town vote to insert into the Code of the Town of Marion a new section in Chapter 230, Section 5.1.I to read as follows:

230-5.1.I (reserved) On corner lots, an accessory structure, including but not limited to visual screening shall comply with the requirements relating to front and side setbacks for the district which it is located. No visual screening such as fences, shrubs, or trees shall block the sight triangle of oncoming traffic as to cause a safety hazard.

- a. A fence, hedge, wall or other enclosure may be maintained on a corner lot, provided that no structure or vegetation shall be over 3.5 feet in height from the road surface within the sight triangle
- b. The “sight triangle” is defined as the area within a triangle formed by two lines measured along the center of the nearest lane or the traveled way of intersecting streets from the point of intersection for a distance of 25 feet and a third line connecting the points of the two legs. The height restrictions shall designate the distance above each point in the plane of the sight triangle.

Motion declared carried by 2/3 majority vote at 8:14pm (9 Nays)

Article 16: Motion was made and seconded that the Town vote to amend the Code of the Town of Marion in Chapter 230, Section 5.3 (Multifamily residences) by revising the same as follows:

230-5.3 Multifamily residences Residential Housing.

A. Purpose.

(1) Regulations covering multifamily housing are enacted to encourage a limited amount of rental or ownership housing in Marion at a relatively low density to facilitate affordable housing and construction needs. Such housing must be served by public sewer and water. In keeping with the community's desire to maintain Marion as a place where single-family detached homes predominate, these regulations will apply only when the Marion Town Meeting decides to designate an area or areas as Residence E, Multifamily Residence.

(2) The intent of these regulations is to encourage low-density multifamily housing designed to be compatible with the neighborhood in which it may be located. Pursuant to Article IX, Site Plan Review and Approval, all development exceeding a minimum threshold will be required to obtain site plan approval.

B. Dimensional requirements.

(1) Maximum lot coverage: 40%, the same to include the gross ground floor area of all buildings and all parking areas.

(2) Minimum usable open space. There shall be provided for each lot or building site area a minimum usable open space of not less than 40% of the lot area. Usable open space shall include all the lot area not covered by buildings, accessory buildings and/or structures, or surface parking areas. The area devoted to lawns, landscaping, ~~walks, roadways, drives and exterior recreation areas~~ shall be included as usable open space. and other exterior uses provided they are permeable shall be included as usable open space.

C. Density requirements. The maximum allowable density shall be 12 dwelling units per acre in areas served by public water and sewer. In determining whether the density rate has been complied with, all land in the development lot or parcel not reasonably suited for residential development, such as wetlands, shall be excluded.

D. A special permit from the Planning Board, in compliance with the requirements of § 230-7.2, shall be required for all residential developments greater than four dwelling units.

Motion declared carried by 2/3 majority vote at 8:15pm (unanimous)

Article 17: Motion was made and seconded that the Town vote to amend the Code of the Town of Marion in Chapter 230, Section 8.1 (Flood Hazard District) by revising the same as follows:

230-8.1 Flood Hazard District.

The intent of this bylaw is to prevent unnecessary loss of life or injury to waterfront residents, to reduce the need for rescue efforts and to prevent destruction of property by ocean water, waves and debris landward by high-wind storms.

The Floodplain/Flood Hazard District is herein established as an overlay district. The District includes all special flood hazard areas within the Town of Marion designated as Zone A, AE, AO, or VE on the Plymouth County Flood Insurance Rate Map (FIRM) issued by the Federal Emergency Management Agency (FEMA) for the administration of the National Flood Insurance Program. The map panels of the Plymouth County FIRM that are wholly or partially within the Town of Marion are panel numbers 25023C0468J, 25023C0469J, 25023C0556J, 25023C0558J, 25023C0566J, 25023C0586J, and 25023C0587J dated July 17, 2012, and panel numbers 25023C0557K, 25023C0559K, 25023C0567K, 25023C0576K, 25023C0578K, and 25023C0579K dated February 5, 2014. The exact boundaries of the District may be defined by the one-hundred-year base flood elevations shown on the FIRM and further defined by the Plymouth County Flood Insurance Study (FIS) report dated July 17, 2012. The FIRM and FIS report are incorporated herein by reference and are on file with the Marion Town Clerk.

A. In Zones A and AE, along watercourses that have not had a regulatory floodway designated, the best available federal, state, local, or other floodway data shall be used to prohibit encroachments in the floodways which would result in any increase in flood levels within the community during the occurrence of the base flood discharge.

B. All subdivision proposals must be designed to assure that:

- (1) Such proposals minimize flood damage;
- (2) All public utilities and facilities are located and constructed to minimize or eliminate flood damage; and
- (3) Adequate drainage is provided to reduce exposure to flood hazards;

(4) Base flood elevation data is required for subdivision proposals or other developments greater than 50 lots or 5 acres, whichever is the lesser, within unnumbered A zones.

C. The Floodplain District is established as an overlay district to all other districts. All development in the district, including structural and nonstructural activities, whether permitted by right or by special permit must be in compliance with Chapter 131, § 40, of the Massachusetts General Laws and with the following:

- (1)** Sections of the Massachusetts State Building Code (780 CMR) which address floodplain and coastal hazard areas;
- (2)** Wetlands Protection Regulations, Department of Environmental Protection, DEP (currently 310 CMR 10.00);
- (3)** Inland Wetlands Restriction, DEP (currently 310 CMR 13.00);
- (4)** Coastal Wetlands Restriction, DEP (currently 310 CMR 12.00);
- (5)** Minimum Requirements for the Subsurface Disposal of Sanitary Sewage, DEP (currently 310 CMR 15.00).

Any variances from the provisions and requirements of the above-referenced state regulations may only be granted in accordance with the required variance procedures of these state regulations.

D. Within riverine floodplains, the Building Commissioner or his/her designee shall notify the following of any alteration or relocation of a watercourse: 1) abutting cities and towns; 2) NFIP State Coordinator (c/o Massachusetts Department of Conservation and Recreation, 251 Causeway Street, Suite 600-700, Boston, MA 02114-2104) and the 3) NFIP Program Specialist (c/o Federal Emergency Management Agency, Region I, 99 High Street, 6th Floor, Boston, MA)

E. Specific Marion requirements:

- (1)** There shall be no new residential construction of any sort on lots completely within the Marion Velocity Zone. The only exceptions are:
 - (a)** Seawalls, piers, groins, wharves, weirs and similar structures are not prohibited by this section; and
 - (b)** Lots created before the enactment of this bylaw whose areas lie completely within the Velocity Zone may be built upon, providing the structure(s) is located as far landward of mean high water as possible.
- (2)** In the case of lots created before the date of enactment of this bylaw and with areas both in the Velocity Zone and outside the Velocity Zone, all structures built after the enactment of this bylaw shall be located in the area outside the Velocity Zone. If this area is not sufficient to allow for the required zoning setbacks, the applicant may apply for a variance to allow lesser setbacks. The only exceptions are seawalls, piers, groins, wharves, weirs and similar structures.
- (3)** Every buildable lot created after the enactment of this bylaw shall have an adequate building area, plus the required setbacks outside the Velocity Zone, and all structures shall be placed within this area. The only exceptions are: seawalls, piers, groins, wharves, weirs and similar structures.
- ~~**(4)** New construction or substantial improvements of residential structures within the special flood hazard district must have the lowest floor (including basement) elevated to or above the level of the one-hundred-year flood.~~
- ~~**(5)** New construction or substantial improvements of nonresidential building within the special flood hazard district must have the lowest floor (including basement) elevated to or above the level of the one-hundred-year flood, or together with attendant utility and sanitary facilities, be flood-proofed to meet applicable requirements up to the level of the one-hundred-year flood.~~
- ~~**(6-4)** The landward line of the Velocity Zone must be located on the official lot plan by a licensed surveyor and registered with the plan at the Massachusetts Registry of Deeds.~~

(7-5) Any use otherwise permitted or authorized by special permit in the district underlying the Flood Hazard District shall likewise be permitted or authorized by special permit in the Flood Hazard District subject to the special provisions of this section.

F. Any use otherwise permitted or authorized by special permit in the district underlying the Flood Hazard District shall likewise be permitted or authorized by special permit in the Flood Hazard District subject to the special provisions of this section.

Motion declared carried by 2/3 majority voice vote at 8:16pm (1 Nay)

Article 18: Motion was made and seconded that the Town vote to amend the Code of the Town of Marion in Chapter 230, Section 8.2 (Water Supply Protection District) by revising the same as follows:

§ 230-8.2. Water Supply Protection District.

The purpose of the Water Supply and Aquifer Protection Districts is to promote the health, safety, and general welfare of the Town to protect, preserve, and maintain the existing and potential well sites and groundwater supply and watershed areas for the public health and safety; to preserve and maintain the existing and potential groundwater supply and ground water recharge areas within the Town for the public health and safety; to preserve and protect the streams, brooks, rills, marshes, swamps, bogs and other water bodies and watercourses in the Town; to protect the community from the detrimental use and development of land and water within the district; to preserve and protect the groundwater and water recharge areas within the Town; and to prevent blight and pollution of the environment.

A. District area (see Article III). [Amended 6-18-1990 STM by Art. 3]

- (1) There is hereby established within the Town an aquifer protection area district which is delineated on the Zoning Map of the Town of Marion, dated May 12, 2014. [Amended 5-12-2014 ATM by Art. 39]
- (2) Except as specifically provided otherwise, this section applies to the Water Supply and Aquifer Protection Districts hereby established. The Water Supply and Aquifer Protection Districts are superimposed on existing zoning districts. All uses, dimensional requirements, and other provisions of the bylaw applicable to such underlying districts shall remain in force and effect, except where the restrictions and requirements of the overlay district are more restrictive, the latter shall prevail.
- (3) ~~The purpose of the Water Supply and Aquifer Protection Districts is to promote the health, safety, and general welfare of the Town to protect, preserve, and maintain the existing and potential well sites and groundwater supply and watershed areas for the public health and safety; to preserve and maintain the existing and potential groundwater supply and ground water recharge areas within the Town for the public health and safety; to preserve and protect the streams, brooks, rills, marshes, swamps, bogs and other water bodies and watercourses in the Town; to protect the community from the detrimental use and development of land and water within the district; to preserve and protect the groundwater and water recharge areas within the Town; and to prevent blight and pollution of the environment.~~

- B. Permitted uses. [Amended 6-18-1990 STM by Art. 3]
- (1) Within the Aquifer Protection District the only uses allowed are as follows:
 - (a) A single-family residence and uses accessory thereto connected to the municipal sewer prior to occupancy, providing all excavation and grading shall maintain a depth of at least four feet of clean fill above the high water table.
 - (b) A single-family residence and uses accessory thereto located on a lot not less than one acre in area, providing all excavation and grading shall maintain a depth of at least four feet of clean fill above the high water table.
 - (2) Within the Water Supply Protection District the requirements of the underlying districts continue to apply, except that uses listed in Subsection C are prohibited and all uses other than single-family residences and uses accessory thereto shall require a special permit pursuant to Subsection D.
- C. Prohibited uses. The following are prohibited as a principal or an accessory use in a Water Supply Protection District. Where lawfully existing, such uses may be continued but not expanded, added to, or enlarged:
- (1) Outdoor storage of salt, snow-melting chemicals, pesticides, herbicides, hazardous wastes or chemicals, and materials containing or coated with such chemicals susceptible to being carried into the surface or ground waters within the Water Supply Protection District.
 - (2) Junkyards, salvage yards, open and landfill dumps, manufacture of pesticides, fertilizers, weed killers and herbicides, and commercial facilities for the storage or treatment of hazardous waste.
 - (3) Disposal of hazardous toxic materials (as defined by federal and state regulations), solid waste, or hazardous toxic wastewater through an on-site subsurface disposal system.
- D. Uses by special permit. [Amended 6-18-1990 STM by Art. 3]
- (1) All principal or accessory uses, other than those permitted in Subsection B, which are authorized in the underlying district and which are not otherwise prohibited by Subsection C, are permitted in a Water Supply Protection District upon issuance of a special permit by the Board of Selectmen, which shall consider the reports and recommendations of the Board of Health, Planning Board, and Conservation Commission.
 - (2) The Board of Selectmen may waive all or part of the submission requirements upon the submission of evidence by the applicant that the surface or groundwater drainage from the applicant's site is not contributory to a municipal well field.
 - (3) Submittals. The following information shall be submitted when applying for a special permit within the Water Supply Protection District:
 - (a) A complete list of all chemicals, pesticides, fuels, and other potentially toxic or hazardous material to be used and stored in quantities greater than those associated with normal household use, accompanied by a description of measures proposed to protect them from vandalism, corrosion, and leakage and to provide for spill prevention and countermeasures.
 - (b) A description of potentially toxic or hazardous wastes to be generated, indicating storage and disposal method.
 - (c) For underground storage of toxic and hazardous materials, evidence of qualified professional supervision of system design and installation.

- (4) Review and approval considerations.
- (a) Special permits shall be granted only if the Board of Selectmen determined that at the boundaries of the premises the groundwater quality resulting from the on-site waste disposal, other on-site operations, natural recharge, and background water quality will not fall below the standards established by the DEP in "Drinking Water Standards of Massachusetts" or, for parameters where no standard exists, below standards established by the Board of Health, and wherever existing groundwater is already below those standards, upon determination that the proposed activity will result in no further degradation.
 - (b) A special permit issued by the Board of Selectmen shall be conditioned upon the following additional limitations to protect the water supply:
 - [1] Safeguards. Provisions shall be made to protect against toxic or hazardous materials discharged or lost through corrosion, accidental damage, spillage or vandalism through such measures as provision for spill control in the vicinity of chemical or fuel delivery points, secure storage areas for toxic or hazardous materials, and indoor storage provision for corrodible or dissolvable materials.
 - [2] Location. Where the premises are partially outside the Water Supply Protection District, such potential pollution sources as on-site waste disposal systems shall, to the degree feasible, be located outside the district.
 - [3] Disposal. For any toxic or hazardous wastes to be produced in quantities greater than those associated with normal household use, the applicant must demonstrate the availability and feasibility of disposal methods which are in conformance with MGL c. 21C.
 - [4] Drainage. All runoff from impervious surfaces shall be recharged on the site, diverted towards areas covered with vegetation for surface infiltration to the extent possible. Dry wells shall be used only where other methods are infeasible and shall be preceded by oil, grease, and sediment traps to facilitate removal of contamination.
 - [5] Monitor test wells. Where fertilizers, pesticides, herbicides or other potential contaminants are to be applied, utilized or stored, and in the opinion of the Board of Selectmen are a matter of concern, a groundwater monitoring program shall be established before the special permit is granted. Such a program shall adequately monitor the quality of the groundwater leaving the site through the use of monitor wells and/or appropriate groundwater sample analysis.
 - [6] Natural vegetation. Not more than 50% of natural vegetation, existing as of the effective date (June 18, 1990) of the adoption of this amendment to the bylaw on any lot, may be disturbed in any underlying district. However, to the extent that there is a finding that surface or groundwater drainage activity from the applicant's proposed use or activity on the site has decreasing, minimal or no impact on the municipal well field, the Board of Selectmen may relax the requirements of the preceding sentence, but in no event to a standard which is less restrictive than that set forth in the "minimum usable open space" paragraph of § 230-5.3B(2).
 - [7] Technical reference. The Board of Selectmen and applicants shall use the following technical reference in the preparation and review of plans under this section: 310 CMR 22.00

(5) Additional rules and regulations. The Board of Selectmen may adopt additional rules and regulations relative to the issuance of a special permit under this section. Such rules shall consider, but need not be limited to, requirements to control causes of pollution to underground surface water.

Motion declared carried by 2/3 majority voice vote at 8:17pm (1 Nay)

Article 19: Motion was made and seconded that the Town vote to amend the Code of the Town of Marion in Chapter 230, Section 8.5 (Surface Water District) by revising the same as follows:

230-8.5 Surface Water District.

A. Purpose.

(1) The purpose of this section is to provide municipal control of the use of coastal water areas which are not within any of the Town's land use zoning districts in order to protect and enhance the natural and man-made environmental qualities of the Town of Marion, encourage water-dependent uses where appropriate, and preclude uses which could evolve because other Town, state or federal laws and regulations do not provide sufficient protection of the public interest.

(2) All areas within the Surface Water District shall also be subject to the rules and regulations as are from time to time issued by the Marine Resources Commission or the Harbormaster in support of the authority granted under MGL c. 91 and further subject to any special bylaws as may be adopted by the Town, and further subject to the granting of licenses and/or permits required by the Town, state or federal boards or agencies exercising authority granted to them by laws other than MGL c. 40A.

(3) All traditional uses of the surface waters for recreational and commercial purposes shall be permitted except as otherwise set forth herein.

B. District boundaries. The district defined by these regulations shall cover all water areas within the municipal limits of the Town of Marion seaward of the low water mark as said mark is defined in Chapter 91 Regulations promulgated by the Massachusetts Department of Environmental Protection.

C. Prohibited uses. The following uses shall not be allowed within the Surface Water District:

(1) Boatels and similar facilities offering temporary sleeping and/or eating accommodations.

(2) Residential uses, except that a vessel equipped with a Type 3 holding tank or other Coast-Guard-approved wastewater device, and anchored or moored in accordance with applicable Town mooring regulations, may be used for human habitation for a period which cumulatively shall not exceed nine months within any calendar year.

(3) Floating office, industrial, and commercial uses except as they may be accessory to and allowed by special permit under § **230-8.5D**.

D. Special permit uses.

(1) The Planning Board shall be the special permit granting authority. The following uses may be allowed within the Surface Water District only by special permit from the Planning Board:

(a) Boat launching ramps.

(b) Landing facilities.

(c) Marinas water-dependent, as defined by MGL c. 91, § 1.

- (d) piers, commercial.
- (e) Service facilities for the repair or maintenance of vessels.
- (f) Underwater sewer, water and electrical lines and pipes.
- (2) The following uses may be allowed in both the Surface Water District and an adjoining residential land use district by special permit from the Planning Board:
 - (a) Association piers subject to the provisions of § ~~230-7.4F~~**D**.
 - (b) Accessory use piers subject to the provisions of § ~~230-7.4E~~**C**.
- E. Special permit review procedure.** Special permits shall be granted only after the Planning Board:
 - (1) Reviews the written recommendations of the Marine Resources Commission, Harbormaster, Selectmen, Board of Health, and Conservation Commission. Upon receipt of the special permit application, the Planning Board shall forward a copy of the application to each of the above-named authorities for comment. Failure of any of the above-named authorities to submit written recommendations to the Planning Board within 35 days of the initial filing of the special permit application shall be deemed a favorable recommendation of said authority. If the Planning Board allows or denies a use which is contrary to the recommendations of the Marine Resources Commission, the Planning Board shall so state its reasons in writing when making the decision.
 - (2) Determines that the proposed use is consistent with the provisions of the Marine Land Use Plan or Master Plan and the Open Space Plan as they are from time to time adopted and amended.
 - (3) Determines that the proposed use is consistent with any Town of Marion Harbor Plan.
 - (4) Determines that the proposed use is a water-dependent use, meaning those uses and facilities which require direct access to or locations in marine or tidal waters and which therefore cannot be located inland (ref. MGL c. 91, Waterways Law).
 - (5) Determines that the landward facilities, such as parking and access ways, will not constitute an adverse influence on adjoining properties.

Motion declared carried by 2/3 majority voice vote at 8:18pm (unanimous)

Article 20: Motion was made and seconded that the Town vote to amend the Code of the Town of Marion in Chapter 230, Section 9.1 (Applicability; minor and major site plan review) by revising the same as follows:

230-9.1. Applicability; minor and major site plan review. [Amended 6-18-1990 STM by Art. 15; 3-10-1997 STM by Art. S12]

- A. No permit to build, alter or expand any nonresidential building, structure or use of land in any district where such construction shall exceed a total gross floor areas of 500 square feet or require changes or alterations to a parking area shall be issued by the Building Commissioner until he or she shall have received from the Planning Board a written statement of site plan approval by the Planning Board in accordance with the provisions of this section. A building wholly or partially

destroyed may be rebuilt without recourse to this section if rebuilt without change to the building footprint or the square footage of usable space.

- (1) Pursuant to the provisions of § 230-2.1, all new uses and changes of use require a use permit issued by the Building Commissioner.
 - (2) The Building Commissioner shall enforce the fulfillment of any conditions which the Planning Board may impose. This section shall not include signs or normal maintenance.
- B. Minor site plan review. Applications for permits to build, alter or expand any nonresidential building, structure or use in any district where such construction will exceed a total gross floor area of 500 square feet but not exceed a total gross floor area of 2,000 square feet, or will not generate the need for more than 10 parking spaces, shall require minor site plan review. For the purposes of computing the total gross floor area, the Planning Board shall aggregate all such applications made within the five previous calendar years. The following information shall constitute the submittal of a minor site plan for review:
- (1) All of the information set forth in § 230-9.11A; provided, however, that the scale of the site plan may be one inch equals 80 feet; the plan may depict topographical contours at intervals available on maps provided by the United States Geological Survey, and the plan need not provide the information set forth in Subsection A(1) ~~A(1)(k)~~ of said section.
 - (2) All of the information set forth in § 230-9.11B.
 - (3) Such additional information as the Board shall require to determine compliance with the standards set forth in § 230-9.4.
- C. Major site plan review. Applications for permits to build, alter, or expand any nonresidential building, structure or use in any district where such construction will exceed a total gross floor area of 2,000 square feet, or generate the need for more than 10 parking spaces, shall require major site plan review. For the purposes of computing the total gross floor area, the Planning Board shall aggregate all such applications made within the five previous calendar years. The following information shall constitute the submittal of a major site plan for review: all of the information set forth in §§ 230-9.4 and 230-9.11 in their entirety and §§ 230-9.6 and 230-9.12, if applicable.

Motion declared carried by 2/3 majority vote at 8:19pm (unanimous)

Article 21: Motion was made and seconded that the Town vote to pass over this article.

Motion declared carried by 2/3 majority voice vote at 8.23pm

Article 22: Motion was made and seconded that the Town vote to amend the Code of the Town of Marion in Chapter 230, Section 16.4 (Roof Mounted Systems) by revising the same as follows:

230-16.4. Roof-mounted systems.

- A. Roof-mounted systems may be installed in all zoning districts by an applicant, requiring only that a building permit has been issued by the Marion Building Commissioner and that the system conforms to the Marion Zoning Bylaw and to Subsections B, C and D below.
- B. Within , roof-mounted Systems shall conform to existing roof contours, extending not more than 12 inches above roof surfaces. Roof-mounted Systems shall be set back a minimum of eight inches from all roof edges (eaves, gutter line, ridge) of the roof surface and 24 inches from adjacent roof

or abutting roof or walls of adjoining property. All residential flat roof systems shall conform to requirements of § 230-16.3E.

- C. Flat roof mounted systems shall have a four-foot setback from the edge of the building perimeter. Screening on the roof is not a requirement.
- D. In nonresidential districts, roof-mounted solar panels as part of the system may be installed at angles of up to 50° from the horizontal on flat roofs (defined as having a roof pitch less than two inches per foot). The topmost points of the solar panels shall not exceed a total height of four feet above the roof surface. On a pitched roof system (roof pitch equal or greater than two inches per foot), the topmost point of the solar panel shall not exceed two feet measured perpendicular to the roof surface. Systems shall be set back from building edge a minimum of four feet. All these systems are considered to be building-mounted mechanical systems and shall meet all requirements thereof. All flat roof systems shall conform to requirements of Subsection C above.

Motion declared carried by 2/3 majority voice vote at 9:38pm

Meeting adjourned at 8:24pm

Respectfully submitted by:

Elizabeth L.N. Magauran, Town Clerk

Report of the TOWN CLERK

To the Honorable Selectmen:

At the close of the census, it was announced that the figures for the 2019 census were as follows: Total year round population of those **16 and older** as of October 25, 2019 **4478**. The year round population does not include “inactive” voters or seasonal residents.

<i>Inactive Voters</i>	<i>133</i>
<i>Seasonal Residents</i>	<i>851</i>

The following are (year round) population figures reported over the last five years. These include under 16 as well.

<i>Year</i>	<i>Population</i>
2014	5236
2015	5116
2016	4753
2017	5068
2018	5169

Voter Registration

As of October 25, 2019: Total **4033** (Active: 3900 Inactive: 133)
